

**COMPLETE RETURNS ON BOYS' CLUB HOG SALES ANNOUNCED**

Complete returns of the Boys' and Girls' club members on the showing and sale of their fat hogs at the International Exposition have not heretofore been published.

Seventy six fat animals were shown in club work and open class, in pens of four and then sold at public auction. All members having hogs at the international were there in person to show and sell their animals.

The presence of these nineteen exhibitors and two other members at the fair was due to the kindness of the Southern Oregon Bankers' association, the county court and a group of leaders and parents. The bankers and county court furnished the bulk of the expense money for the trip and the leaders, including Frances Greb and Lloyd Charley of Brownsville, A. F. Lathrop of Central Point, Elton Benson of Talent and C. C. Cate furnished their cars and transported the leaders to and from Portland.

Opportunity was thus afforded for the club members to widen their experience by seeing Portland and one of the largest shows of the United States.

In prizes the exhibitors of this county took seven out of eight prizes in both Berkshire and Hampshire fat classes in club work, first, fourth and fifth in Union Stockyard special pen of four and seven prizes in the open class.

The United Meat Packers and the Union Stockyards, through the influence of Mr. Pierson and Mr. Clarke, furnished a ten dollar prize to all those exhibiting the four animals who had not taken one of the five larger prizes. A complete list of the exhibitors in club work and their prizes will appear later in The Mail Tribune.

The sale of the animals at auction was the crowning event of the project when the profits of the six months' work of the club members were determined in a very short space of time. The pen of Elmore Tedrick of Eagle Point, first prize pen of this division, brought a higher price than the championship pen.

This was a pen of purebred Berkshires which had been well finished out and brought two and a half cents a pound over the market price. Ten and a half cents a pound was paid by Gill and Dyle.

The nineteen pens of four returned to the raisers over \$1150.

**Grand Jury Continues Probe of S. P. Hold-Up**

The Grand Jury continued today its investigation and hearing of witnesses in the Staklyous tunnel murders and attempted train robbery, of which the D'Autromont brothers of Eugene are accused. It is expected that the grand jury will conclude their probe of this case by tomorrow noon.

**DOC COOK FOUND GUILTY**

(Continued From Page One)

Again yielding to the lure of the north, Dr. Cook, in 1903, undertook an expedition to reach the summit of Mount McKinley, the highest point on the American continent, more than 20,000 feet above the sea level. The expedition failed but in 1906 he financed another and this time he claimed to have been successful.

Dr. Cook has written voluminously for magazines along the lines of ethnology, anthropology, geography and other sciences from his observations in the Arctic and Antarctic. He was the author of several books, including "Through the First Antarctic Night." In 1913 and 1914 he lectured in this country and in England, but led a life of comparative retirement until he came to Fort Worth in 1919, and went into the oil business.

**CROSSING SOON TO BE BUILT**

(Continued From Page One)

precipitated by the fact that the armory is just coming into use by the citizens generally, thru the high school indoor athletics work, concerts, public dances and other gatherings being held there. It was generally conceded by the councilmen that at least North Bartlett and as many of the other streets approaching the armory, as the city could afford, should have been better lighted. The council committee on lighting was instructed to draw up a plan of such lighting to be put into effect.

The decision was made to give permission for the temporary blocking of Sixth street between Rose and Quince streets, so as to enable the straightening out of the Gold Ray Realty company plat between West Main and West Fourth streets.

Business was transacted so fast, especially the making of ordinances relating to delinquent properties, put forth by City Attorney Carkin, that City Recorder Alford at one time stopped the proceedings long enough to inquire just what was going on.

**It Started Something**

"I have not said anything to you, but have been saying to others and have induced many to take your medicine and be convinced. Myr's Wonderful Remedy is correctly named. It removed stuff from me I never thought could be in a human being and I feel like a different person. The pain in my right side disappeared at once, which four doctors said would require an operation; also the bloating and indigestion." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded. Sold by all druggists. Adv.
