

### NAVY DOPED TO PLAY DEFENSIVE GAME SATURDAY

NEW YORK, Nov. 22.—(By the Associated Press)—Last minute line-up revisions are expected to forestall the type of play the navy will use against the Army when the two service elevens meet in the 25th game of their thrilling series at the Polo Grounds Saturday.

The middle lineup has rival candidates for several positions, with one group functioning better on offense and another which shines in defensive play. Taylor and Brown, ends and Barchet, fullback are included in the former group and Caldwell and Barnett, ends and Shapley, fullback, are included in the latter.

Because the cadets show a superior offensive record, many students of football assert Navy's best plan of action will be that of defensive play.

### GRADE CROSSING CONTROL UP TO SUPREME COURT

WASHINGTON, Nov. 22.—Whether state railroad and utilities commissions or the inter-state commerce commission have jurisdiction in the matter of railroad grade crossings in cities and the construction of stations was argued today in the supreme court. The issues were presented in three cases brought by the railroad commission of California against the Southern Pacific, the Atchafalaya, and the Los Angeles and Salt Lake.

The three roads had been ordered by the state commission to build a union station at Los Angeles and make the matter rest exclusively with the inter-state commerce commission.

The National Association of Railway and Utility Commissioners and the regulatory commissions of 29 states were permitted by the court to take part in the case.

The national association, supporting the order of the California commission, insisted that the state commission could require railroads to abolish dangerous grade crossings and that the order for erection of a union station was made partly to enable the abolition of certain grade crossings.

Counsel for the railroads insisted that enactment of the federal transportation act, giving the inter-state commerce commission authority to determine the necessity for the consolidation and joint use of terminal facilities, had divested the state of jurisdiction.

### NINE KILLED IN EXPLOSION LA. SUGAR FACTORY

NEW IBERIA, La., Nov. 22.—Search continued today for additional bodies in the ruins of the Vida sugar refinery at Lousville, ten miles east of here, which was razed late yesterday by a boiler explosion, killing at least nine persons and injuring fifteen others, five of them probably fatally.

A check up of the refinery's payroll disclosed that three employees were unaccounted for and it was feared they had been buried under the debris of the plant which was completely wrecked, causing an estimated loss of \$100,000.

Nine bodies had been taken from the ruins of the injured seven were white and eight negroes.

The killed were Sidney Broussard, nephew of Senator Edwin S. Broussard, manager of the refinery; Oscar Broussard, superintendent and two white and five negroes.

The refinery employed 100 persons.

### TOLEDO TERRORIZED BY BOMB FIEND

TOLEDO, Ohio, Nov. 22.—Scornful of efforts of a large detail of plainclothesmen and police to apprehend him, Toledo's bomber was still at large today while horrified residents of the west end fearfully discuss his devastating operations and are wondering where the next deadly missile will fall.

Police say the bombs are being planted by a maniac. The bomber's latest victim was Charles S. Yant, whose home was partially destroyed last night by a bomb, the eighth bombing here within the last two months.

### Thousands Have "Tobacco Stomach"

The excessive use of tobacco is one of the most common causes of indigestion and stomach inflammation. Whether you smoke or chew makes little difference. The highly irritating juice of the weed is swallowed with the saliva, often setting up an acute inflammation of the stomach, which may end in gastritis or chronic stomach inflammation.

"Tobacco stomach" produces a number of distressing symptoms—first a loss of appetite, than an occasional attack of indigestion. Perhaps your food sours at times and you notice a peculiar burning in the stomach. These attacks occur with greater frequency as time goes on. Finally, if neglected, the condition becomes chronic resulting in loss of flesh and general poor health.

Smith Bros' M. A. C. Stomach Tonic has proven wonderfully successful in all forms of digestive trouble. It is sold on a positive, binding guarantee of money back if the first bottle fails to relieve stomach inflammation or dyspepsia. The very first dose should convince. Nothing on earth like it! You can get a large bottle for \$1.25. Heath's Drug Store and West Side Pharmacy will supply you. Adv.

### U. S. MISSIONARY CHINA CAPTURED, PROTEST FILED

SHANGHAI, Nov. 22.—The American legation at Peking, according to word received here, has taken up with the Chinese government, the case of E. W. Schmalzreid, the American missionary from Hunan province whose capture by bandits while on his way from Changchun, Hunan to Tung-jen, Kweichow, was announced early today.

The legation, it is stated, has sent a note to the Chinese foreign office protesting against the failure of the authorities to protect missionaries and requesting every possible measure to secure Mr. Schmalzreid's release. The advice announcing the missionary's capture said four women accompanying Mr. Schmalzreid's party were allowed to continue their journey.

CLEVELAND, Nov. 22.—George Epp, executive secretary and treasurer of the missionary society of the Evangelical church, said today that Dr. Emer W. Schmalzreid, physician-missionary of the church in China, was in charge of an Evangelical hospital in Lung Jen. Dr. Schmalzreid's home was in LaGro, near Urbana, Wabash county, Ind. He is 35 years of age, a graduate of Northwestern college in 1911, Columbia university in 1918 and Orange Memorial hospital

### CIDER APPLES IN BIG DEMAND IN EAST U. S.

CHICAGO, Nov. 22.—A large demand for eastern cider apples and the largest crop of apples ever produced in the northwest with greatly increased storage holdings were noted by the federal bureau of agricultural economics in a report made public today. Cold storage holdings of apples in the Pacific coast states on November 1 were about 4,123,000 boxes or 61 per cent more than a year ago with total shipments of western apples to November 17 of 14,000 cars compared with 23,350 cars the first part of the 1922 season.

East storage holdings also were very heavy in New England, 72 per cent more box apples being held than in 1922.
