Why They Parted

"I was down with pain in my right side which at times almost crazed me. Most all of the doctors said operation. But what I want to tell you is the pain disappeared with the first dose of your medicine and I never see any more. May's Wonderful Remedy has the right name—gas, sour stomach and dyspepsia have left, too." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by all druggists.
