For Everyone

The rich had all the fun it seemed until the radio made its hit. Now folks have more fun than they've dreamed. And it only costs a little bit.

The pleasure to be had every night from a radio set is all out of proportion to its small cost. It supplies a universal need. It is now possible for everyone to keep in touch with the outside world at all times and seem a part of things.

LOCAL ARMENIAN HEARS FROM SISTER CAPTURED BY TURKS

After a silence of eight years, John Korenian, well known local Armenian employed in Davidson's Cigar store has just received a letter from his eighteen year old sister, Marion, from Grand La Ban, Syria. Taken by the Turks at that time when her parents were dead and her home destroyed, no trace of her could be found for years by her brother, until finally through Armenian friends in Massachusetts, he obtained word of her existence.

In her letter to her brother, Marion Korenian gives news of their 13 year old brother, who at present is somewhere in Kurdistan, Asia Minor. They both hope to come to America as soon as passports can be obtained and arrangements made.

John Korenian has worked off and on for the past three years at the Davidson store.

FINE WORK DONE BY COMMITTEES

One of the outstanding features of the Economic conference was the comprehensive and detailed statistical data placed before the conference by the various committees of the Horticultural group. Weeks were spent by the various members of these committees, many of the members laying their own business aside in order that this data and information could be gathered. The committees comprising this group were as follows:

Pear committee, Dave R. Wood, E. W. Carlton, Bert Anderson and R. J. Henry. Apple committee, Paul Scherer, W. E. Brayton and Chase Gardner. Fruit processing committee, W. H. Crawford, Vernon Vawter, Ralph Kozar, R. E. Shinn and A. S. Rosenbaum.

The statistical committee consisted of Captain Tuttle and Ned Vilas. This committee brought before the conference many charts and graphs which were of inestimable value, and represent the first intelligent effort ever made to survey the fruit industry of the Rogue River Valley.

Medford Merchants Are to Be Sponsors Local Prune Week

The Medford merchants will observe next week as prune week, and everybody is expected to participate by buying and eating this health giving fruit.

The "stunt" is put on by the Merchants' association to help move the unhold crop of prunes for the growers of this valley.

The grocers will feature the sale of prunes and will make displays. Those who do not handle prunes, druggists, clothiers, dry goods and all other merchants, are asked to make displays of prunes in their show windows and elsewhere and to display conspicuously in their windows the banners to be distributed by the Medford Merchants Association the last of the week.

It is urged that all displays and posters be in by Monday morning, February 25.

Notice to Parents

Beginners in the First grade will be accepted in each of the elementary schools, Washington, Lincoln, Jackson and Roosevelt up to and including Monday, Feb. 25, but not later. Any child who will be six years old on or before May 1st, 1924, may be entered at this time. Please send them by Monday. AUBREY G. SMITH, Supt. City Schools.

Knights of Pythias, Attention!

The Page and Esquire ranks will be conferred in Moose hall, Ashland, Friday evening, Feb. 22nd. All local Knights who can attend will come to Tallman hall about 7 p.m. AUBREY G. SMITH, 285th, Chancellor-Commander.

JACKSON FARM CONFERENCE CLOSSES WITH RECOMMENDATIONS TO ALL THE BRANCHES OF AGRICULTURE

The first Jackson County Agricultural conference closed its three days sessions Wednesday afternoon, with the reading of reports and recommendations from the various groups, which will be published in pamphlet form, for the guidance of agriculturists and horticulturists. The registration for the session was 634.

The land settlement committee report, read by H. L. Walther, recommended sound appraisal of all lands sold to newcomers, with the following committee preparing a plan: Miles Cantrill of Ruch, representing the farmers, H. B. Rankin, the federal government, and Earl E. Tully, the realtors, with a member to be appointed by the chamber of commerce. An inventory and classification of all lands in Jackson county, relative to its adaptability to farming was also urged.

The report further recommended more intensified production, co-operation with local and state agencies in the securing of settlers, co-operation with tourist camp managers in distributing literature, local control of federal lands, adjustment of reclamation and irrigation problems, farming or re-forestation of logged-off lands, and that the banks be asked to assist in the financing of dividing large farms into small tracts.

Harry Rosenberg read the report of the horticultural group, and stressed more vigorous action against blight in the orchards, and state legislation to that end. "Absentee ownership" of

GIBBONS BOUT IS OFF, WHITE BREAKS ANKLE

GRAND RAPIDS, Mich., Feb. 21.—Joe White, New York light-heavyweight scheduled to meet Tommy Gibbons here tomorrow night, will be unable to appear because of a broken ankle. It became known today. White was injured in training but the extent of the injury was not known until an X-ray was taken late yesterday. The bout was originally scheduled for February 15 but was postponed until February 22.

CLINE WINS DECISION IN PORTLAND BOUT

PORTLAND, Ore., Feb. 21.—Gene Cline of Oakland won a ten round decision over Ted Krache of Hoquiam, Wash., here last night. The Oakland boy kept a straight left in Krache's face throughout the fight, making the husky logger miss regularly.

Though Cline was able to reach Krache with ease, his punches seemed to lack power. In the closing rounds Krache tried to break through the Oaklander's defense and he almost succeeded, knocking Cline halfway through the ropes. In the eighth round, Krache had an edge in the final rounds, but the Californian had built up a big lead in the early rounds.

