FEBRUARY REPORT OF ACTIVITIES OF THE THRIFT SHOP

The month of February has seen the usual activities in the Thrift Shop. The prices asked for goods were considerably lower than usual, due to the needs of many of the customers; consequently the cash income was lower. There were also many articles which were needed, that we did not have in stock, so could not supply them. This was especially true of women's clothing, children's shoes and men's coats, shirts, trousers and shoes. A special appeal for women's clothes was put in the Tribune.

Many attractive garments were remodeled from motherly useless articles and from sugar sacks which the manager had dyed.

There were three special sales during February, a surprise package sale, a shoe and a coat sale.

On February 14, the manager went to Gold Hill to put an advertisement in the Gold Hill News, also a special article explaining the work of the shop. We also put an advertisement in the Jacksonville Post.

On February 22, Mrs. Holloper gave a splendid demonstration in clay modeling in the shop. About 30 or more people were present and evinced much interest.

Fifty-six garments were donated to 28 persons.

Donors to the shop were: Earl S. Tamy, Dr. Holt, Mrs. Newhall, Mrs. Ed. Kelly, St. Mary's academy, Mrs. James Campbell, Mrs. Findley, Mrs. Klockner, Mrs. Boutelle, Mrs. Aubrey Smith, Mrs. Rasmussen, Rose Jones, Central Point, Mrs. Gould, Mrs. Murray, Mrs. Swartz, Chester Barr and P. F. Close.

PORTLAND, Ore., Mar. 12.—John Wilkes Booth, murderer of Abraham Lincoln, was not killed, as history records, but escaped into Mexico, returned to the United States later, and did not die until last year, at Enid, Okla., according to statements by Dr. Clarence True Wilson, Portland clergyman, published today by the Portland Telegram.

According to Wilson, Booth's body, preserved, is now at Memphis, Tenn. Booth lived under the name of John St. Helen, according to Dr. Wilson, who claims to have as his authority friends of Booth, who kept the fugitive's secret all the years.

ACCUSED SOLONS TO PROBE THEMSELVES

WASHINGTON, March 12.—Representative Zihlman, republican, Maryland, today renewed his demand that the house authorize a searching investigation of reports that criminal evidence was developed against him and one other member of the house before the Chicago grand jury.

Declaring he was guilty of no wrongdoing, Mr. Zihlman protested on the floor of the house against a recommendation of the judiciary committee that the matter be left entirely to the department of justice for further investigation.

A fight over the committee's report was precipitated when Representative Dominick, South Carolina, a democratic member, offered a minority recommendation that the house insist that Attorney General Daugherty disclose the names to the house.

LYONS, France, March 12.—Four persons were killed and 25 injured when a Calais-Mediterranean express train was wrecked near here today. All but one of the killed and one of the injured are British, who were bound from London for the Riviera.

The wreck was caused by derailment of the engine at a switch. A sleeper and diner piled and several coaches were badly battered. In clearing up the injured later it was found that two of the less seriously hurt were Americans. Their names were given as Miss and Mrs. McCormack of Los Angeles.

CHARITY BALL ANNUAL EVENT OF KIWANIS

The Kiwanis club has decided to make the Charity ball an annual affair and the first one will be held in the big hall of the Nat on the evening of March 21, the next evening after Easter and will be a big event.

The Kiwanians are backing the Jackson County Red Cross and the proceeds of this ball will go for their benefit.

It is expected 500 couples will attend and those who do not dance will be given the opportunity to play Mah Jongg in the small room of the Nat.

This dance will be an informal one and will be for everybody in Jackson county.

Chairman C. M. Kidd has a bunch of live-wire business men on the different committees and they are actively engaged in preparing for this event.

DAUGHERTY WINS HIS STAND ON NAMES

WASHINGTON, Mar. 12.—Opposition was indicated today by some democratic members of the house to recommendation of the judiciary committee that investigation of the charges that two members of the chamber have accepted money improperly belonged to the department of justice.

The committee found the reply of Attorney General Daugherty to the resolution directing him to divulge the names of the accused representatives presented to the house the choice of taking full responsibility for investigating the allegations, or permitting the department to continue its investigation. In advising that no further effort be made at present to ascertain the names from the department the committee declared it was unwilling to recommend that the house be placed in the position of being responsible for the suspension of proceedings by the attorney general in connection with the matter.

These methods have proved effective in many tests. A new-type tooth paste has been created to apply them daily. The name is Pepsodent.

Leading dentists the world over have long advised its use. Now careful people of some 50 nations employ this modern method.

Results you see and feel

The results of the ten-day test will delight and convince you. Cut out coupon now.

Why Not You?

When millions now attain so much by fighting film on teeth

Careful people, the world over, use a new teeth cleaning method. You see the results in whiter teeth in every circle now.

It means new beauty, new safety, new delights. It means to children new protection against troubles you have suffered.

Let this free test prove the benefits it brings.

Film mars beauty

That cloud on teeth is film. At first the film is viscous. You can feel it now. Soon it discolors, forming those dingy coats.

No ordinary tooth paste effectively combats it, so the coats may long remain.

Film holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Such troubles are almost universal with people who don't fight film.

Easy to combat

Now that film is easy to combat. Dental science has found two

Protect the Enamel

Pepsodent disintegrates the film, then removes it with an agent far softer than enamel. Never use a film combant which contains harsh grit.
