

CHARLEY TALENT BADLY HURT IN CYCLE ACCIDENT

Charles P. Talent, state traffic officer, sustained severe injuries Sunday evening, when his motorcycle plunged over the grade, near the Rock Point bridge on the Pacific highway into the Rogue river 35 feet below. Talent was brought to the Sacred Heart hospital in this city.

According to the story told by Talent this morning, he had stopped a car, and was in the act of turning around, when in some manner, the gas throttle was thrown open. The sudden jump of the machine threw Talent back of the seat, and before he could shut off the gas, the motorcycle with him had plunged off the bank. Talent struck his back on a log, and rolled into Rogue river. He pulled himself ashore, however.

An X-ray examination was made of the injured man's back this noon, and it is thought he will suffer no permanent injuries. He is able to move his legs, is in a cheerful mood, and apparently sustained no internal injuries.

LABOR TO SUPPORT ACTOR'S WALKOUT

NEW YORK, March 10.—Twelve hundred members of the Actors' Equity, associated, yesterday voted to sustain the organization's demand for the "Equity shop" after June 1 when its contract with the Producing Managers' association expires. Only two dissenting votes were cast.

Hugh Frayne pledged the complete support of the American Federation of Labor, if a strike follows refusal of the managers to meet the demand.

The final attitude of the managers is uncertain as last week the Shuberts who control seventy per cent of the city's theaters served notice they would accept the "Equity shop."

The "Equity shop" provides that casts must be either wholly composed of Equity members or wholly non-Equity actors.

CLAVILUX AMAZES LARGE AUDIENCE RIALTO MATINEE

THOMAS WILFRED, inventor of the wonderful instrument, the Clavilux, which plays light and color as a pipe organ plays music, lectured to the high school pupils this forenoon and the high school were dismissed at 2:30 to enable the pupils to witness the matinee.

All who attended the matinee were delighted and amazed by the impressive performance of the Clavilux. To try to describe the effect of lights and colors upon the emotions as projected by this instrument is impossible. One has to see to believe. Every one who fails to attend the performance tonight will miss one of the most unique experiences offered today in the realm of motion pictures.

TRAVEL TALK AT FORUM WEDNESDAY

A somewhat unusual talk is in store for the members of the Medford Chamber of Commerce at the forum Wednesday. The subject is "A Trip to New Zealand," which will be presented by M. C. Reed of Ashland, who for seven or eight years was connected with the Ellison and White Chautauqua, and during the past winter has been lecturing in the east.

Those who enjoy a good laugh will have their desire satisfied as the speaker has a keen sense of humor and all through his talk, which is intensely interesting and instructive to those who delight in travel, he tells of the amusing incidents and ridiculous situations which confronted him on his journey to New Zealand.

There has been no community singing at the forum for the past year and a half nor will there be unless the members decide to make it a part of the program, so those who have objections to singing need not stay away on that account.

SUZETTE STENNETT IN SECOND PLACE IN BABY CONTEST

After an intermission over Sunday the American Legion indoor circus will open its doors again this evening. The crowd who found their way into the Armory on Saturday exceeded that of the opening night, and indications point to record breaking crowds each of the remaining nights of the circus.

The prize winners of the fifteen dollars given away nightly, were: Blanche Jones, 144 Court, E. R. Lull, Central Point, and Ruth Fleming of Jacksonville. Each of the above named received five dollars cash. There will be another fifteen dollars in prizes given away tonight.

The artists who do the thrilling stunts have been practicing new novelties to offer the public. Senor Marcial on the high wire will balance himself on a twenty-four inch board at an angle of 45 degrees and will also jump clear of the wire into the air and land on his back on the wire. If he is lucky, he will remain there, as this trick is very difficult. Rue and Laura who have won many friends in Medford with their funny contortion offerings are going to put on a clown dance tonight.

At the count of votes Saturday night in the contests Mrs. N. I. Martin took the lead in the ladies' contest and Suzette Stennett moved up to second place among the babies.

The complete standing of all votes cast up to Saturday night is as follows:

Ladies' Contest	
Mrs. N. I. Martin	1425
Constance Ames	1379
Leel Edwards	1315
Victoria Andrews	1274
Rose Billings	1270
Marion Hill	1169
Babies' Contest	
Mary Louise McElhose	2157
Suzette Stennett	1699
Joan Garnett	1595
Peggy Garlock	1150
John Mann	1100
Pauline Patrick	1100

OIL HYSTERIA IS HURTING BUSINESS

WASHINGTON, March 10.—Congressional investigations were declared today with President Coolidge to have produced a state of public hysteria which is injuring business.

"I told the president," he said afterward, "that general business conditions are sound but that development and extension have been held up by the uncertainty due to this hysteria and the holding up of the administration's tax reduction legislation."

Mr. Schwab also gave the president a survey of European economic conditions as ascertained during his recent two months' visit to Germany, France and Belgium.

ESTABLISH AUTO BUREAU, ROSEBURG

ROSEBURG, Ore., Mar. 10.—Secretary of State Sam Koser, and T. A. Rafferty, chief of the motor vehicle department, spent yesterday in Roseburg and installed an automobile registration bureau, to be conducted by the local chamber of commerce. A new station is to be located at Marshfield and another in eastern Oregon in the near future, the secretary of state said.

These stations for the registration of cars from other states, are being located at all points most convenient for tourists. Letters are to be sent out soon to all peace officers instructing them to enforce the law requiring tourists to register in a strict manner.

At Palm Beach, Newport—wherever smart folks gather—Lucky Strike is a reigning favorite.

TRUCK AND BERRY GROWERS ORGANIZE

At a meeting of truck and berry growers at the public library Saturday, steps were taken toward forming a growers' organization, in line with resolutions adopted at the recent county agricultural conference.

Irrigation allows and demands intensive farming, and the growing of garden truck and berries, meets that demand. If intelligently organized and carried on, it should be very profitable, and promises to develop into one of the largest industries in Jackson county.

Another meeting will be held next Saturday, to complete the organization.

Carrier Pigeons to Report Race

THE PAS, Man., March 10.—Carrier pigeons will be used to transmit the news of the progress being made by the dog teams in the world's championship 200 mile dog derby next Tuesday and Wednesday. The pigeons are being held at the 50 and 100 mile points on the course and will be released one at a time with messages as the racing teams pass these points.

Demand Foley Pills

Foley Pills, a diuretic stimulant for the kidneys, have brought relief to thousands of sufferers from kidney disorders caused through the improper working of these organs. Foley Pills will promptly flush the kidneys thereby removing injurious waste matter. Mrs. O. C. Alexander, R. No. 35, Monroe, Mo., states: "I received the package of Foley Pills, and have been greatly benefited by their use." Sold everywhere. Adv.

J. J. CAMBERS OF ASHLAND ENTERS SHERIFF CONTEST

ASHLAND, March 10.—J. J. Cambers, a resident of Ashland for the past 20 years, has announced his candidacy for sheriff on the republican ticket, subject to the wishes of the republican voters at the coming primary election.

In listing his qualifications for the position, Mr. Cambers recalls that he served as auditor and recorder of Churchill county, Nevada, four years, and also served as sheriff of that county an additional four years, filling the positions to the satisfaction of his constituency. After leaving Nevada, Mr. Cambers located in Butte, Mont., where he was largely interested in mining and where he served four years as a member of the city council.

Mr. Cambers strongly endorses the dry law and promises to strictly enforce the same, as well as other laws. His announcement and platform appear in another column of this issue.

At the time of the armistice there were some 10,000 dogs with the armies of all sides.

ASPIRIN

Beware of Imitations!

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians over twenty-three years for
