STAR TWIRLER OF N. YORK GIANTS CAN'T FIND JOB

NEW YORK, Jan. 10.—Baseball followers were puzzled today by the waivers granted by all other fifteen major league baseball clubs on Jack Scott of the New York Giants, pitching sensation of the 1922 world series.

Not only did all the majors pass up Scott, but the Louisville American association club refused to accept him as part of a deal for Pitcher Wayland Dean.

Scott is the second pitcher of note to leave New York for puzzling reasons this winter, his predecessor being Carl Mays, who was grabbed by Cincinnati. The Mays case was not so mysterious as Scott's, however, as several clubsickered to buy him, while Scott, who won more games last year than the submarine twirler, was completely refused.

It was suggested today that Manager McGraw might be getting under Scott's hide to force him to keep better discipline this year than he did last and really intends to keep him, though McGraw himself gave no such indication. He said he hoped "Long John" would be more "grateful" to the next club which hired him.

Scott's case, like Mays', was more of inability to get along with his manager than anything else. After a poor start last season he pitched good ball, but later broke a bone in his hand when struck by a batted ball and was not so effective thereafter. He was a complete failure in the world's series.

At Armory Saturday Night

Hilda Butsova, with Pavlova, symphony orchestra and Russian ballet at the Armory Saturday night.

AMERICAN HOCKEY TEAM SAILS FOR OLYMPICS, FRANCE

NEW YORK, Jan. 10.—America's Olympic hockey team, which sailed yesterday to compete in the winter sports competition at Chamonix, France, beginning the last of this month, has been drawn for play in the group which also includes Belgium, France, Austria and Great Britain.

The second group includes Canada, Switzerland, Czechoslovakia. The group winners meet in the championship round. The sextet representing Canada, the 1920 Olympic champions, and the United States, are looked upon as the strongest entrants and favored to meet for the title.

Play opens January 28 when the United States will oppose Belgium, according to the schedule made public by William S. Haddock of Pittsburgh, president of the United States amateur hockey association, before he sailed with the team.

COMES WITHIN 1 POINT BREAKING 3 CUSHION RECORD

CLEVELAND, Ohio, Jan. 10.—Falling down on a bank shot by an almost indescribably small margin, cost Gus Copulos, Cleveland, a world's record and chance of acquiring the national championship three-cushion billiard league prize for a low score.

Stage

Wonderful Lighting Effects The entertainment to be given at the Armory next Saturday night by Pavlova and her company is a performance that will please. Don't think that that it is not your kind of entertainment. It is. The complete ballet with a large orchestra has an appeal to everyone. Russia is the home of the ballet. These people seem to excel in expressing their varied emotions in the dance. The government of Russia has maintained a school for the training of dancers even thru the years of change and hardship that it has passed since the beginning of the war. There is a wild abandon in the Russian nature that is at once primitive and yet beautiful.

Pavlova's principal electrician will be here on tomorrow morning's train to install the lighting effects. Much of the beauty of this entertainment depends upon the lighting effects. The sale of seats up to date indicates a large house. People from Ashland, Grants Pass, in fact all of the towns are well represented in the advance sale, even as far south as Yreka and Weed.

Cut This Out—It Is Worth Money Send this ad and ten cents to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive a ten cent bottle of Foley's Honey and Tar Compound for coughs, colds and hoarseness, also free sample packages of Foley Pills, a diuretic stimulant for the kidneys, and Foley Cathartic Tablets for Constipation and Biliousness. These wonderful remedies have helped millions of people. Try them! Sold everywhere. Adv.

SPORT BRIEFS

NEW YORK, Jan. 10.—The Yachtmen's association of America decided today that in the 1925 sweepstakes each entry must carry either four persons or three deadweight equivalent and fuel sufficient for 150 miles. The new rules will not affect the 1924 regatta at Detroit, Labor day.

CHICAGO, Jan. 10.—Commissioner Landis has denied a \$10,000 back salary claim filed by Stuffy McInnes, first baseman of the Boston Americans.

PRINCETON, N. J., Jan. 10.—William A. Roper, head football coach of Princeton university, has resigned, effective after the 1924 season.

NEW YORK, Jan. 10.—J. Franklin, "Home Run" Baker, famous slugger and third baseman was unconditionally released by the New York Americans last night.

NEW YORK, Jan. 10.—Australia has filed its official entry in the 1924 Davis cup tennis contest.

U. S. Ski Team Departs. MINNEAPOLIS, Jan. 10.—The United States Olympic ski team, accompanied by Mayor George E. Leahy, manager, will leave Minneapolis tonight on the first leg of the trip to the Olympic games at Chamonix, France. Eight men, Anders Haugen and Hans Hansen, Minneapolis; Sigurd Overby, St. Paul; Ragnar Omtvedt, Grand Beach, Mich.; Harry Liehn, Chicago; Julius Blegen, Minneapolis; Barney Reilly, Colaraine, Minnesota; and Lemmon Batson, Eau Claire, make up the party which will arrive in New York Saturday. Mayor Leahy will return to Minneapolis but will follow the team abroad January 23.

Salts Fine for Aching Kidneys

When Back Hurts Flush Your Kidneys as You Clean Your Bowels

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally. Also we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders.

Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean. A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble. By all means have your physician examine your kidneys at least twice a year.