O. A. C. Defeats Whitman.

CORVALLIS, Ore., Feb. 21.—The Oregon Aggies defeated the Whitman college basketball quintet here last night, 41 to 16. The Aggies took an early lead and were never in danger.

Reinhart Is Retained

EUGENE, Ore., Feb. 21.—W. J. (Bill) Reinhart, basketball coach at the University of Oregon, was selected last night to coach baseball during the coming season. Reinhart is a former baseball star, having played three years varsity ball. He was baseball captain in his senior year.

Washington Beats Vandals

SEATTLE, Feb. 21.—The University of Washington basketball team last night defeated the Idaho Vandals 29 to 15. The victory leaves Washington in second place in the northern section of the Pacific coast conference, with a percentage of .714 or 24 points below the University of Oregon, who heads the list.

Correction Grand Jury Report.

In the Mail Tribune of Wednesday, it was printed that F. R. Kennedy was indicted by the grand jury for being drunk in a public place. This was an error Mr. Kennedy declares, explaining that he was indicted on two counts: possession of intoxicating liquors and breaking glass on a public highway.

William Hart, Friday

"Wild Bill Hickok," the picture in which William S. Hart makes his return to the screen, is the attraction at the Rialto theatre for Friday and Saturday. The story is based on the life of a real historical personage, "Wild Bill" Hickok, who was a famous Indian fighter in the old pioneer days. There is romance introduced along with the gunplay, and the whole makes a typical William S. Hart offering.

The Screen

"Anna Christie," tonight "Anna Christie" closes at the Rialto theatre tonight.

The "Anna" portrayed by Blanche Sweet undoubtedly deserves a place in the hall of fame beside the striking stage delineation of Pauline Lord. William Russell, as the Irish stocker, rises to emotional heights unsuspected even by himself in his previous work.

2 MEDFORD MEN ARE HONORED BY STATE RETAILERS

EUGENE, Ore., Feb. 21.—The twentieth annual convention of the Oregon State Retail Merchants association closed here last night with the selection of the University of Oregon as the meeting place again next year, and with the election of L. L. Thomas of Marshfield as president. David M. Graham of Eugene, was re-elected first vice president; J. C. Mann of Medford, second vice president; J. H. Garrett of Hillsboro, third vice president, and N. L. Crot of Portland, treasurer. The new secretary will be chosen by the board of directors later.

Directors of chapters were chosen as follows: Three years, C. L. Schoenfeldt, Portland; W. F. Kennedy, Corvallis; George Schaefer, Eugene and D. E. Sisson, Salem. Two years: Clint W. VanFleet, LaGrande; E. B. Harrison, St. Helens; A. G. Hoffman, Forest Grove; Harvey McPherson, Pendleton, and E. F. Douglas, Portland. One year: L. A. Blake, Marshfield; Edward Pease, The Dalles; A. C. Marsters, Roseburg; Larry Mann, Medford, and G. W. Hiatt, Enterprise.

Constructive resolutions were passed by the merchants which favored support of the McNary-Haugen farm aid bill, and the Kelly-Stein manufacturing bill both of which are before congress. The association also reaffirmed

STOP THAT COUGH!

After Grippe or a bad or a bad cold an irritating cough usually follows. That tiresome throat tickle prevents sleep and you cough until worn out, and when you go to church or the "movie" or theatre, just as everything is quiet comes the throat tickle, you can't suppress it, and you choke and cough as your neighbors glare at you. Relief is at hand! Dr. Pierce's Golden Medical Discovery will relieve the cough. It is an old, reliable, herbal remedy, will act as a tonic and blood purifier and restore health and strength.

Farm Pointers

CORVALLIS, Ore., Feb. 21.—In planning feed for next year plant some root crop to take the place of kale in case it freezes as it did this winter. Root crops such as mangels are a succulent crop and answer the purpose very well. The crop may be harvested in the fall and stored away in bins for winter use.

Unmarketable potatoes can be fed to dairy cows in the same way silage is fed. They should be fed gradually up to a maximum amount of 25 pounds per day. Contrary to general opinion potatoes do not affect the milk when fed. Cull apples may be fed in a similar way with no bad effect to the cow, such as decreasing the milk flow.

You receive more for first grade apples, eggs, and grain—why not more for first grade cream? Keep your separator clean and handle the utensils in a sanitary way. Many farmers do not clean their separators right after each separation which results in the accumulation of dirt and bacteria causing much of the cream to be graded as second grade cream. Quality pays in cream as well as in other products.

February is the ideal month in which to spray for the control of San Jose scale and blister mite. In case of a period of settled weather more effective results may be obtained than with later applications.

Road ways and ditch banks are the winter quarters of injurious crop insects. By burning over these waste places the hibernating pests are exposed to unfavorable conditions which will destroy many of them.

Stump Acres Earn No Money

UNCLEARED land will "eat its head off" in taxes and in the loss of crops you could produce on it. Stumps don't earn anything—they're "squatters" and should be replaced with crops.

The lower cost of clearing land with Pacific Stumping is shown by the increase in the number of ranchers in this neighborhood who are using it today. It shoots, sticks for stick, with any standard stumping powder, but you get one-half more sticks for your dollar. Pacific Stumping does the job right—more land cleared at less expense. And Pacific Stumping does not freeze or give a headache from handling.

We can give you complete explosives service. Our stocks include Pacific Stumping and other du Pont dynamites for use on the farm. Let us figure on your requirements.
