DON'T FORGET THE DATE—SATURDAY, JANUARY 5—AT MANN'S BIG STORE

## SMALL TRACTS SELLING FAST IN WEST PHOENIX

By Mary O. Carey.  
EDEN PRECINCT, Jan. 4.—The tract of land just west of Phoenix, known as the Eagle land has been platted into small tracts and has all been sold but one three-acre plot. There are several new homes to be erected right away, and others will be built in the spring. This land is under the Talent ditch and will be quite productive with water. Little was ever raised on the land before the water came.

E. C. Lockwood has been asked to hatch ten thousand baby chicks for local parties, but could not furnish all of this order, and supply his other orders. He will, however, supply the parties three thousand of the desired number and Dr. Winans of Medford will supply one thousand, the remainder to be shipped in. This surely proves that the poultry business pays in this valley.

We regret to announce that Mrs. J. M. Rader, who has been under the care of Dr. Hedges of Medford for the past three months, became suddenly worse, last Tuesday morning and Dr. Starns was called in consultation when it was found necessary to operate. Mrs. Rader was removed immediately to the Community Hospital at Medford and the operation performed. Wednesday evening she was resting as well as could be expected as the operation was a serious and delicate one.

Dr. B. B. Elliott of Medford was out among the poultry raisers of this part of the valley last Tuesday morning. Mr. Elliott is a fancier of chickens, and keeps a few just for pasture. He visited the White Wing farm, also took a look at the fine pen owned by Mrs. C. Carey while going the rounds.

Mr. Johnson and his mother left the West ranch in North Talent on December 26 for Butte Falls. His sister, Miss Emma, will remain in Phoenix until the close of the school year.

Mr. and Mrs. J. W. Fish made a hurried trip to Oakland just after Christmas, taking Mrs. Fish's mother and sister home. They report the weather fine while down there. Mrs. Fish said she did not need a wrap while out doors during their three days' stay in the southern city.

Here are a few items which reached me too late for last week's items, but which I wish to have included anyway: Mr. and Mrs. Otto Caster of East Eden spent Christmas day in Medford with Mrs. Caster's parents Mr. and Mrs. T. B. Ellison. A bounteous turkey dinner was enjoyed by the families.

Mr. and Mrs. J. W. Pruett of East Eden spent Christmas day with their daughter Mrs. J. E. Lester of North Medford and report a fine time, and a fine turkey dinner as a part of the day's program. One of the fine birds was won by Mr. Pruett at the shooting match held in Phoenix on Tuesday before Christmas.

Mr. and Mrs. Win. Carless returned Monday from a very pleasant trip to Victoria, B. C., where they visited Mrs. Carless' daughter, Miss Dorothy, where she is attending college. Mrs. Carless also enjoyed a pleasant Christmas with her mother and sisters in Portland, where they held a family reunion.

Mrs. Hayman of North Talent is staying with the Rader family while Mrs. Rader is in the hospital at Medford. Thursday morning Mrs. Rader was reported to be resting easy and great hopes are entertained that she will get along nicely.

Mrs. H. P. Anderson, has been on the sick list the past few weeks, but is much improved at this writing.

Mr. and Mrs. Jim McCabe spent Xmas day with relatives in Phoenix. Mr. James Campbell of East Eden bought all of C. Carey's fine oat hay and has hauled some of it over to his ranch. Mr. Campbell reports the sale of several head of his fine Shorthorns at a good figure.

Jim Smith and Otto Caster have been riding these stormy days, bringing the cattle belonging to J. M. Rader and Mr. Caster out of the Roxy Ann pastures and down to the feed yards.

Mr. and Mrs. H. B. Rankin of Medford spent New Year's day with Mr. and Mrs. Noah Chandler of North Talent.

Mr. and Mrs. Louie Colver attended the dance at the Oriental Gardens at Medford New Year's eve, and report a good time.

Mr. Collins of the Talent Trading Company was delivering a load of egg producer to the Carey Poultry Farm last Tuesday. The company are having most prosperous business in our little town.

Mr. Bowman, our genial and accommodating mail carrier, is having his first real taste of winter weather this week and finds the going a little slippery. However his dog stays on the running board for ballast and the car keeps the road.

**BANISH THAT COLD**

A cold in the head is often the fore-runner of serious illness, and is the result of a run-down condition. Fortify your system with Hufeland, the famous Swiss Tonic, and banish colds.

Hufeland is a wonder working remedy that builds you up—keeping you hearty and healthy. It has been making sturdy men and women ever since 1888.
