

### COUNTERFEITING CASE STARTED IN FEDERAL COURT

The federal court for the southern Oregon district, Federal Judge R. S. Bean presiding was called at two o'clock this afternoon, in the federal building. The morning was devoted to arranging of detail for the term.

The first case will be that of the United States against Hugh Knight, charged with counterfeiting. Knight, now serving a three-year sentence for killing a horse and stealing a saddle on the Klamath reservation, was brought Monday from McNeill's Island prison, and is quartered in the county jail. The case is expected to last two or three days.

The second case will be that of the government against Laidley and Ellie for alleged land fraud, and is expected to last a week or ten days, with a score of witnesses from southern California.

The third trial is a liquor charge against the Butler Brothers of Klamath county, for possession and transportation of liquor on the reservation.

### OVER 4500 HEAD OF CATTLE KILLED, RELIEF IS SOUGHT

HOUSTON, Texas, Oct. 7.—Steps toward obtaining a modification of the quarantine against the state of Texas by other states because of the outbreak of the foot and mouth disease in Harris county were made yesterday by J. E. Borg-Scott, chairman of the Texas livestock and sanitary commission. He announced that he had requested John R. Mohler, head of the federal bureau of animal industry to call a meeting of representatives of the different states for the purpose of obtaining modifications of the quarantine against Texas.

An additional 1500 head of "contact cattle," the cattle that may have come in contact with infected cattle while grazing, were ordered killed yesterday. This brings the total ordered slaughtered to 4500.

### THIS BRIGHT BABY GIRL

Brought Joy to Home. Mrs. Price's Health Restored by Lydia E. Pinkham's Vegetable Compound

Scotac, Pa.—"I never felt like working, and when I would try to do any work standing on my feet, I would just drag around all day long. At times I would have terrible pains and would be in bed three or four days. I was in this condition about a year when I saw Lydia E. Pinkham's Vegetable Compound advertised in the papers. I had heard different women say it was good for women's troubles, and my aunt thought it would help me as it had helped her. So I took the Vegetable Compound and it brought things right, and I was in good shape before I became a mother again. I believe it helps at birth, too, as with both my other babies I suffered a great deal more than with this one. I thank you a thousand times for the good your medicine has done me. It has surely made our home a happy one."—Mrs. ROBERT PRICE, Scotac, Pa.

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 68 out of every 100 report they were benefited by its use.
