RACING WITH SPEED COPS IS EXPENSIVE, 7 SPEEDERS FINED

Speeders beware! The "keen eyed" law enforcers of Jackson county turned out in full force Saturday and Sunday on pleasure and business and while motoring peacefully along the highways were challenged to numerous races each and all of which ended in the challengers being fined from \$10 to \$25 before Justice Glenn O. Taylor. The moral is: Be careful with whom you pick a race.

B. A. Johnson pleaded guilty and was fined \$10. The arrest was made by county officer Ingram.

W. Maddox and Drew Maddox of California, driving a National and a Chandler from California to Eastern Oregon picked a race with S. B. Sandefer, county constable and special prohibition officer, and were fined \$10 each after pleading guilty.

Herbert Carter and R. C. Salton of Grants Pass didn't provoke the law by trying to race with a speed cop, but were just having a friendly little speed tryout on the Pacific Highway between Gold Hill and Rogue River when county officer Ingram arrested them. It cost them \$25 each.

P. W. Whitman, Jr., of Ashland had the sagacity to pass Sheriff Charles Terrill on the highway at an unlawful rate of speed and was assessed \$15. You can't tell who the fellow in behind you is nowadays.

Carlson to fight Ritchie, Gold Hill. 15.

Upon the request of scores of fight fans in this section Martin Bowers has arranged for a six-round scrap between Johnny Carlson and Battling Ritchie. This will be the last opportunity fans here will have to see both of these boys for some time as Johnny will leave soon for Spokane and Ritchie will fight in Portland the 14th of this month. It is Mr. Bowers' intention to make this fight the only feature of a short card, which will be held Friday evening at the Gold Hill Pavilion.

While there is much doubt as to the outcome of this tilt, Gold Hill fans are backing their favorite, Johnny Carlson, to the limit and claim he will show Ritchie some new angles of the fight game before he scraps next Monday in Portland. A large side bet will assure those who attend a mighty good bout.

ALL-NIGHT DANCING MARKS BETHOTHAL OF AN INDIAN GIRL

WASHINGTON, April.—The modern "society" flapper, with her coming out party has nothing on the American Indian maiden, whose marriage-announcement party has been among the tribal customs from time immemorial.

Among the Washoe Indians of Nevada there is a dance or ceremony known as "The girl's dance," in honor of the young girl who becomes eligible for marriage. Her white cousin, however, would hardly care to be the star of such a feast, for the guest of honor is allowed to eat nothing at all for four days previous.

On the fourth night the dance starts, at about eight o'clock and continues until sunrise the following morning. The Indians form a circle, joining hands and move by short side-steps in a ring, humming a sort of chant without words or meaning. The girl, accompanied by an elder woman as a sort of chaperone, and carrying a long staff to support her because of the weakness induced by her long fast, weaves in and out of the dance, joining in the step.

As the dance proceeds late into the night the girl's family give money and other possessions to the dancers to keep them moving and to induce others to join in. The greater the number of dancers the greater the popularity of the family. Shortly after midnight a feast is given by the girl's relatives, and all participate.

The ceremony closes at sunrise when the girl is taken to her teepee and attired in bunches of sagebrush in which money is concealed. She appears before the assembled dancers outside and throws the money to them, amid a wild scramble. A can of water is then dashed over her head as the concluding ceremony, after which she is ready to receive a proposal of marriage.

Benefits of Tanlac Last, Says Anderson

Declares Famous Medicine Ended Stomach Trouble Two Years Ago and Has Felt Fine Ever Since.

"Swan Anderson, 243 East 43rd St., Portland, Oregon, is another who has realized both immediate and lasting benefits from the Tanlac treatment. In relating his experience, Mr. Anderson said:

"Tanlac did me a world of good two years ago and I still feel its

splendid effects. For a long time I had been in a run-down condition and my stomach was all out of order. I had a poor appetite, bad digestion, and what I did eat seemed to do me very little good. My kidneys were out of order, too, and I suffered from a dull pain across the small of my back.

"Tanlac proved to be just what I needed and a few bottles did away with my disabilities and left me with a good appetite, plenty of new life and energy and feeling like myself again in every way."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold. Adv.
