The regular meeting of Medford encampment of Odd Fellows will not be held tomorrow evening, having been postponed so as not to interfere with the canton ceremonies to be held here. This latter affair will be of unusual importance and interest to Odd Fellows, as, in addition to the official inspection of the canton by state officials, there will be a public conferring of the degree of chivalry upon a class of ladies at the armory. Both of these ceremonies are very impressive, and no doubt a large crowd will accept the invitation to the public to witness the degree work.

WHAT MEN ADMIRE!
All men admire a healthy woman. She is not beautiful to them no matter how regular her features, if she is sickly, ailing. No chance for a marriage proposal for such a girl. If she is pale, weak and nervous, she is doomed to be an old maid. Fortunately for such a young woman there is an old reliable remedy that will restore charm and youthful bloom. Dr. Pierce's Prescription, made of herbs, will tone up the nerves, relieve woman's weaknesses and with renewed health beauty will follow.
