

U. S. DISARMAMENT CONFERENCE GREAT FORCE FOR PEACE

COLUMBUS, Ohio, Dec. 14.—"The reconciliation of the great races in the Far East is the most tremendous miracle of the ages," declared Dr. Sidney I. Gullick, secretary of the commission on international justice and good will, and authority on the Far East at the annual meeting of the Federal Council of Churches this afternoon.

"The Washington conference on limitation of armament played a big part in the movement," he said, "removing distrust of the United States."

He declared that "the good will of the nations of the east for the United States is most remarkable."

"There has been a great awakening among the young people, which has led to an educational movement way beyond the capacity of existing institutions."

OAKLAND, Cal., Dec. 14.—Once the pride of the American navy, the 15,000 ton dreadnaught Rhode Island will go to her grave on the mud flats here today under the acetylene torch in accordance with the terms of the Washington disarmament agreement.

to Mexico City were received in El Paso today by the De La Huerta junta as well as meager advices by official government sources in Juarez.

Senor Salvador F. Frias, special representative of the De La Huerta provisional government in El Paso, was advised that rebel troops under General Jose Villanueva had captured the station of Oriental on the inter-oceanic railroad after severe fighting and is now engaging Obregon forces at San Marcos. This last named place is the seat of an important junction of two railway lines, and will fall within a few hours, according to revolt leaders.

In the state of Quintana Roo, Major A. Rojas has disavowed the federal government and joined the revolution. General Gallegos, operating for De La Huerta in the state of Guanajuato, has revolted and captured the town of Celaya, where Obregon's summer home is located, the advices further state.

General Sanchez, supreme chief of the movement, continues to receive telegrams of adhesion to the revolutionary movement.

Provisional Governor Jose Prieto Laurencio of the state of Vera Cruz, in a telegram to Mr. Frias, declared that General Enrique Estrada is continuing his advance toward the capital.

Hear ye the call to Yule-tide Happiness

In olden days, people gave but little or no thought to pin-trays, tin-trinkets and picayune trifles as gifts. Instead, the thought was of practical things. A pair of stockings, handkerchiefs, underwear, gloves, or something useful. In other words, the gift was an expression of thought and sentiment.

Those good old days are returning, and returning rapidly, with the result that Christmas is going to again be made a happy season instead of a night-mare of worry and expense, for sensible people are beginning to realize that there are other sensible people who, also, like to receive sensible gifts.
