**Can You Guess?**

In these days of modern affairs, nearly everybody does business with a bank. The only real question is WHERE to do your banking.

We would be pleased to answer that question. You want a strong bank, one that is conservative yet modern in every way, one that will stand by you, help you, one where your funds are secure, in fact a bank that insures Service and Satisfaction. THAT'S OURS.

A. C. HUBBARD IS APPOINTED NEW CITY COUNCILMAN

The city is now divided into four wards. Instead of three as had been the case for many years, and now has seven councilmen instead of six, the new one being A. C. Hubbard and will soon have eight as soon as the council can decide on a suitable appointment. The two new councilmen are to serve until the next city election a year from next fall. There will be two councilmen to each ward as heretofore.

The reason for these changes is to have the city conform to the law passed by the people a couple of years ago, that required city and county election precincts in the city must be the same, and that city and county elections must be held at the same time.

In the changes made the Second and Third wards and their councilmen are the same as heretofore, but the First ward, which included all territory east of the railroad tracks, and which was very heavy, being almost as large as the other two wards, has been divided in half into the new Fourth and First wards.

The new Fourth ward is made up of all territory north of East Main street and west of the railroad tracks. The establishing of this ward because of the location of his home, automatically took in J. W. Jacobs, who has been serving with J. H. Butler as First ward councilman. Into the Fourth ward and he is now representing the new ward alone until such time as the council selects another councilman to serve with him in that ward.

Mr. Hubbard was unanimously appointed as councilman recently by the council to serve the First ward along with J. H. Butler in place of Mr. Jacobs. The other councilmen, O. O. Alenderfer, E. H. Janney, B. W. Paul and A. J. Crose are serving their old wards as formerly.

Under the old order with six councilmen, four men were required to make a quorum, but when the eighth councilman is appointed, five will be required for a quorum. Mr. Hubbard attended his first council meeting last night, and is looked on generally as an able addition to the city administration.

MEDFORD CROWD ROASTED BY SALEM FOOTBALL COACH

In one of the most nerve-racking games in which a Salem high school team is said to have ever played, and where the officials were continuously being intimidated by threats of bodily injury from the supporters of the home team, the locals defeated the Medford high school aggregation last Saturday afternoon at Medford by a score of 13-6.

"It was the poorest exhibition of sportsmanship on the part of the supporters of the team that I have ever seen in all my years of football or any other athletics," Hollis Huntington, coach of the local eleven, said this morning. "The school spirit was fine but the way in which the townspeople pushed out onto the playing field, all the time threatening the officials was a positive disgrace. What the town needs is a little education along sportsmanship."

Salem scored in the first quarter on straight line plays with Patterson carrying the ball across the line. In the second half the Medford eleven outplayed the locals—the only period of the game—but were kept from scoring only by the timely end of the half. They scored early in the third period but failed to kick goal. Patterson had also failed and the score was 6-6. With grim determination to be returned the victor, the Salem team started a march for the Medford goal that culminated with a pass to Heenan who ran the last four yards for the touchdown. He converted the kick.

With the exception of the second period, the Salem team outplayed the Medford boys, having the ball within a few inches of the goal on three different occasions. Once the punch was lacking to put the ball over. One other occasion the Salem team was penalized 15 yards when the crowd demanded such for the alleged hurdlings of Ringle—which foul is stoutly denied by the locals and Coach Huntington—and the third time on a fumble. The Salem team made a total yardage of 196 yards to Medford's 140. Nine first downs were made by the locals to seven for the southern Oregon eleven.—Salem Capital Journal.

Movie Star's Sister Personally Denies She Shot Herself

NEW YORK, Nov. 21.—Some one with a perverted sense of humor today started a rumor that Renee Davies, daughter of City Magistrate Douras and sister of Marion Davis, movie star, had shot and killed herself in her apartment on west 58th street and the report was telephoned to police headquarters. Immediately detectives were sent to Miss Davies' home. She received them and personally denied the report of her death.

BUSINESS MEN THANKED FOR FOOTBALL DINNER

The unique banquet held here last Saturday night in honor of the six teams playing in the Rogue River valley was only made possible thru the kind co-operation of business men of the city, who when solicitors came to them, showed no hesitancy in contributing to the amount necessary to hold the banquet.

The Medford high school student body wishes to take this opportunity to publicly thank the following business men for their help in making the affair at the Hotel Medford a success: Mr. Boise, People's Electric Store, J. W. Johnson, J. C. Mann, Joe Hubbard, Model Clothing Co., The Toggery, Bill Altlin, Farmers and Fruit-growers Bank, Young's Hardware, T. E. Daniels, V. Vawter, C. Meeker, Kidd's Shoe Store, Haskin's Drug Store, Ed Lampert, L. Ulrich, B. E. Harder, Medford Book Store, J. Perl, W. M. Shephard, J. J. Buchter, J. C. Thompson, W. Y. Crowson, Medford Furniture & Hardware Co., Littlell Parts Co.

COMB SAGE TEA INTO GRAY HAIR

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Adv.

There will be an official board meeting after the services.

Farm Rates Reduced Again

In a bulletin just published, effective Oct. 15th, rates on farm property in all standard stock fire insurance companies were reduced to \$1.30 per \$100.00 for three years and \$2.70 for five years. This reduction is made in consideration of an application signed by the assured setting forth all facts regarding the property insured and follows the plan worked out successfully in several eastern states.

We would like to explain this plan to every farmer and orchardist and they are requested to call upon us at their earliest convenience so that any possible changes may be effected at once.

The Medford Business College, Medford, Oregon.

Dear Mr. Newberry, I was particularly interested in the announcement of your new course in "Scientific Salesmanship and Human Nature," which you are now offering in connection with your college course. In fact, if I were located so that I could take the course I assure you I would not miss the opportunity. While I have taken one or two courses in salesmanship of those which have been considered the best, it seems to me that this course of yours covers far more territory and many points not covered by other courses.

As your course progresses and you find one or two men who are anxious to start in a business where energy and honesty is the only capital needed, and where the remuneration is often referred to as the "best paid hard work" there is, I have one or two splendid openings as representative of this company, with a very attractive proposition to sell, and to the man who can fill the position it means an ever increasing estate to him and his family.

I should be pleased to hear from you and cooperate with you, as I feel that the student who takes your course and completes the same with the required credits, would be the type of man who could assume a responsible position in a growing business like ours.

Wishing you the greatest success in your course, I am,
Very sincerely,

DALLAS J. SIDWELL, General Agent.
