The city treasury will begin to bulge if it has a few more days like today. Last night a young woman and a whole flock of young men were creating a disturbance in various parts of town. Residents sent out calls for the police and finally nine boys, whose ages ranged from 16 to 18 years were apprehended. The girl was said to be somewhat the worse for wear because of an over-indulgence in the moonshine of the bottled variety. This morning the girl was assessed a fine of \$50 in police court and this afternoon the nine boys were each fined \$10 for disorderly conduct. The driver's license was taken away from the girl for six months.—Grants Pass Courier.

Walter Bowne's special roadster which has recently come out of the paint shop has caused considerable interest and comment wherever seen. The car is a 1912 Stearns-Knight with a sleeve valve motor which has seen eighty thousand miles of service and has consistently improved with use, according to Mr. Bowne. It is a rather unusual car, the motor and transmission being Stearns-Knight accompanied by a Cadillac rear axle, a Timken front axle, Studebaker rear springs, Willys-Knight head lamps, Buick Sport fenders, Oldsmobile ignition switch and a "27-8 Petry cutout, the largest in town." When the motor was overhauled not a single new part was put in, even the bearings being merely tightened, according to Bowne. The special work on the car has been done entirely in Medford, C. E. Collins body works making top and body, E. O. Bradley doing the paint job and the mechanics at the Busy Corner Motor company doing all the work of alteration on the chassis.

R. L. Kaufman, 343 N. Grape St., Medford, says: "I know the value of Doan's Kidney Pills, as I have used them off and on for years with good results. At times my kidneys were disordered, due to a cold setting on them and my back was lame and ached severely. My kidneys acted irregularly at these times, too, but Doan's Kidney Pills have always relieved these troubles and put my kidneys in good condition."
