URGE DAIRYMEN TO VOTE IN BLOC FOR ANTI-OLEO

HILLSBORO, Ore., Feb. 28.—If Oregon's 20,000 dairymen and all their relatives vote in a solid bloc for a proposed anti-oleomargarine bill in this state it can be adopted, said J. D. Mickle, state dairy and food commissioner, addressing the convention of the Oregon Dairymen's association here today. He said the prospects for increased consumption of dairy products is better at the present time than ever before in the history of the world, quoting President Coolidge and Secretary of Commerce Hoover in support of his statement. J. A. Scollard, chairman of the Washington pure dairy products committee, spoke against dairy products substitutes. Dairymen and others were warned by A. S. Dudley of the Oregon State Chamber of Commerce, to guard against foot and mouth disease of livestock. He said that while Oregon had been free from this disease constant care is necessary to prevent infection from being imported from other parts of the country and the world. He said the disease is frequently communicated by straw in packing cases and warning dairymen to burn such material, especially that coming from European countries.
