COMMUNICATIONS

Radio Broadcasters in Trouble.

Editor:
Some time the American Society of Composers, Authors and Publishers been trying to collect a fabulous sum of money from broadcast station for the privilege of using so called "light music."

acquaint the public with the odds used, it is necessary to explain that though they collect a sum of money for a piece of music, the music not be used in public where any collected without paying this so-called additional sum of money.

theaters, dances, etc., contribute their coffers and now they go so far as to collect where no fee is paid.

No KHL, the Times station for Angeles is being sued by the so-

ciety and no broadcasting of music owned by them is being used by any of the Los Angeles stations with one exception—the Star Spangled Banner. This was used by KHL last night and they defied the society to file an additional suit.

In looking over the list of those who make up the Society of Composers, Authors and Publishers the un-American Jew is plainly in control as mentioned by W. D. A. P., the broadcasting station of the Drake Hotel of Chicago.

Senator Dill of Washington sees the injustice of this society and is introducing a bill in congress to limit their power in the music world.

It seems peculiar that our national air, "The Star Spangled Banner," should be controlled by such men as Louis Bernstein, Silvio Hein, J. S. Rosenthal.

The public are requested to write their congressmen asking their support of the Dill bill.

K. P. DELEGATES RUN AFOUL OF NEW MOTOR LAW

When the large delegation of local Knights of Pythias, who attended the installation of the new Ashland lodge of that order, returned to this city at about 2 o'clock this morning six of them, tired out and anxious to get home quickly, parked their cars on West Main in front of the K. of P. hall and were taken home in other K. of P. cars.

These six were dumbfounded when they came after their cars early this forenoon to find notices pasted on them to report to the police station for violating the ordinance which prohibits cars from being parked on streets after 1 a. m., and a general S. O. S. call was sent to Aubrey G. Smith, chancellor commander of the local K. of P. lodge who finally squared matters with the police.

The new Ashland lodge was instituted last night with 29 new members of the order from that city, which membership will be much increased by a number of members of the Medford lodge who reside in Ashland, transferring their membership to the new lodge in their home town.

The new lodge also elected officers last night, who were installed.

VERNON VAWTER IS NEW EXALTED RULER OF MEDFORD ELKS

From the second the soulful and inspiring strains of their own sympathy orchestra struck up the "Return of Mandy Lee," prior to the election of officers at the opening of the lodge session with an extra large membership in attendance last night, the Elks were thrown into an amiable mood, which continued through the session, the election, and the rip snorting good entertainment afterwards. It was a gala night and there was lots of fun; in fact there was nothing else but.

As shown in the election the Elks are getting financially wise as the lodge grows older, and that is why they elected as their new head a bank cashier and reformed nigger minstrel. One Vernon Haymaker Vawter is the newly elected exalted ruler, and under his regime and with the cooperation of the other able newly elected officers the local B. P. O. E. men look for one of the most successful years in the lodge's history.

Mr. Seeley Victory Hall was chosen as the esteemed leading knight, and Mr. Abe Hites Cummings, the only bald-headed Jew to hold that office in Pacific coast Elkdom, was elected esteemed loyal knight.

Then just to show their broad-mindedness the Elks elected Mr. John Wesley Judy, the oldest and most conspicuous son-in-law of his wife's father, as esteemed lecturing knight.

But throwing all caution to the winds in their election of treasurer, just because a banker was at their head the lodge took a long chance and elected Mr. Lawrence Candler Mann as treasurer.

Mr. Lee Lucifer Jacobs who has held this office ever since his return from the Crusades was re-elected secretary, and Mr. Nick Young, a man of silence and aloofness was re-elected tiler. Mr. Ben Moller was elected trustee for three years.

The new exalted ruler will make the appointments of esquire, chaplain and various committees, and the new regime will be installed into office the first Thursday night in April.

The few acts of the indoor circus given during the entertainment program indicate that that big attraction, which opens at the Armory this evening will be well worth seeing.

Mr. Louis Ulrich, present exalted ruler, was elected as representative to the next Elks grand lodge convention, and Mr. E. E. Kelly was elected as alternate delegate.

WEDDING BELLS

Wedding Bells

W. T. Rutledge, of Texas, and Lilian B. Chase, a school teacher, from San Francisco, were married by County Judge Gardner Thursday afternoon, after a delayed start on the matrimonial seas. Neither the groom nor the bride knew anybody in this vicinity and the county clerk refused to issue a license until somebody would swear they intended to get married. Finally an acquaintance was discovered who swore he thought this was the couple's intention, and they were made one. The bride gave her age as 42, and the groom the same. They left at once for Grants Pass.

"The first time, Bennett, and I believe Major, came to me and said Mr. McLean was sick and did not want to come up to Washington at this time and that his son had been operated upon and was not well. They asked me if I would not see Senator Walsh and get him to excuse McLean coming here. I said there was no use in my seeing Senator Walsh; that they had better have a democrat see him and I suggested that they see either Senator Underwood or Senator Robinson."

Apples Meant "Fall"

WASHINGTON, March 7.—Ira E. Bennett, author of the "Principal" message in the McLean file of telegrams was questioned today by the oil committee.

"Apples," in the cipher telegrams, is the code name for Albert B. Fall, Bennett said. The cipher "count" referred to himself, Bennett said, explaining that it was a "jocular" term because of some decorations he had received from the king of Italy.

Bennett insisted, however, that he did not have a copy of the code and did not recall the meaning of some of

the messages he had sent to Florida. Bennett said that "H. D." in his telegram read into the record yesterday referred to Attorney General Daugherty.

This message was sent on February 14, at 12:09 p. m., to McLean at Palm Beach, and said:

"Will have conference with H. D. before one o'clock."

Don't let constipation make you an invalid —relieve it with Kellogg's Bran

Few people realize how dangerous is constipation until this dread disease tears down their health. Did you know that more than forty serious diseases can be traced to constipation?

Keep your health, or restore it, with Kellogg's Bran, cooked and krumbled. It brings relief in mild and chronic cases of constipation. It is effective because it is ALL bran. That is why it is recommended so highly by doctors. They know that only ALL bran can bring 100 per cent results. Part bran is, at best, only a halfway measure.

If eaten regularly, Kellogg's Bran will bring permanent relief—even in the most chronic case. It is guaranteed to do so. If it fails, your grocer will return your money.

Because it is ALL bran it awakens, cleans and purifies the intestine. Like nature, it acts naturally. It makes the intestine function regularly.

Eat it every day—two tablespoons—cooked in chronic cases, with every meal. Eat it with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Enjoy it in those wonderful recipes given on every package.

The flavor of Kellogg's Bran, cooked and krumbled, is delicious. It is crisp, nut-like. Quite different from ordinary bran, which are so unpalatable. Kellogg's Bran is made in Battle Creek and served by the leading hotels and clubs everywhere. Sold by all grocers.
