REJECT ROOSEVELT SCHOOL PETITION

A petition for the completion of the departmental work in the seventh and eighth grades in the Roosevelt school was presented the school board meeting Wednesday evening at the Medford high school by Harry D. Mills. The petition was refused by the board on the grounds of financial reasons and because it is so late in the term. Action will probably be taken on the matter some time before the fall term.

The regular business of the meeting was completed and \$50 was voted towards the Elementary Grades Concert to take place at the Armory in the next month. Dr. E. H. Porter brought up the suggestion that oil burners be used in all the schools and the matter was discussed.

The members of the board are: A. B. Cunningham, E. E. Wilson, J. C. Mann, A. H. Miller, E. D. Phipps.

LARGE AUDIENCE IS DELIGHTED BY FRENCH VIOLINIST

Renee Chemet, violinist, who appeared last evening under the auspices of the Civic Music club, at the First Presbyterian church before a large audience transcended all anticipations in the program that she presented and in the opinion of many proved herself among the few great artists of the world.

This was Renee Chemet's first concert on her western tour and the program was the same as played in the Metropolitan Opera House, to packed houses. The violin she used was Maud Powell's, and her wonderful accompanist Valdenar Lichowsky, was for several years Maud Powell's accompanist as well as that of many great artists both vocal and instrumental.

The Spanish Symphonie by Lalo was perhaps the most popular number, and Mme. Chemet responded generously with encores to the enthusiastic applause of the audience.

Renee Chemet is certainly a great violinist. French by birth and training; young, brilliant, a finished artist, with technique so perfect that it never betrays itself, with great personal beauty and magnetism, it was the triumph of the work of the year for the Civic Music club to bring so distinguished an artist to Medford and the enthusiastic attendance and applause showed how much the people of Medford appreciated and enjoyed the entertainment.

STRAWN WITHDRAWN BUT NOT POMERENE

WASHINGTON, Feb. 14.—The nomination of Silas H. Strawn of Chicago as special government counsel in the oil land lease cases was withdrawn from the senate by President Coolidge late today.

The president acted after the senate committee had directed Chairman Lenroot to inform him that both Mr. Strawn and Mr. Pomerene were unacceptable as attorneys in the oil cases. The name of Mr. Pomerene was not withdrawn however. It is understood, because the president does not consider that any evidence disqualifying him has been produced.
