

OLD RESIDENT OF JACKSON COUNTY DIES IN PHOENIX

William Aaron Short, well known citizen of Jackson county for 52 years and a resident of Phoenix for more than 40 years, passed to his reward at 5:00 o'clock this morning at his home in Phoenix.

Death followed a period of two years illness caused by heart trouble. Deceased was born at Sawyers Barr, Calif., January 29, 1862. When a child of 4 years he came with his parents from Yreka to Jacksonville and has been a continuous resident of Jackson county since that time. For many years he was engaged in mining and in 1896 was married in Phoenix to Minnie Oliver who survives him.

Mr. Short was especially well known about Phoenix where he has had charge of the Phoenix water works. He leaves besides his bequeathed wife, three children, Mrs. K. A. Knight and Mrs. M. F. Davis of Portland and Arlet Short of Phoenix, also one brother and two sisters, Mrs. Russell Harvey, San Francisco; Laura A. King Phoenix, and Thos. Short of Burns, Ore., and one niece, Mrs. D. M. Watt of Phoenix. Mr. Short was a highly respected member of the Woodmen of the World. The remains

JOE M'MAHON BUSY MAN NOWADAYS

J. J. McMahon, local state traffic officer is a very busy man these days. Starting with the Klamath county fair where he was director of traffic, he rushed back to Medford the following week to take charge of traffic during the Jackson county fair, as well as the auto races on Sunday. Then, upon receiving special instructions from State Traffic Officer T. A. Rafferty, he left in his car for Pendleton Monday to take charge of the traffic at the roundup, and upon its conclusion he will drive from Pendleton to Salem, where he will serve in like capacity during the state fair next week. It seems that whenever there is hard work to be done in the line of directing traffic, Joe is the man called upon to get busy.

WFAA—Dallas, Texas, 478 meters, 10:30 to 11, musical program by talent from a Dallas theater.

ASHLAND HOLDS FIRST FORUM OF THE FALL TERM

ASHLAND, Sept. 17. — Ashland Chamber of Commerce held the first forum luncheon of the year at the Ashland Hotel dining room. Seventy persons sat down to a splendid luncheon that certainly speaks well for the new management of the hotel. A number of ladies were present and several guests attended from out of town.

Dr. W. W. Youngson of Portland was the speaker of the day and gave an exceptionally fine inspirational address voicing the present day needs of the country. He spoke for the home spun virtues and quoted Roger W. B. Babson as representing the business world in saying that what the world needs is a good old fashioned revival of religion. The need is not for men who achieve commercial greatness, but for those who lift the level of character.

Fred C. Homes spoke for the protection of the dairy interests of the state and urged that the chamber go on record. Action was taken and there is no doubt that Ashland will respond in loyal fashion at the November election in helping to roll up the "yes" majority on the oleomargarine bill.

William M. Briggs who recently purchased the Roche property at the corner of Granite and Nutley streets is busy making improvements on the place. The old seven room house that faced on Granite street has been moved to the rear on the Nutley street frontage. That leaves three fine lots on Granite street, on one of which Mr. Briggs will erect a fine home built in Colonial style. Excavation work for the basement is already completed. The Briggs family will occupy the remodeled house on Nutley street until the new home is ready for occupancy. Mr. Briggs left Wednesday for Kentucky to meet Mrs. Briggs who has spent the summer with her people there. They will return to Ashland by October 6th.

Mr. E. J. Allen, proprietor of the Ashland hotel, has purchased the two properties just north of the hotel, one facing on Oak street, and the other on North Pioneer street. Mr. Allen expects to use the lots for garage facilities for the hotel.

Mrs. Bertha Denton, school nurse for the Ashland and Medford districts, began work in Ashland Monday morning, having completed her initial survey at Medford.

Mr. A. W. Moon of the Moon Lumber company was an Ashland visitor on Thursday.

Ashland was represented at the regular meeting of the college club which met at Medford Saturday afternoon by Messrs. Fred D. Wagner, Emil Pell, H. A. Stearns and G. M. Green.

Mr. Fred Kiser of the Kiser Studio of Portland was an Ashland visitor on Monday. Mr. Kiser and his son have maintained a studio at Crater Lake during the summer.

