**VOTE 307 X NO!**

**COOLIDGE CERTAIN TO WIN IF HIS SUPPORTERS VOTE**

That Coolidge and Daves and McNary and Hawley will have good majorities in this county Nov. 4, and that the entire republican legislative and county tickets will be elected, provided the republicans get out and vote, as they should, was the unanimous opinion of the Republican County Committee and its auxiliaries that held a meeting here yesterday. The only thing that stands in the way of success is the belief among many republicans that this state and county are safely republican and why bother to vote. Over-confidence has lost many elections and every republican, and all others who believe in a conservative, safe business administration in nation, state and county should get out and vote for Coolidge and the republican ticket and see that their neighbors vote, is the request of the committee.

The called meeting of the Republican County Central Committee in conjunction with the newly appointed executive committee, the ladies' advisory committee and the county candidates, held at Hotel Medford Tuesday afternoon, was unusually well attended, there being 39 men members and 11 women members present.

It was one of the best meetings held for several years and is another evidence that the Jackson county committee is one of the most active in the state.

President Jack Wakefield presided and the secretary, Ralph Bardwell, called the roll of the precinct committees.

President Wakefield announced the executive and women's advisory committees and most of them were present having been notified in advance of their appointment.

Executive committee: Bert Anderson, chairman; B. E. Harder, R. E. McElhose, Glenn O. Taylor, Medford; V. V. Mills, Harry Tomlinson and Harry Hosler, Ashland; Vera Pendleton and C. W. Lever, Central Point; W. H. Crandall, Eagle Point; S. N. Nye, Talent.

Women's advisory committee: Mrs. Edith McCracken, Mrs. Grace Turner, Mrs. Louis Dodge, Mrs. A. E. Kinney, Ashland; Mrs. C. W. Holdridge, Talent; Mrs. W. B. Robinson, Mrs. A. J. Klock, Mrs. C. M. Kidd, Medford; Mrs. J. R. McCracken, Talent; Mrs. Barnes Smith, Central Point; Mrs. Blanche Cook, Jacksonville.

A letter was read from State Chairman I. L. Patterson calling attention to the over-confidence of republicans in Oregon and the danger that might result therefrom and urging every precinct committee and all others interested to work from now until election to get out the vote.

A general discussion was entered into by both the ladies and men regarding conditions in the state and country, plans for the balance of the campaign, the success of the county ticket and other business of the committee.

Mrs. D. Peruzzi, member of the executive committee of the state, reported having visited the state headquarters at Portland lately and gave the meeting an idea as to plans to be followed by the counties.

The following resolution was unanimously adopted:

Under the election laws of the state of Oregon, a county committee is elected by the people at the primary at the same time the candidates are nominated, and this committee is given full authority to take charge of the campaign for election.

This committee is made responsible for the conduct of the campaign; it is empowered to levy assessments on the candidates and to otherwise raise funds for proper and legitimate campaign expenses. The powers of this committee given both by law and by implication are almost unlimited. Therefore, be it

Resolved, that the Jackson County Republican Central Committee exercise in every just and reasonable way in this campaign the full powers given them by law.

Believing in the party government and party responsibility, we therefore pledge to the people of Jackson county that if they see fit to elect our candidates on the 4th day of November, then this organization will get behind those county officers and encourage and support them in every way, so long as they conduct their respective offices in an able, economical and honest manner, and if they prove unworthy in the conduct of their offices, and should charges of inefficiency or dishonesty be preferred against any such officer and if upon investigation are found to be true, then this committee pledges the people of Jackson county that we will ask for the resignation of any such officer, and, if necessary, take steps to remove him.

Further, if these candidates are endorsed at the polls this fall, then this committee is resolved to see that harmony is brought into the court house at Jacksonville and that all of these officers pull together for efficiency in our county government, to the end that the burdens of the taxpayers may be relieved to as great an extent as possible.

We further pledge ourselves to see that unnecessary deputies, special police and other special officers and any unnecessary members of the clerical force not absolutely necessary for the efficient conduct of county business, shall be cut off.

With this understanding and pledge, we submit for the consideration of the voters of Jackson county our ticket nominated by the republicans in the May primaries.

**MRS. MERRITT IS CROSS-EXAMINED BY ATTY. NEWBURY**

Mrs. Grace Merritt, defendant in the divorce suit of George A. Merritt, was on the witness stand all day Tuesday and was under cross examination most of the afternoon by Attorney Gus Newbury. A bitter exchange of comments between the defendant and her husband's counsel, veiled charges of perjury, a letter from Mary A. Bauer of Venice, Calif., giving the address of William Nestlehouse of Omaha, Nebraska, a race-track man, and the kindness and alleged jealousy of an aunt of the plaintiff, were high spots in the day's session.

