## ROBT. HAMMOND SELECTED COUNCIL MAN 4TH WARD

The city council organization, following the recent change of dividing the city into four wards with two councilmen each, instead of three wards with two councilmen each, as has always been the rule, was completed last night at the beginning of the long session of the council.

By unanimous agreement Mayor Gaddis and the seven councilmen, including A. C. Hubbard, who was chosen a few weeks ago, Robert B. Hammond, secretary and treasurer of the Home Telephone and Telegraph company was selected, summoned from home, agreed to serve and was immediately sworn in.

The selection of Mr. Hammond, as was the case with Mr. Hubbard, is generally regarded as a ten strike because of his well known business ability, and general knowledge of the city's affairs and needs.

Now that the city council is composed of eight members, with each committee consisting of two councilmen, it is confidently expected that city affairs will be expedited from now on.

The change into four wards was accomplished by dividing the old First ward in two. That section west of the railroad tracks and south of Main street, remaining as the new First ward, and the section lying east of the railroad tracks and north of Main street, constituting the new Fourth ward. The boundaries of the Second and Third wards remain unchanged.

The wards are represented as follows—First, J. H. Butler and A. C. Hubbard; Second, E. H. Janney and O. O. Alenderfer; Third, B. W. Paul and J. A. Crose, and Fourth, J. W. Jacobs and R. B. Hammond.

It was also decided at last night's

meeting that beginning with the new year the city council will meet every Tuesday night, and assemble at 7:15 p. m. instead of 7:30. By this method it is hoped that the sessions will be shorter, and do away with long sessions of the council twice a month, with special meetings in between, as heretofore.

CHRISTMAS PROGRAM AT JACKSON SCHOOL

At the Jackson school on Thursday evening there will be a jazz orchestra and a program by the grown ups in

The following programs will be given by the pupils in different rooms: "Bobby's Dream," First and Second grades.
