

GOVERNOR HART ASKS BOYCOTT OF AUTOMATIC GUN

NEW YORK, May 10.—Governor Louis F. Hart of Washington, at the behest of the Field and Stream magazine, which publication is conducting a campaign to suppress the use of the automatic shotgun, issued an appeal to sportsmen of the state of Washington to have their automatic shotguns altered to limit the firing capacity to two shells, in the interest of unselfishness, good sportsmanship and the preservation of game birds for the future.

Governor Hart states, "I do not believe that the average sportsman kills simply for the greatest number of birds he can get in the shortest possible time. If he does he is not entitled to be called a sportsman. It is a fact thoroughly proved that the automatic shotgun will take double the toll of game birds from each covey or flock that could be taken with a double-barrel gun. The first shot from the automatic are fired at close range and three, four or five birds are bagged. But the firing continues at longer range and results only in the crippling of other birds which are not recovered by the hunter but which die a slow death.

"I agree with sportsmen's publications (referring to Field and Stream's campaign) which have opened a campaign against the use of the automatic shotgun. They are appealing to the sportsmen themselves, in the interest of the sport, to voluntarily give up the use of this slaughter-gun and return to the double-barrel or two-shot type which at least gives the game bird a sporting chance. I sincerely hope that in the state of Washington the sportsmen's associations and the sportsmen themselves will join heartily in the campaign, and return game-bird shooting to the high plane in the field of sport that it occupied before the automatic shotgun came."

Eltinge F. Warner, nationally known sports authority and publisher of Field and Stream, states that hunting clubs, conservation associations and thousands of true sportsmen throughout the United States have appealed to him to conduct this campaign. They claim the automatic shotgun, of which thousands are manufactured, is one of the biggest factors in the disappearance of feathered game.

THINK T. GIBBONS WILL BE FAVORITE IN DEMPSEY FIGHT

GREAT FALLS, Mont., May 10.—Construction work on an arena for the championship bout at Shelby, July 4, between Jack Dempsey, heavyweight title holder and Tom Gibbons, St. Paul challenger, will be completed in twenty days, Mike Collins announced last night after arriving at Shelby from Chicago.

The Shelby commercial club will arrange sleeping and eating accommodations.

Loy J. Molmby, state commander of the American Legion returned to Great Falls last night after being the principal promoter at Chicago, where the papers were signed. Molmby stated that a score or more of special trains already are being arranged for eastern cities and that he believed the attendance would exceed that at the Dempsey-Carpentier fight in Jersey City two years ago.

Molmby predicted that Gibbons would be the favorite over Dempsey in the Shelby fight. He based his opinion, he said on expressions generally made in the east by fight followers.

Johnson-Willard Go Saturday

NEW YORK, May 10.—Speed will be Floyd Johnson's answer Saturday to Jess Willard's bulk and hitting power when the pair clash in a fifteen round match on the milk fund program at the Yankee stadium. Johnson's training program has been largely devoted to developing foot work.

The young westerner gained his present place in the heavyweight spotlight chiefly by his defeat of the veteran trial horse, Bill Brennan.

Thye and Miller Win

Giants Lose 6th Game

CHICAGO, May 10.—(By Associated Press). The Philadelphia Athletics lost a chance to step on the heels of Cleveland and Detroit in the American league yesterday by losing to the St. Louis Browns, while freakish weather kept the Yankees, Indians and Tigers idle, in addition to all the second division clubs except the Browns. St. Louis won 10 to 5.

The cold snap prevented continuation of the series between the Yanks and Indians at Cleveland.

The Chicago Cubs defeated the world champion New York Giants, coming from behind to take the sixth game that McGraw's men have lost this year. The score was 9 to 6.

St. Louis advanced within half a game of second place by battering four Quaker fingers for thirteen hits, to win, 9 to 7.

The defeat gave Philadelphia sole occupancy of the National league cellar, the Brooklyn Robins advancing half a game through idleness.

Rain prevented the Brooklyn-Pittsburg and Cincinnati-Boston games.

Harold Janvin, the former shortstop of the Red Sox, Senators, Cardinals and Dodgers, has been purchased by the Indianapolis club of the American association from Seattle. Janvin automatically became a free agent last year after ten years of service in the major leagues.

Charley Hollocher, captain and star shortstop of the Chicago Cubs, reported to Manager Killifer in New York. Holly has recovered from his illness.

Cy Williams, the Phillies' elongated outfielder, increased his lead in home runs by crashing out number nine. His namesake on the Browns has seven.

CARLSON-RITCHIE BATTLE PROMISES TO BE A HOT ONE

Because of the interest shown locally in the six-round fight between Johnny Carlson and Battling Ritchie scheduled for the Gold Hill pavilion tomorrow night, a large crowd of fans is anticipated by Martin Bowers, who is promoting the bout. Insofar that this will afford the last opportunity for local people to see these boys perform here for some time there will undoubtedly be a large attendance.

Johnny Carlson, who is in fine trim for tomorrow's mix, expects to leave soon after this fight for Spokane, where he will participate in several fight cards. Battling Ritchie is slated for several fights in Portland, the first being on the 15th of this month. Gold Hill people are backing Johnny to the limit and it is understood that a generous side bet has been raised to insure the interest of the fight. This one event will be the only feature of tomorrow evening's card, but it should be well worth the money, according to predictions.

At the Rialto

"The Kingdom Within," now playing at the Rialto theatre is a picture which will be thoroughly enjoyed by the whole family. The story takes place in the little western town of Alden, in the shadow of the giant redwoods. The sturdy old oak, Caleb Deming, is terribly disappointed in his son, Amos, who was born a cripple. How Amos overcomes his handicap and rises from a puny weakling to a man among men, makes a screen drama that will grip you from start to finish. Gaston Glass, who played in "Humoresque," takes the role of Amos. Other members of the cast are Russell Simpson, G. Walt Covington, Ernest Torrence and cute little Marion Feducha.

"The Flirt," Page

"The Flirt," the great screen portrayal of Booth Tarkington's famous novel, had its first showing at the Page yesterday. "The Flirt" has been widely heralded in the press and in photography magazines as an attraction well worth seeing. Its reception by Medford yesterday satisfied any doubt regarding the authenticity of claims of the picture's excellence.

A story of life, finely done as only Tarkington is able, "The Flirt" reveals the average American family on the screen in a manner overwhelmingly true.

Eileen Percy plays the part of "the flirt," lives the role of the vivacious, beautiful and bewitching daughter of the Madison household—who is just as selfish, conceited and lazy as she is attractive. She lives the part of the family tyrant whose position remains unquestioned save in the mind of Hedrick Madison, "kid" brother, who wishes Cora was "his daughter for just five minutes."

As Laura Madison, Cora's drudging sister, Helen Jerome Eddy has a classic in character portrayal.

Betty Brown offers an unusually fine interpretation of the picture. The Pathe News and Century Comedy also proved a popular number at yesterday's performances.
