The chalet addition will house the kitchen and dining room for the employees, says the Grants Pass Courier. The present structure will be used for the dining room for the guests, as last year showed it would not be adequate for the numbers expected at the resort this season. Amateur motorcyclists from Ashland and Medford gathered at the hill directly back of the Smith Hotel and enjoyed a hill climb that furnished thrills and excitement aplenty to the 60 or 70 people, says the Ashland Tidings. "From the starting point a run of about one hundred feet put the course well over the top of a hill that has a grade of 60 per cent. While none of the entrants turned over far enough to roll down hill, some did spill on the side of the climb and were forced to make new attempts. No prizes were given and the affair is only the outgrowth of two or three weeks of the sport by amateurs who are interested. The sport may be resumed next Sunday."

Have you a Cough?

Here's How to Get Rid of the Cough and Rebuild the Body.

PORTLAND, Ore.—"A few years ago I caught a bad cold which settled on my lungs and in the bronchial tubes. I had a severe cough, and became so bad that for six weeks I could not lie down, would have to sit up in a morris chair. I doctored, but did not get any better. I was 'all in' physically, and began myself to think there was no help for me, when I was advised by one of my doctors to take Dr. Pierce's Golden Medical Discovery. This medicine so completely relieved me of my trouble that I have never had any return of it. My lungs and bronchials are strong and never give me any trouble."—Mrs. Audrey Savin, 693 Tacoma Ave.

Obtain this "Discovery" of Dr. Pierce's in tablets or liquid at your nearest drug store and you'll quickly find that it builds you up, besides correcting your distress.
