

CONFIRMED PROOF

OREGON P. T. A.

NOW HAS OVER 12,000 MEMBERS

Residents of Medford Cannot Doubt What Has Been Twice Proved. In gratitude for relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Medford, who so testified years ago, now say the results were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Medford kidney sufferers.

Ask your neighbor! Mrs. C. A. Schmidt, 540 S. Fir St., Medford, says: "I had considerable trouble with my kidneys and my back ached constantly. I had rheumatic pains in my lower limbs and back and could hardly keep going. It was difficult for me to get out of bed. My kidneys acted irregularly, too. I took Doan's Kidney Pills and the first box did me so much good that I continued with them. They completely relieved all the trouble and strengthened my kidneys." (Statement given March 18, 1919).

On March 22, 1920, Mrs. Schmidt added: "My high opinion of Doan's stands good as I have had no return of the trouble since they cured me." 60c at all dealers. Foster-Milburn Co., mfrs., Buffalo, N. Y. Adv.

THE EVERY DAY MILK

The Oregon state branch of the P. T. A. was organized about 1905, and has now an approximate membership of 12,500. It is incorporated under the laws of the state; therefore, all groups calling themselves Parent-Teacher associations should be affiliated with the state organization. The 36 counties are grouped into eight districts, the work in each being supervised by a district president. At present there are city counsels in Portland, Pendleton, Eugene, Corvallis, Medford and Roseburg.

The Oregon Parent Teacher Magazine, with a circulation of nearly 10,000 is the medium of communication between local circles and state board and has done much to strengthen the work in Oregon. The state headquarters may be found in the courthouse in Portland.

The state department of education has approved our work, and we are working with them to help standardize the schools of the state.

More than twenty-five years ago there was conceived in the mind of a mother a plan whereby the mothers of this land might unite to form a protecting chain around all children, "not alone the children made by birth their own but every childish heart."

Then there was felt the need for some organization which would reach out into the home of every school child and carry this protection beyond the home, into the school and community. It was that the home and the school, the two great factors in the training of the child, must work together understandingly, sympathetically, each being a friend to the other. Parent-Teacher associations were formed to meet this need. So remarkable has been our growth that today we are organized in forty-five states. We have a membership of more than half a million.

Harmony and Uniformity in Work
In order that our work may be carried on in harmony and with uniformity we have a code all affiliated circles are expected to use.

This code is as follows:
Hands off school administration. Never air private grievances in your circle meetings. Study your education laws. If they do not compare favorably with those of other states, find out why. Consult with your school authorities about suggested improvements. Keep religious issues and political propaganda out of your circle meetings. We are non-sectarian and non-partisan. We always stand for United, for in unified cooperation there is strength.

A Most Important Field of Activity
The best contribution the home can make to the school is children, fit physically, mentally and morally. When children are taught in the home the eight health habits, to obey, to regard the rights of others, to respect authority and to be clean in word and deed, the task of the teacher is won.

TRY SULPHUR ON AN ECZEMA SKIN

Any breaking out of the skin, even fiery, itching eczema can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream. Adv.

PLANT GRAFTED WALNUTS
We have them—one of the best blocks of FRANQUETTES in the state—correctly propagated and handled. These are money makers, they will work for you and soon pay dividends. Also plant Filberts—the quickest cropper we have—hardy and dependable. Nuts are staples, nothing better. We have anything wanted, apple, pear, cherry, prunes, etc. **WE SAVE YOU MONEY—WE STIPPLY THE BEST.** Our 34 years in business is behind our products. Send for information and prices. **CARLTON NURSERY CO.** Carlton, Oregon.

derfully lightened. The result of the work in the school will depend largely upon the quality of the material you send to it. Together, the home and the school may produce a citizen any state might be proud to claim.

School Officials Cooperate
An occasional superintendent or principal may be found who looks with disfavor upon our work, but the modern, well informed ones have been brought to see that the school can no longer be detached from the active world in which the child must live, and they welcome us as an ally always to be relied upon in their constant battle for the rights of childhood.

ASHLAND HEN SETS NEW EGG RECORD

Mrs. W. D. Booth of Ashland, Oregon reports that a White Leghorn hen, Lady Lithia, laid 329 eggs in 365 days. This is a better record than made at the Santa Cruz, Calif., egg laying contest, when 315 eggs were laid, or the Western Washington contest, when 314 eggs were laid. "Lady Lithia" is a fine specimen of the true egg laying type, and her owners are very proud of her record.

FIRST BAND CONCERT AT ARMORY TOMORROW

The first series of band concerts to be given by the D. O. K. K. band under the direction of F. Wilson Waite, will be given at the Armory tomorrow evening. The program will consist of classical and popular numbers. The proceeds will be used as a nucleus for a fund to send the band to Providence, R. I. in 1925 to compete in the D. O. K. K. band contests at the national convention that year. The band won second prize at a similar event held in Portland this year, in competition with bands from all over the land, and won high musical fame for this city and valley. The second of the concerts will be given in December and there will probably be a series of concerts in the spring.

OBITUARY

MICKEY—George M. Mickey, a well known resident of the Rogue River valley for the past 35 years, passed away very suddenly while sitting in his chair at home, 330 South Fir street, this forenoon. Death was apparently due to heart trouble, and although medical aid was immediately summoned, nothing could be done to restore him.

Mr. Mickey was born in Louisa county, Iowa, March 21, 1850. He moved from Iowa to Nebraska where he resided for four years, coming to Oregon in 1888, where he had since resided.

He was married in 1877 to Caroline Storey to which union was born five children, three of whom survive. Roy, Mickey of Centralia, Wash., Ola and Mabel Mickey of Medford, the latter a teacher in the Washington school.

Remains are in charge of the Conger Funeral Parlor, and arrangements for services will be announced upon word from the son in Washington.

Old in Years Only

The Jackson County Bank is old; but it is old in years only. Away back in '88 when we were just starting out here in Medford, we adopted a schedule of community development that would not permit any bank to become old—it was a young man's job.

So we have grown old in years only. The spirit, the viewpoint and the entire tone of our organization is young. Is that not the way YOU would have YOUR bank?
