New Location!

I am now located in the Medynski Building on South Central.

I have been in the real estate business in Jackson County for the past fourteen years, averaging about 1500 miles per month over the valley. I believe that Jackson County affords unmatched opportunity for the man looking for small acreage.

I believe that soon canneries, evaporating and pickling plants will locate here to take care of vegetables, berries and other fruits. There is no place on the Pacific Coast better for poultry than Jackson County. Then along with this assured living a man can develop a few acres of pears that will bring independence in a few years.

No business or professional man can serve Jackson County better than by developing a two or five-acre tract in some desirable subdivision under one of our irrigation projects. Develop it and pass it along if you don't want to keep it. The settler coming here will take it from you at a fair profit.

Anyone with \$100.00 capital and an inclination to "dig in" can make it in Jackson County. Talk it over with us.
