FIRES COST OVER MILLION DOLLARS EVERY 24 HOURS

An average of 41 deaths and the destruction of property valued at \$1,370,000 is the daily toll taken by fire in the United States.

The annual property loss due to fire would pay one-half of the interest on the public debt or maintain the army and navy.

It is the equivalent of the total yearly production of gold, silver, iron and copper in the United States.

It would pay for the erection of 2500 hospitals costing \$200,000 each.

To reduce fire hazards the fire department has formulated some simple rules for general observance. They are:

"All electrical wiring should be inspected and approved before use. Care should be taken in handling electrical heating devices.

"All gas lights or open flames should be kept away from woodwork and other combustible materials.

"An electric flashlight should be used in looking for gas leaks.

"Matches should be handled carefully and properly disposed of when extinguished. They should be kept in a metal container inaccessible to children.

"Gasoline, benzine and kerosene should not be used to start fires. If used for cleaning, the work should be done out of doors.

"Chimneys and flues should be inspected, cleaned and repaired before winter. Hot ashes should be placed in metal cans.

"All refuse should be promptly collected and removed. Good housekeeping is a valuable ally of fire prevention.

"Every citizen should realize that large fires usually are small at the beginning. He should, therefore, use every precaution to prevent them. They might not only destroy his own property but cause loss and suffering to others."

Lecture Tonight Christian Church

"King Solomon," will be the subject of a lecture sermon at the First Christian church tonight at 7:30 by Dr. A. W. Young, of Fort Worth, Texas.

Dr. A. W. Young

biggest fool." It deals with every activity of life, and is specially designed for young folks, and guaranteed not to hurt the older ones.

HOME LIGHTING CONTEST NOW ON

The Home Lighting Essay contest, which is being conducted in the territory from Roseburg, Ore., on the north to Dunsmuir, Calif., on the south, was estimated to have 1500 contestants in this territory.

The prizes, badges and newspaper bonuses have all been distributed to the 2500 students in the schools and they are very busy at work, all with the intention of winning one of the valuable local cash prizes.

It is interesting to note from all reports that the international contest has assumed greater proportions all over the United States and Canada than was ever dreamed of when the plan was made.

Cotton Market Breaks. NEW YORK, Oct. 14.—There was a break of 40 to 25 points in the cotton market today due to reports of an increasing movement on Southern States and a renewal of general selling.

MAY BRING SUIT AGAINST COLEMAN TO GET TAX CUT

In a letter to County Judge Gardner and County Clerk Florey, the other two members of the board of equalization, County Assessor Coleman serves notice that he will not obey their ruling, ordering a 33 per cent cut in the valuation of farm property (tiltable), and a 25 per cent cut in the valuation of stock cattle.

In the meantime, William Ulrich, democratic candidate for county judge steps forward and has retained Evan Remmes as counsel, to see that the assessor obeys the order, and the two officials may themselves take action as individuals, not officials.

The board of equalization, under the law is "dead" until next September.

Assessor Coleman in his letter sets forth the following reasons why he will not comply:

"That such order was not made at any meeting of the board of equalization, nor was the making of the order authorized by the adoption of a resolution or motion authorizing the reduction.

"That the order was not adopted at a legal meeting.

"That the reduction is arbitrary, unfair and inequitable, and is an attempt to favor one class of taxable property over other taxable property."

The cut would make a difference of \$1,500,000 in the valuations on tiltable lands, and reduce stock valuations from \$18 to \$12 per head.

U. S. Record Broken. LATONIA, Ky., Oct. 14.—Chillicothe, the son of Ballot-Bourbon Lass established a new American record of 1:44-4-5 for a mile and one-eighth here today when he won the Covington purse by four open lengths from the old record held by Gouler and Graeme and Hopless. The colt broke Greylag of 1:49, made in 1921.

Many Deaths From Bootleg Liquor

Recent investigation has disclosed the fact that America is flooded with falsely labeled bootleg liquor, which is causing an alarming number of deaths.

Hospitals and insane asylums are drawing their quota from the army of victims whose health has been wrecked by poison booze.

In many cases the delicate lining of the stomach is partially eaten away or badly ulcerated, and the whole digestive system upset, from the effects of these vile bootleg concoctions.

Even the moderate use of the stuff often develops a serious inflammation of the stomach which may finally involve the bowels and bring on appendicitis.

The first warning of digestive trouble is usually a burning sensation in the stomach after eating sometimes accompanied by excessive gas, sour risings, nausea, vomiting, dizziness, headache or other distress. If you are a sufferer, don't experiment!

Get Smith Bros' M. A. C. the guaranteed stomach treatment, and take a dose after each meal. Money back if the first bottle doesn't give relief.
