TEACHING PATRIOTISM

TEACHING PATRIOTISM

Part of the business of The Youth's Companion is cultivating a fine patriotism—the love of country not wrong, but right. The Youth's Companion started the movement for putting the flag on the schoolhouse, it formulated the Pledge of Allegiance to the Fing that is repeated today in practically every schoolhouse in the United States. It has for a long time, low, been running a series of patriot-

onited States. It has for a long the now, been running a series of patriotic covers picturing striking events in the nation's history. Painted by the best historical illustrators in the country, they are reproduced in full calor at frequent intervals on The
