

WILLIAM ULRICH

Democratic Candidate for
COUNTY JUDGE

Taxes can and must be reduced and I will reduce them by giving the people a business administration.

The undersigned doesn't need any introduction to the old-timers in this valley, but some of the recent arrivals may be interested in knowing that I was born in Iowa in the year 1858, crossed the plains with my parents in 1860, settled in Jacksonville and have since then resided in this valley. I removed to Medford when the railroad reached the valley, and now reside in this city. Have been engaged in various undertakings and have had a reasonable success in business. Have been a retired business man since 1919, when the firm of Ulrich & Ryan closed a five-year term in the grocery line, meeting with a somewhat unusual degree of success.

I have never taken much interest in politics, concentrating on business, as business should be conducted according to my ideas, and my experience convinces me that the business of Jackson County, which is really a corporation in the business sense, should be conducted on strictly business principles in the same manner as a good business man would supervise and conduct the business of a corporation. I want to be County Judge solely to give the people of Jackson County such a business administration, if they see fit to favor me with success at the polls, as will make this valley the most prosperous section of Oregon. Such business ability as I have will be devoted unsparingly to the interests of the people of Jackson County. And candor compels the statement that it is high time that the people were turning from the spending idea to that of saving for the next generation, and getting our affairs in better shape.

When a budget is adopted, it should not be exceeded, except in extreme, unforeseen cases, such as fire, floods and other things over which no one has any control.

How about it? Let me show what the application of business principles to county business can do. Respectfully submitted,

WILLIAM ULRICH,
Candidate for County Judge.

REGULAR REPUBLICAN NOMINEE
FOR
COUNTY COMMISSIONER

Being a heavy tax payer myself, I stand for strict economy, sound business principles, protection of our industries we now have and encouragement of new ones; which means more payrolls and the development of our natural resources.

I believe in strict law enforcement, but through the regularly elected officials who should have same in charge.

My record of four years' work as commissioner should qualify me to be better fitted to serve you and in getting state and federal aid on our roads, such as the Crater Lake and Ashland-Klamath Falls road.

BLACK DISCARDED BY PARIS FASHION, FEATHERS COME IN

PARIS, Nov. 3.—Fashion has virtually said goodbye to black; and brilliant browns and reds, greens and blues are the favorite colors for the Paris winter season. The brighter shades made into gowns usually trimmed with fur are much in evidence.

Feathers also have become a decided feature of feminine wear, not only for the filmy dance gowns, but also the more formal dinner models and afternoon creations. Some of the models which have been seen are finished with a scarf softened by strand upon strand of shaded gray ostrich fringe. Feathers are gradually regaining favor as hat trimming, too, not the long ostrich plumes which adorned the picture hats of 1920, but scarfs of ostrich, powdered or gilded, made up into pompons or bouquets. Some evening and theater gowns are worn with a cape of ostrich plumes dyed to match the color of the dress.

The beaded dancing frocks of the present season are much more elaborate than has been the custom of past winters. Gold beads on white are used to make attractive dancing costumes.

15 MILLION SLUSH FUND IS CLAIMED BY LA FOLLETTES

NEW YORK, Nov. 3.—"It is reasonably certain that Senator LaFollette's first estimate of the four or five millions being spent by the republicans was an under statement and that the slush fund will be closer to fifteen millions," Samuel Untermeyer and Senator Frank P. Walsh, special counsel appearing before the Borah committee investigating campaign funds declared in a statement made public yesterday.

"The republican party has so much money and the other parties have had so little that all sorts of wild assertions, put out through vast publicity bureaus maintained by the republican party, have had to go unanswered," according to the statement.

"Chief among them is the statement that no 'slush fund' has thus far been developed in this inquiry. We maintain that this is not true and that whilst details are lacking and cannot be completely supplied before election, the outstanding facts demonstrate a vast undisclosed fund."

GERMAN EDITOR IS SELF-SLAYER

ST. LOUIS, Nov. 3.—Hans Hackel, one of the most prominent German language editors of the country and president of the corporation publishing the Westliche Post, was found dead in the kitchen of his home late last night by his wife as she returned from a theater. According to the police report, his hand was resting on an open jet of the gas range.

A note stating "I cannot stand the strain any longer," was found on the kitchen table, police asserted. With this remark, his friends believed he referred to the criticism he was said to have incurred from his opposition to the Steuben society, a national organization of German-Americans, during the presidential campaign. Mr. Hackel was an ardent supporter of President Coolidge and only recently he called on the president to report the political situation in Missouri.

Mr. Hackel was born in Germany and came to this country more than thirty years ago. He was 55 years old.

EXECUTE LEADER OF PERSIAN MOB

WASHINGTON, Nov. 3.—Execution by the Persian government of Seyid Hussen, ring leader of the mob which murdered American Vice Consul Imbrie in Teheran was reported officially today to the state department. Another man was executed for the crime at the same time.

The death sentences were carried out after the Washington government had insisted that the two men must receive the extreme penalty despite a decision by the Persian cabinet to commute their sentences. A third man found guilty and sentenced to death was executed some time ago.

Grant Never Said Much, But He Stuck to His Job ---So Does Coolidge

PERFORMANCES ARE BETTER THAN PROMISES
DON'T TRADE REALITIES FOR UNCERTAINTY

Our country is in safe hands today—why change? Conditions are sound and wages higher than they have ever been. Why not let well enough alone?

Excessive tax burdens have been lifted by Coolidge and his party. More than 4,000,000 heads of families were helped by the 25 per cent cut in income taxes.

Nuisance taxes were removed. There is no longer a tax on automobiles costing less than \$1000, nor on theater tickets costing less than 50 cents.

"I WANT THE PEOPLE TO WORK LESS FOR THE GOVERNMENT AND MORE FOR THEMSELVES"—COOLIDGE

The administration passed three revenue acts slashing taxes. The latest one alone saved the people more than \$400,000,000 a year, or almost \$4 for every man, woman and child in America.

The people are being saved \$6,000,000 daily in taxes as compared with 1921. The cost of government has been cut that much. The national debt has been reduced \$2,750,000,000 in three years.

Waste of public money has been stopped and billions saved to the people. There is a treasury surplus that will justify another cut in income taxes.

PROSPERITY IS SWEEPING OVER THE COUNTRY WITH A RISING TIDE

When this administration took office, there were bread lines, unemployment and general distress. All this has been changed. Unemployment has been wiped out and prosperity restored. Liberty bonds, that sold then around \$6, are worth more than par today.

Just as the Dawes budget fixed a policy of domestic economy, the Dawes plan gave the world new hope. German finances and credit are restored. She is again buying American wheat and the price has turned sharply upward.

The Dawes plan is a stroke of genius. It is the greatest peace measure since the armistice. It opens the way to the restoration of Europe and restores great markets for American goods and farm products. It assures the United States of payment of war debts owed by foreign nations.

These Are Honest, Sound, Sensible, Constructive Accomplishments

Don't be misled by wild promises or wilder charges by the outs. Vote November 4 for the constitution and your own best interests. Vote for a government of common sense.
