MRS. ELIZABETH ZANDER

Reap the Reward of Perfect Health

Salem, Ore.—"Thru heavy lifting I developed a severe case of feminine weakness. I suffered with backaches and bearing pains. I got so weak I could not do any work. I would get very severe dizzy spells and the least excitement I would faint dead away. I was so nervous I could not stand any noise, could not sleep, and had very little appetite. I went down in weight from 118 pounds to 96. I was a physical wreck when I began taking Dr. Pierce's Favorite Prescription but thru the persistent use of this wonderful woman's medicine I was completely relieved of my ailment and restored to perfect health. I gained in weight and never felt better than after taking the Favorite Prescription."—Mrs. Elizabeth Zander, 1379 Norway St.

of the auto dealer of today has resorted to the benefit of buyers of used cars, who now do not need to take the risk of disappointment, as was often the case in the earlier days of the automobile.

USED CAR SALE AT PATTON-ROBINSON

"An interesting indication of the evolution of automobile merchandising is reflected in the fact that today every element of safety surrounds the purchase of good used automobiles from established dealers," asserted Patton & Robinson, Inc., which firm is conducting an unusual used car sale at their salesrooms Thursday, Friday and Saturday of this week.

"The used car is just as much a part of the stock of the auto dealer as his new cars, his tires, accessories or parts. A large percentage of new car sales involve the acceptance of good used cars, and in many cases dealers overhaul the cars, and in any event make certain that they will deliver satisfactory transportation to the buyers."

"Aside from the ability of the good used car to deliver thousands of miles of travel, the best inducement the established dealer can offer the prospective buyer of a used car is perfect contentment with his investment, for he looks forward to the time when this customer may wish to buy another car."

"This progressiveness on the part

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.
