

Smith Brothers Make Famous Stomach Remedy

Years ago when the Smith Brothers placed their M. A. C. Stomach Tonic on the market, drug stores throughout the country were literally swamped with preparations alleged by their makers to have great virtue in the treatment of stomach complaints. Today most of those medicines are gone and forgotten, while Smith Bros' M. A. C. has a bigger sale than ever.

It is the old story of honest merit achieving success in spite of every obstacle. Stomach sufferers who used M. A. C. found lasting relief and told others about it. That's why the demand for this remedy has continued to grow year after year.

M. A. C. is remarkably effective in all forms of stomach distress, such as indigestion, dyspepsia, heartburn, sour stomach, nausea and excessive gas. Absolutely harmless—pleasant to take. You are protected by a positive guarantee of money refunded if the first bottle fails to relieve your stomach trouble. Put up in one size only. Price \$1.25. Heath's Drug Store, West Side Pharmacy will supply you.

FIRST NATIONAL BANK LAUNCHES DAIRY CALF CLUB

In promoting the dairy calf club work in Jackson county the First National bank of this city is doing educational work with the boys and girls which it believes will benefit not only the boys and girls directly effected, but every person in the county.

The First National bank is purchasing for these members high grade dairy calves is endeavoring to help them become real business people. Also the bank is bringing into the county dairy stock of a high standard, those calves becoming the foundation stock of many herds.

These club members will receive instruction on proper care of dairy calves which will be of value not only to them in their club work and later in life in their business, but will be impressed upon those with whom these boys and girls come in contact.

The field for dairying in Jackson county is excellent, the dairy herd builds up the productiveness of the land, thus benefitting all.

The First National Bank is making this loan directly to the boys and girls and the calf becomes their property. Later when the calf has by careful care given by its owner, become a producing cow, it will not be dad's cow (as many men will remember was the case when they were boys) but will be the property of the boy or girl.

Every reader of this paper knows the value of ownership in the building of character, this will make of these young people better citizens. The late County Judge Bushey of Marion county when asked to present a loving cup to the winning team in club stock judging contest made this statement: "I have had before me in the juvenile court work many boys sent to me for different crimes, but never have I had before me a boy who is or has been a livestock club member. I attribute this to the club boys being busy in the caring for livestock, thus being employed in useful work; does not lead into the acts of the idle boy."

How's your Stomach?
ANY DISTRESS?

SALEM, Ore.—"I wish I could tell how thankful I feel for having heard of Dr. Pierce's Pleasant Pellets, for they have brought me so much relief since I have been using them. For years I have had the worst kind of stomach trouble; after eating I would have a feeling of nausea, a sourness, and a sort of suffocation with heartburn. Things were very miserable for me. I had to eat to keep alive and yet I knew every time I ate this awful condition would return. I have tried all kinds of things that I thought would help and often have gone without food in the hope that things would be better. I am now feeling the greatest freedom from pain in my stomach and bowels that I have felt in years and I give the Pleasant Pellets credit for it."—Mrs. I. E. Ziegler, 449 South 18th St.

POINCARÉ NEAR DEFEAT IN ALL NIGHT SESSION

PARIS, Feb. 19.—(By the Associated Press)—The chamber of deputies rose at 3:30 this morning, haggard after an all-night session to which it was forced by Premier Poincaré in an effort to speed up the consideration of his fiscal program. When the session ended, 31 of the articles on the program had been approved. Consideration of the remainder will begin tomorrow.

The premier carried the famous article 111, providing for a 20 per cent increase in taxation, but only after a fight against the stiffest opposition he had encountered and by a vote of 315 to 254. This majority of 61 was the smallest the present government has ever received in the chamber. Enactment of the remaining clauses was more or less mechanical.

M. Poincaré himself was taken ill and left the house at 11 p. m., and after his departure there was considerable disorder, the bedlam at one time being heightened by a threatened fist fight between former Finance Minister Klotz and ex-Deputy Chasaigne Guyon.

First National Bank of Medford Boys' and Girls' Dairy Calf Club

Believing that through the medium of Boys' and Girls' Organized Club work, agricultural and livestock interests can best be developed in the Rogue River Valley the First National Bank of Medford is sponsoring a Boys' and Girls' Dairy Calf Club.

We want 100 boys and girls of Jackson County to become active members of this Club. We will purchase for every boy or girl that is equipped to properly feed and care for a calf, a calf of his selection as to breed, and if he is not able to pay cash for the calf, will take a note due on or before one year at 6 per cent interest.

Good high grade heifer calves can be laid down in Medford for less than \$20.00, including express and life insurance. One tenth of the purchase price of the calf will be retained for a mutual insurance in case of death of calf, until the close of the year, when all losses will be adjusted up to two thirds of the original cost, and any balance in this fund after all claims have been adjusted will be refunded pro rata to all club members.
