

Local and Personal

Beginning with next week the public market which has been open three days a week all summer and fall will be open only Wednesday and Saturday. This is because produce and the like is becoming scarce and hence farmers dislike to sell at the market three days a week.

At the trial Saturday, November first, Judge Taylor says we must vacate immediately, but as we have not found a new location to move to, we must make a big sacrifice on all our stock in order to sell out at once. Jap Art Store. 197*

In one of the closest political races ever witnessed in Ashland O. H. Johnson moved out C. H. Pierce for the office of mayor. The final result was in doubt until the completion of the vote count at Precinct 7, where Johnson was given a 41 vote majority over his rival, overcoming a nine vote lead enjoyed by Pierce, and putting him over the top in his race. The final result of the ballot was Johnson, 859; Pierce 841. During the earlier returns which trickled in, Pierce and Johnson ran neck and neck, with neither having a decided advantage. The impression appeared to have gained quite wide circulation that the fishing season for trout under 10 inches is closed. The state laws provide for an open season on trout over six inches between April 15 and November 30. But fishing is now good and local fishermen have been reporting excellent luck. Many have not taken advantage of the good fishing, due to their belief that the trout season had ended.—Grant Pass Courier. 197*

New Nerve Oil Ends Rheumatic Pain

The Actual Pain of Rheumatism, Neuritis, Gout and Lumbago, is due to an Irritation of the Nerves of the Muscle or the Joint. End Muscle or Joint Pain by Treating Inflamed Nerves.

Pain in all forms of rheumatism, neuritis, lumbago or sciatica, is always due to an irritation or inflammation of the nerves of the muscle or joint. When you feel pain in the muscle, it is the nerves of the muscle that hurt. When the pain is in a joint, it is the nerves of the joint that are affected. As everyone knows, in a toothache, the pain is in the nerve of the tooth. Just as a dentist treats the nerve to end toothache, so must a remedy stop the pain in the nerves of the muscle or joint before it can give you relief. German science has now produced a remarkable new nerve oil known as BÜHLER OIL, which when applied to the painful joint or muscle, penetrates right through the skin and reaches the inflamed or irritated nerves—no matter how deep seated—so that relief from pain is quickly obtained from the first application. BÜHLER OIL can be had from any of the druggists named below with a written guarantee of sure relief or money back. Strang's Drug Store, Medford Pharmacy, Heath's Drug Store, West Side Pharmacy. Adv.