Russell Frost, son of G. M. Frost, and 1924 graduate from the Ashland high school, writes to his father that he is in Baltimore and expects to see every inch of the city before he leaves. Russell is in the merchant marine, having joined shortly after his graduation, and reached the eastern sea coast by a wonderful trip through the Panama canal, afterward visiting New York, Boston and other interesting eastern points. His ship will be taking cargo at Baltimore until October 10th.

Mrs. W. E. Moore, nurse of the Metropolitan Life Insurance company returned to her home in Ashland after spending two weeks helping at the Community Hospital at Medford.

Mr. and Mrs. E. T. Merrill are both quite ill and Mr. Merrill's son has been called from Albany. Mrs. Merrill is making a slow recovery, but Mr. Merrill who has been more seriously ill, has not shown much improvement.

Mr. O. H. Johnson, the jeweler, left early Tuesday morning for Pendleton to witness the Round Up.

Jack Milton, new resident in Ashland from Long Beach and Honolulu, leaves soon on a ten day's hunting trip and upon his return to the city will leave for a visit at Long Beach.

Miss Marjorie Payne, who works in the Billings' office, has returned from her vacation trip to San Francisco and went to work again on Monday morning.

Mr. and Mrs. W. W. Potter and Mrs. M. C. Potter were here over Sunday from Yreka visiting at the Walter Everton home on Allison street.

Mr. and Mrs. Cliff Jenkins of Grants Pass were visiting in Ashland on Tuesday.

Fred A. Taylor of the Plaza Confectionary and Harry McNair of the Park Garage have gone to Klamath county on a duck hunt.

Mr. and Mrs. J. M. Wagner returned Monday night from their business trip to North Bend.

The cafeterias at the High school and Junior High school began operation Monday morning. These hot lunches are furnished at cost to the students and pay for themselves so they are furnished at absolutely no cost to the district. The cafeterias fill a distinct need by furnishing a warm and nourishing meal to the boys and girls at a minimum price.

Miss Etha Abbott, bookkeeper for the Enders company, is still ill and confined to her home.

It is unlawful for a woman to set foot on Athos Peninsula, in Greece, where monks of the Greek church live.

Success in Life Depends on The Stomach

Napoleon said, "An army travels on its stomach." And it is just as true that the citizen in ordinary life is dependent upon his stomach. The normal, healthy individuals, able to eat heartily and assimilate their food, have strength, endurance, ambition, alert minds and attractive, pleasant personalities. Those who are constantly suffering from indigestion, constipation, gas on the stomach, and other distressing ailments invite defeat from every point, and usually are failures in business and socially.

If you are one of these sufferers, relief is offered and guaranteed by the makers of Smith Bros.' M. A. C. Stomach Tonic, which is sold on the positive guarantee or the refund of the price (\$1.25) if the first bottle fails to give you satisfactory relief. Get a bottle today. Heath's Drug Store, West Side Pharmacy will supply you (small orders accepted). Rid yourself of stomach distress and see how much more interesting and pleasant life will be to you. Adv.

—No Starchiness

It's the exclusive Fontana process that makes Fontana's Macaroni so tasty and nutritious. It removes unpleasant starchiness. Fontana's is full of flavor—cooks up tender and snow white. Serve it in place of potatoes or meat. A ten cent package makes a meal.

Other Fontana Products: Spaghetti - Vermicelli - Elbow Spaghetti - Egg Noodles (fine and wide). The new macaroni specialties—Butterflies, Daisies, and Alphabets.

Permanent roads are a good investment —not an expense

How the Motor Industry Set the Pace for Highway Building

The "horseless carriage" of yesterday is now being produced as the modern automobile at the rate of 4,000,000 a year. The total number of motor vehicles registered in the United States is over 16,000,000.

And automobiles built today are more than ever capable of economically serving both business and recreation needs.

But there is an obstacle standing in the way of its maximum service to owners.

For while the automobile industry made paved highways an economic necessity, the mileage of such roads is today years behind the requirements of modern traffic.

Happily motorists everywhere are boosting for more and wider paved highways.

And extensive experience has taught them that Concrete Highways are one of the best all-around investments they can make—an investment that pays big dividends.

As one of our 16,000,000 motorists you know better than anyone else the need for more and wider Concrete Roads. Start now to help your local officials provide them.