The letter of Mary A. Bauer told of the alleged friendship, between Grace Merritt and William Nestlehouse, and how "Mrs. Merritt had read me letters she had written." The epistle implored George Merritt, its recipient not to divulge the author, "as we want nothing to do with Grace or her affairs, but just mention Billie Nestlehouse, and it will surprise her, and you can win your suit." The letter set forth that Mr. Bauer knew nothing of it, and was written "as a special favor." The address of Nestlehouse was given as 295 Kirkbach Block, Omaha, Neb.

Mrs. Merritt denied the imputations in the letter, vigorously.

Questioned relative to an affidavit from the auditor of the U. S. Grant Hotel at San Diego, Calif., stating that Mrs. Merritt had not been registered with her brother, on the date she said, led to a warm interchange.

"Do you mean to intimate that I prevailed upon the auditor to commit perjury," asked Attorney Newbury.

"If the shoe fits, put it on Mr. Newbury," was the reply.

Another bit of sarcasm fired by the defendant was "Miss McCredie told me once you were a crook and I think that is why she hired you to try and win this case."

Attorney Newbury smiled at this remark, with the comment, "That's fine."

The interchange became highly personal and the court admonished both to be calm. A moment later a recess was ordered.

Mrs. Merritt also denied that she had told Mrs. Pearl McCredie, when she accompanied a gentleman home from a party that the gentleman, whose name was not mentioned, had made the trip at her own suggestion, or had told Mrs. McCredie, when they arrived at her home she would say, "Good night, Pearl! Good night, Clif! Is the plaintiff would think Mr. and Mrs. McCredie had accompanied her home.

"At their suggestion I went home with him," Mrs. Merritt testified. "It is true it was a moonlight night, and my company was a gentleman."

The witness testified that when she told Mrs. Reter of Jacksonville, "she was going to California to visit a friend, I meant my brother." There was some spirited comments between the witness and Attorney Newbury on this point.

Mrs. Merritt, under cross examination admitted that Miss Jessie McCully of Jacksonville, aunt of the plaintiff had given her many gifts, and been kind, but had criticized "her housekeeping."

It is expected that the hearing will be concluded today.

**FEHL ANNOUNCES HE WILL SPEAK ON CITY ISSUES**

To the Taxpayers and Voters of Medford:

Friends and Neighbors--In a recent letter addressed to O. O. Alender, erstwhile "Business Men's Candidate" for mayor, now known as "Citizens and Business Men's Candidate" for mayor, but in reality the "Administration's Candidate for Mayor" I asked Mr. Alender to give me on the public platform to stand for voters just what each of us told for, but in Mr. Alender's, et al, published public answer to my letter, I note he infers that his record as well as the record of the signatories to his humble published refusal, are so well known that it would not be necessary to meet the public face to face in an eulogistic record of such a remarkable individual as his, thus I infer that it would be rather embarrassing to his personal verbiage to condescend to address the public on such an embarrassing issue; therefore I heartily accept Mr. Alender's et al, published refusal to champion his own cause in my, and the public's presence.

In passing the issue at this time, I wish to inform the public that before the campaign closes, I will address

them publicly on the issues of the campaign, informing them fully on what my attitude is in regard to the issues therein that prompted me to file my independent candidacy for the office of mayor of Medford.

(Granting that there is a reasonable excuse for Mr. Alender's et al, published refusal to champion the cause he now seems to represent, I am preparing some data on the administration record which I will present for your consideration at the meetings I expect to hold, assuring you that I do not intend to deal in the personal character of any one, but solely on the official record of the city administration, which administration policy I now have assurance from Mr. Alender's et al, published answer, is being championed by him. Announcements of meetings will be given out later.

EARL H. FEHL  
Independent Candidate for Mayor of Medford.

**Road Building Far Behind the Automobile**

Millions now recognize the automobile as a necessity. It is no longer a luxury for the few. Sixty per cent of its use is for business.

Because of this the modern paved highway has become an economic necessity.

Yet although the mileage of Concrete Roads and Streets has been steadily increasing, our highway system today lags far behind the automobile. The great majority of our highways are as out of date as the single-track, narrow gauge railway of fifty years ago.

Such a condition not only seriously hampers the progress of the automobile as a comfortable, profitable means of transportation, but also holds back commercial, industrial and agricultural advancement in practically every section of the country. It is costing taxpayers millions of dollars annually.

Highway building should be continued and enlarged upon.

Your highway authorities are ready to carry on their share of this great public work. But they must have your support. Tell them you are ready to invest in more and wider Concrete Highways now.
