CENTRAL POINT LOSES TO ROGUE RIVER, 4 TO 7

CENTRAL POINT, Nov. 16.—The "big game of the season" was played last Friday afternoon on the school grounds with Rogue River. As a result Central Point was unable to annex the honors as far as the score goes. However, the local eleven made a very good showing, and the score, seven to four, was a decided improvement over the previous one, nine to five. Throughout the game the local team played their best, each individual player working with the other, reflecting the efficient coaching that they had received. The team will meet Talent today and perhaps this will be the last game of the season, as far as games with other teams are considered. The line up of the Central Point High school football team includes all of the following: Everett Faber, Roy Weaver, Sterling Richmond, Carl Boswell, Dwight Brown, as forwards, Trinnan Brenner, Orval Shores, Don Ross, Coy Brown as full and half backs respectively, and Gordon Atchley as goal keeper.

The first number of the Lyceum course, to be given this year, was presented last Tuesday before a large audience in the P. and E. theater by "Leake's orchestra," consisting of four persons. Each and every one of the group was a very talented musician, playing either on xylophone, violin, saxophone, flute or clarinet. At the beginning of the concert, Prof. Ray Henderson introduced the quartet and gave a short address, about the course to be given this year.

The concert consisted of classical and popular numbers, all of which were remarkably well played.

Many Central Pointers were present to witness the Medford-Ashland football game played at Medford, November 12, the popular sentiment of these was that it was a very good game.

But death called him to rest ere she had been there but a few hours. He leaves to mourn his loss his wife, and daughter, mother, and

Getting Full Value For Your Money

Women are watching prices more closely now than ever, determined to get full value for their money and there are some things on which the prices have not advanced.

One well-known advertised brand of baking powder is being sold by all the principal grocers throughout the country at "25 ounces for 25c"—same price for over 30 years. The fact that K C Baking Powder has been on the market for so many years and that the demand for it has been growing constantly during all that time is a good indication that it is a high quality product. The manufacturers advertise "you use less than of higher priced brands." Every can carries with it the manufacturer's guarantee of satisfaction or purchase price refunded.

Through their advertising the manufacturers of K C are telling the readers of Medford of the merits of their product.

PICNIC LUNCH AT ROGUE RIVER IS GREAT SUCCESS

ROGUE RIVER, Nov. 16.—One of the most pleasing events of the season was an innovation in the way of a picnic lunch put on at the community hall, Sunday night under the leadership of Rev. Wm. Lee Gray. The people of the community assembled at 5:30 p. m., brought their lunches, combined them, and when all was spread it looked more like a banquet than a luncheon. The Camp Fire Girls served coffee and during lunch and afterwards a fine program of music, reading and speaking was enjoyed by all present. Margaret Gray opened the program with a well executed piano solo entitled "The Eternal March." The ladies quartet, consisting of Misses Evelyn Carstens, Lilla Martin, Myrtle Magerle, and Mrs. Langworthy, gave several numbers. This ladies' quartet has been recently organized for church choir purposes under the leadership and direction of Mrs. Webb, who is also their accompanist, and the rhythm and harmony in their music show wonderful progress for the short time they have been together. The feature of this gathering was to emphasize the relationship of parent to child, and Miss Irene Anderson, teacher of the domestic arts department, gave a nice talk from the girls' standpoint, and Pitt Penney, one of the high school students, gave a pleasing original talk from the boys' standpoint. Miss Bertha Horrell of Grants Pass gave two of her readings which are always appreciated and enjoyed by the Rogue River public. At about 7 o'clock the already large crowd was augmented by a large delegation from Grants Pass which filled the hall to overflowing. Attorney Edward S. Van Dyke of Grants Pass gave the principal address of the evening, and from every standpoint and angle the duties of parent and child were analyzed and the solution of the problem was to the effect that the well-being of the child depended almost entirely upon the home training. Mr. Amos, district Sunday school organizer for southern Oregon, gave a good talk on the relationship of the Sunday school with the child. P. Gordon Hart, pastor of the Presbyterian church at Grants Pass, took the floor from the standpoint of what he termed "the kid," and made a very favorable impression on those present. He answered the question of "What makes a nation great?" He said first, its boys and girls, and then quoted the scriptural union that righteousness makes nations great, and wound up with the pleasing and convincing combination that well-trained boys and girls, together with righteousness would not fail to make any nation great. A musical number sung by the girls' chorus of Grants Pass closed the meeting. This gathering was such a success that Mr. Gray has determined to have another in the near future, featuring some important topics.

The second number of the Ellison-White Lyceum course was given last Monday evening by the Leake orchestra at the community hall, before a crowded house.

The boys' soccer and football team has had exceptional success this season, having not met with defeat in any games played this season. Their last game will be played here with Gold Hill this Friday afternoon. Prof. Langworthy has taken keen interest in the boys' athletic activities and is making a good coach. He is very ably assisted by Mr. Jacobsen, teacher of the 7th and 8th grades.

Mrs. W. H. Hill of Chicago, who has been visiting Mrs. Jane Shock for the past month, is so delighted with southern Oregon that she is making plans to remain during the winter. The dry weather has been of longer duration in this section than for many years past and has affected the city water supply. The city has ordered a new pump and when it is installed will provide a double pumping system avoiding inconvenience or shortage of water hereafter.

The Hope Presbyterian church has given the school the use of the community hall for this season and the school activities will soon begin. A number of the scholars and persons in town got together and called the sides of the hall as far up as the plate and it presented so much better an appearance that the people of the community decided to call the entire hall, and arrangements have been made toward that end.

2 SAMS VALLEY BOYS WIN HOG PRIZES, PORTLAND

SAMS VALLEY, Nov. 15.—The literary program for Friday will be furnished by the school and will be given under the subject of Thanksgiving as the school will be too busy on their Christmas program to later prepare one for Thanksgiving.

Our two boys who attended the Portland livestock show with their thoroughbred Hampshire hogs returned this week after disposing of their stock at a good price. Albert Straus and Paul Schulz were the energetic contestants and Albert swept away 1st, 4th and 5th prizes on his four hogs. So pleased was he with his success that he purchased a registered Hereford heifer which he brought home and will probably exhibit at future shows.

We have reported to us recently the results obtained from a 10-acre field of sudan grass grown by Frank De Ford on the Dugan place. This sudan was threshed after having been pastured until late in June and then producing something over 10,000 pounds of seed. At the market price it is easy to see what this product brought to the acre.
