GRANGE AND CHURCH BOY SCOUTS TO RELATION SUBJECT BUILD TRAIL IN ROGUE RIVER TALK CRATER L. PARK

ROGUE RIVER, Jan. 10.—The third of a series of community church gatherings was held at the Community hall last Sunday evening. The picnic luncheon was served at six o'clock by the Camp Fire girls. There was a good crowd in attendance, despite the rainy weather and bad roads. Mr. H. W. Sparks gave the principal address of the evening on the subject of the grange and its relation with the church. His exposition of the organization of the grange and its workings was interesting and well received. The musical end of the program was ably taken care of by the church choir and a very pleasingly rendered selection by Mrs. A. B. Evans of Grants Pass. The male quartet consisting of Messrs. Brashear, Jacobson, Stiehl and Langworthy sang a selection. This quartet recently organized makes a good addition to the musical element of the town. Rev. Wm. Lee Gray closed the meeting with a short address.

The members of the Federal Land Loan association held their annual meeting at the Community hall on January 8th. Important business was transacted at this meeting. The Ladies' circle of the Presbyterian church served them a luncheon of hot meat sandwiches, coffee and pie.

Mr. and Mrs. Edwin C. Browne returned to Yreka last week-end after spending their Christmas holidays with relatives and friends in this city.

The local young folks of the community attending out of town colleges returned to their respective institutions after spending the holidays at home. Muriel Matthews went to Eugene, Victor Birdseye and Elliott Butler and Gladys Sandry to Corvallis, and Arlie Hatch to Albany.

A large crowd was present at the Community hall last Tuesday evening, January 8, when the music pupils of Mrs. Clara Tuttle Fenton gave a recital. Mrs. Frances Webb, Miss Margaret Gray, Miss Arlene Earhart and Arthur and Lorence Marquis each gave several excellently rendered numbers. Mrs. Hansen of Grants Pass, who is Mrs. Fenton's assistant, was present and gave two splendid vocal numbers. The boys' orchestra of Grants Pass, directed by Mrs. Hansen, played a number of pieces that were much enjoyed by the audience. Mrs. Benjamin Marquis gave a reading on "The Skylark" followed by a rendition of the same piece in music by her son, Arthur. The work of all the pupils at this recital was surely a great credit to their instructor, Mrs. Fenton. The ladies of the Civic Improvement club conducted a home-made candy sale at the close of the evening's program, the proceeds of which are to be spent in purchasing books and magazines for the city library.

School opened Wednesday, the second day of January, with all the teachers present, but with a somewhat depleted attendance of scholars on account of sickness. Professor Langworthy, wife and little girl, accompanied by Miss Irene Anderson, came down from Newberg, where they spent their Christmas vacation, and reported that the automobile trip was very disagreeable and cold, as they had to make it during our recent cold weather. Miss Inga Winters reported an enjoyable visit with her folks at Portland during the holidays.

Miss Mabel Wakeman is out of school for a few days with a light attack of measles.

Bills are out for another dance at the L. O. O. F. hall January 11. The usual good attendance is expected.

Mrs. Benjamin Marquis and her two sons, Arthur and Lorence, spent Christmas vacation with friends at Portland.

Joe Woodcock suffered a painful injury on Thursday of last week, by nearly cutting off one of his fingers while using a pruning knife. Dr. Cary dressed the member and advises that Joe will not be able to work for a month or six weeks.

The business activities of the community have a bright outlook for the year 1924, as many of the projects that have been dormant for the last few months expect to resume work. Messrs. Sparks and Sutton, in connection with Mr. Billup and his associates are making arrangements to resume work on the property just east of the White place. The Ancient River Gold Mining company expects to have a meeting of its directors on the 15th of this month, at which time it is hoped they will arrange to continue work on that property. Messrs. Julian and Swacker are planning to open their property in the Foots Creek section, which has an exceptionally good showing.

The high school boys' basketball team goes to Yreka Friday evening to play Browne's fast high school aggregation at the place. On the following Friday night, January 13, the Yreka high school basketball team and the town team from that place will play the Rogue River high school team and the town team at Rogue River. These two games are expected to be among the best games scheduled for Rogue River this season. Browne is anxious to beat the boys of his old school and they are just as anxious that he shall not do it.

Philadelphia Cleared Of Criminal Elements

PHILADELPHIA, Jan. 11.—Brigadier General Snedley D. Butler today expressed satisfaction with conditions as he had found them at the end of the fourth day of his campaign to rid the city of vice and crime.

"We shall drive right along," said General Butler, "any knock that appears in the machinery will be taken out so that it will run smoothly."

He said he believed most of the law breakers had been run out of the city and that the big job now was to keep them out.

Scout headquarters at the Baptist church will witness some more lively times with the assembling of all the troops of the Council tomorrow night. The meeting will be called at 7:15 sharp. A program of exceptional interest has been completed by the scout commissioner and the Scouts are endeavoring to be patient until the hour.

There have been a number of interesting developments in the movement during the past week. The American Legion post of Medford at its recent session went on record endorsing the Medford Scouting program and authorized the appointment of a boys' activities committee to cooperate with the work.

Col. C. G. Thomson, superintendent of the Crater National park, has offered his services in a number of very valuable ways to the Scout council. He has received permission from national headquarters to allow the Eagle scouts to build an Eagle trail through the park. He has also granted permission for the establishment of a patrol camp for the coming season just inside of the main entrance for the purpose of advertising the scout enterprise in the district as well as providing a means of conferring merited distinction upon the patrols that win certain honors in their work. He has promised the use of guides for scouting expeditions of various kinds into the remote regions of the reservation, and also the use of the regular park transportation.

PORTLAND, Ore., Jan. 11.—Cattle steady; receipts 53. Hogs steady; receipts 1224 (1161 direct, 64 contract). Sheep steady; receipts 13.

How to build up your Weight

To be under weight often proves low fighting-power in the body. It often means you are minus nerve-power, minus red-cells in your blood, minus health, minus vitality.

It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus.

That's why S. S. S., since 1826, has meant to thousands of underweight men and women, a plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body. More red-blood-cells! S. S. S. will build them.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.
