

THIS IS PRUNE WEEK

February 25 to March 1

Prune Growers of Jackson County have quantities of prunes that they have been unable to dispose of. In order to create a market for this crop the newly organized branch of the Oregon Retail Merchants Association has initiated a movement to

Help the Grower Move His Prunes

By designating this week, February 25th to March 1st, as a time when merchants will feature prunes in window displays and in advertising and people of this section are urged to cooperate by buying and eating Jackson County prunes.

Prunes and prosperity go hand in hand.

Buy and Eat Health Giving Prunes This Week
