

Local and Personal

The city is making money at the city auto camp these days, which will aid in getting back some of the \$2000 or more which is being spent by the municipality in improving the grounds. Sixteen cars of tourists spent the night at the camp last night, fifteen cars were guests Monday night and fourteen cars on Sunday night. At fifty cents a car charged this makes 45 cars at the camp this week so far at fifty cents a car, bringing in a total of \$22.50. And the auto tourist season is just beginning, or rather it is not started yet. Hence it can be seen that by the time the season closes late next fall the city will have taken in a substantial sum at the auto camp.

After Effect of Flu Is Entirely Overcome

He Gained 35 Pounds and Health Fully Restored by Tanlac, Declares Jorgenson. Never Felt Better.

"I never thought it possible for anything to give me such quick and lasting results as Tanlac has," recently said John F. Jorgenson, 1109 E. 15th St. N., Portland, Ore. "Several years ago an attack of the flu left me all run-down and weak as a baby. Nothing tasted right, and it was almost impossible for me to eat anything. For days at a time a little milk and crackers was all I could stand, and even that had to be forced. I had lost between thirty-five and forty pounds, and after I had been out of bed more than a month and didn't feel any better, why I began to get uneasy. I was actually too weak to bring a scuttle of coal up from the basement, and it looked like I was never going to get any better.

"It was a lucky day for me when I got Tanlac for that's when my improvement began. I was back at work after taking three bottles, but I took seven bottles all told, and by that time had gained thirty-five pounds and never felt better in my life. I have enjoyed splendid health ever since, and there's nothing too good I can say for Tanlac."

Tanlac is for sale by all good druggists. Take no substitute. Over 35 million bottles sold.