GRAND OLD MAN OF COLORADO GOLF TO LIVE IN ENGLAND

DENVER, Colo., Jan. 10.—Walter Fairbanks, national figure in American golfing circles, known as the grand old man of Colorado golf, today announced he was returning to England to live. He leaves next week and will reside at Pennybont, near London. Fairbanks will be 72 years old in April. Physicians have advised him to give up golf because of a recent illness. He was Colorado state champion four times, won the southern California twice and was winner of the southern Florida title five times. He won the Pacific coast championship once.

TOO MANY DEER IN SOUTHERN UTAH SO OPEN SEASON IS ON

OGDEN, Utah, Jan. 10.—Approximately one million pounds of venison can be taken annually from the Kaibab forest in southern Utah, without danger of wiping out the vast herds of deer in that preserve. S. B. Locke, forest examiner of the United States forest service, told a sportsmen's organization here. He said the forest service and the United States biological survey had recommended to the government that a limited number of permits be sold at \$10 each and that each permit entitle the holder to one buck deer.

Limited shooting he said would thin the herds and reduce danger of the animals starving and would drive some of the animals into other regions where there is more feed. For many years the deer in the Kaibab forest have been increasing at a rapid rate because of protection afforded them and have become so numerous that they have become a problem.

HOPE DWINDLES OF ACTRESS RESCUING SNOW BOUND MATE

SPOKANE, Jan. 10.—Hope of bringing Bert Van Tuyle, motion picture actor, out of the northern Idaho woods where he is suffering in his motion picture camp from gangrene, seemed remote today, according to information received here from Coolin, Idaho, on Priest Lake, 25 miles below the Van Tuyle camp.

Miss Nell Shipman, motion picture actress and wife of Van Tuyle, left Coolin last Saturday with an employe of the picture camp to try to return on foot to her husband after freezing of the lake had prevented their return by motorboat. Woodsmen who followed her trail part way said she had waded through snow in places nearly waist deep.

Today it was reported that break-up of the ice in the lake will frustrate her plans to bring Van Tuyle out by dog sled, but the lake is not sufficiently clear to permit its passage by boat.

Van Tuyle was said last week to be in serious condition and it has been planned to bring him to a hospital here for treatment. The infection resulted from injuries received when he froze his feet while making a picture about two years ago.

Coming Friday The Rialto's feature for tomorrow and Saturday will be "The Huntress," a comedy-drama of the "great outdoors," a play replete with heart interest, humor, pathos and tango drama.

Everyone who enjoys clean, plausible and romantic comedy-drama will surely like "The Huntress." It centers about a vivacious, mischievous girl, who has been reared among Indians, and until the dawn of womanhood believed that she was of that race.

She learns that she is white and then begins to look about for a white husband. How she finds a white man kidnaps him and literally fights to make him her husband, is the basic plot of this highly entertaining picture.

Winsome Colleen Moore plays the part of "Bela," the white-Indian girl. Lloyd Hughes plays the leading male role.

"The Girl of the Golden West" closes at Rialto theatre tonight. "The California of its romantic period of 49 is brought out from the pages of history; the bygone days of the California pioneers are dramatized as never before.

DRAW CHASE'S FAMOUS MEDICINE

Tonic Pills

The Old Reliable Family Remedy for Building Up the System, Nervous Disorders, Insomnia, etc.

Neglect of sleeplessness, depression and nervous disorders of any kind, is extremely dangerous. All too many men and women, compelled to go out into the world and battle for a living, neglect their health to such an extent that a nervous breakdown is the inevitable result. It is best to be warned in time, so that those nervous ailments may be checked. Read what Frank Spruvel of 402 W. Jefferson St., Valparaiso, Indiana, says:

"Dr. A. W. Chase's Tonic Pills are helping me in every way possible as I was in very bad shape when I began the use of them. I am feeling better every day. The treatment is working wonders in my case as my case is about thirty-eight years standing."

You can buy Dr. Chase's Tonic Pills at all drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., are on each box—your protection against imitations.

Dr. A. W. Chase Medicine Co., 277 Washington St., Buffalo, N.Y.

Three Improvements In Your Motor

that this simple plan will give you

WE are suggesting this simple plan to motorists. For we want you to know what Union Non-De-tonating Gasoline will do in your car. We know what it has done in thousands of others, and thus know what it will do for you.

It will make the motor smoother just as though the motor itself had been improved. You'll note an absence of vibration.

New speed, new rush in the pick-up will be yours. An added power on hills that makes the difference in most cases between high and second gear work.

These are improvements that you'll feel at the wheel. They'll bring you greater pleasure from motoring.

And you can be sure of these results if you will use Union Non-De-tonating Gasoline, unmixed with any other kind.

We don't ask you to accept our word. Test out our claims. See for yourself how this fine fuel can improve the operation of your car.

Scientific Reasons for This

These results are not haphazard. They are founded on scientific research.

For Union Gasoline is the product of 21 steps in distillation. Two steps are sufficient for certain so-called "gasolines."

But each of those 21 steps is required for Union Gasoline. They produce that perfect chain of boiling points which results in sustained explosions.

There are no sledge hammer blows from Union Gasoline to cause vibration.

The explosions are progressive and over-lapping. They provide a strong, steady impulse which permits of increased compression.

That increased compression is the secret of additional speed and pick-up and more power on hills.

You can bring these improvements to your car if you choose. You can enjoy this new motoring pleasure. Try our simple plan.

Use Union Gasoline unmixed with any other kind. Try it for a few days. Learn what this finer fuel will do for your motor.
