REAS

# FOR BUYING DEPENDABLE HARDIE SPRAYERS

**Special Delivery Prices on orders** 

placed prior to Jan. 15, 1924

1. The Hardie Pump—Backed by 20 years of close ap-plication to Practical Spraying conditions. Its freedom from complicated parts enables it to do rapid effective spraying at a higher pressure.

2. Pressure Regulator-Built in, fewer complications, only one valve, eliminates water friction. 3. Crank Shaft—Oversize, with large bearings finely

machined. Direct power delivery.

4. Hard Brass Plungers-Pump wear reduced, two soft packings to guide them, packings take up the wear, replacable in two minutes. .

Porcelain Lined Cylinders-Wear Proof. 5.

Brass Ball Valves-Threadless cages.

7. Bearings-All bearings are bronze or heavy babbitted.

8. Suction Settling Chamber-Lessens valve trouble by preventing heavy sand and spray refuse from entering the pump. 9. Chain Drive—Hardened steel roller chain running

on cut sprockets, a positive drive with a minimum friction.

10. Materials-Only the material best adapted to its particular purpose is found in the Hardie Pump, All castings of Semi-Steel.

11. Light Running-Design and material both aid in reducing friction, enabling the engine to put the maximum power into hose pressure. 12. Cushman Engines—Built right, weight less than 50

lbs. per horse power. 13. Automatic Throttling Governor—All the gas your

load requires and no more. 14. Carburetor—Automatic float feed type with vapor

heater, no adjustments needed for hilly orchards. Per-fect carburction, extracts every ounce of power your gasoline contains.

15. Bosch Magneto, with impulse starter.

16. Perfect Cooling-Non-chokable circulating pump connected to pipe coils immersed in spray tank.

17. Force Feed Oiling System-On 8 h.p. two cylinder ingines insuring perfect lubrication of cylinders and bearings even though operated on the steepest hillside continuously.

18. Dust-Proof Hood-Enclosing Pump and Engine. neither dust nor spray can enter the working parts of either pump or engine. Insures a better working unit and added years of service with less wear and upkeep cost.

19. Large Capacity Tank Filler-Saves time in refilling spray tank.

20. Autopley Truck-Auto type front axle, eliminates pole whipping, short in length, light draft, will not tip over.

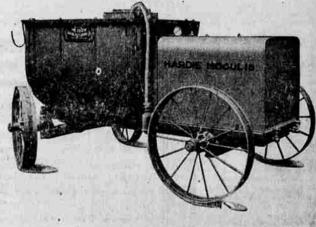

"HARDIE" DIAMOND H PRESSURE HOSE-8 21. ply, GUARANTEED to stand ALL the PRESSURE you can put into it. Hardie couplings can't blow out.

22. Hardle Orchard Gun-The gun with the largest spraying range and most perfect control. More uni-'22.

versally used than any other spraying device. 23. Hardie Service-A matter of hours, not days. A dealer in every fruit district, every dealer a service station. Service seldom needed but service when you need it.

24. Lower Prices-The approval of 20,000 users increased sales and production, quantity production, cred costs. The same high standard of quality is maintained,

25. Satisfaction in using a machine that has such universal approval, giving a pride of ownership and a confidence that only the Hardie has merited,
