Permanent roads are a good investment—not an expense

### The High Cost of Postponing Permanent Highway Building

Poor motor roads stifle industry and agriculture, waste huge sums annually in high maintenance costs, and greatly increase gasoline, tire and repair bills.

There is not a state, not a county, not a community, that isn't paying a heavy price for having too few permanent roads.

There are still many sections of the country—even whole states—that are trying to operate twentieth century traffic over nineteenth century roads.

This is costing millions of dollars every year, and will keep on costing millions until we have well developed permanent highway systems everywhere.

Even what we often call the more progressive communities are far behind the demands of modern highway traffic with its 16,000,000 motor vehicles.

From the Atlantic to the Pacific, and from Canada to Mexico, we need more concrete roads—the roads for twentieth century traffic.

Your highway officials want to be of the greatest possible service to you. Get behind them with ways and means that will provide more concrete roads and streets. Such an investment will pay you big dividends year after year.

### ASHLAND STARTS LYCEUM COURSE NOVEMBER 21ST

ASHLAND, Nov. 11.—The first number of the series of entertainments included in the Lyceum Course will be the Huddle quartet, or, as it is sometimes known, the Paul Vernon String quartet. Much interest is evinced in this series of entertainments, for the sponsors feel that a high water mark is reached in securing this type of musical entertainment. This first number will come to us the 21st of November. Their program includes ensemble orchestral numbers, solos for the various instrumental duets, trios and quartets as well as vocal numbers by Mr. Vernon, who has an exceptional tenor. Their selections are from the best composers and represent the finest type of music. This quartet was organized in 1921, from members of the Cleveland Symphony orchestra. With the exception of one, all have received their musical education in the United States and all are of American birth. Their record in chamber music concerts leads us to expect a musical treat the 21st of November.

This is Better Book Week and the public library, in its observance, has on display about 50 books, largely juvenile, either new books or old favorites in new editions. These books are not for sale but they may be purchased through the store, since they are cooperating with the library in this work. In the observance, the Civic club presented a program last Tuesday, in which Miss Hicks gave a comprehensive address, which dealt with both the juvenile and adult choice of books. This display presents a wide range from which to choose. All may be suited. Not only that, but the "Boys and Girls Book Shelf" has been received at the library and will be given to any one interested in the purchase of books for children.

A number of social events will take place tomorrow. The Social circle, the social organization of the Christian church will meet at the home of Mrs. Delpha Bryant on Fourth street. The Wednesday club of the Presbyterian church has its meeting in the church parlors. Mrs. W. M. Poley, Mrs. L. S. Brown and Mrs. George E. Andrews are hostesses for the afternoon. A program, which includes Mrs. L. N. Woodside, in song; Mrs. A. J. Stone, a former president and a guest of honor, in reminiscence talk, and reading by Mrs. Wilmer Poley is a feature of the afternoon. Mrs. Otto Winter, president, will have charge of the business meeting.

The social session of the W. C. T. U. was well attended considering the unsettled weather. Mrs. W. C. Leavett was the hostess at this interesting meeting. Pleasant plans had been made for the afternoon and the guests felt that this was one of the happiest of the many happy gatherings of this organization.

Nov. 13 marks the date of the Elk Ladies' Card Club. The club meets fortnightly in their pleasant club room. Usually bridge and five hundred are played as guests determine. The attendance is generally very good and this season is no exception. Quite often there are visitors from Medford. Mrs. W. H. Barges and Mrs. Don Whitney are the hostesses.

Postal authorities everywhere are preparing for the Christmas rush. Ashland is no exception in this preparation, and patrons are asked to observe a number of suggestions made that will insure the prompt delivery of Christmas mail. These suggestions appear in the daily press and a careful reading of these directions will help sender, receiver and postal department.

Ashland certainly is keenly interested in the honors that have come to the two young members of its high school that have won such signal honors at the Pacific International Livestock exposition: Rosina and Frances Gallatin. To be the best bread makers in the state is much indeed of which to be proud, but to win in the national contest would not only bring to the youthful contestants its own reward in praise and the satisfaction of well earned victory, but to Jackson county and to the state would also come a bit of glory.

At a meeting of the stockholders of the Hartman Syndicate \$750,000 worth of stock was voted to carry 8 per cent. This provided the syndicate a dividend account of \$50,000 per month. The stockholders are assured that the work will be rushed through as soon as materials needed can be laid down. The report was made by the committee appointed to investigate conditions of books and plant. This was published in the daily press later. A resolution giving the directors authority to amend the charter was adopted. At this meeting was represented either in person or by proxy \$135,000 worth of stock in the Hartman Syndicate.

Miss Grace H. Chamberlain was hostess at a very attractive luncheon given at the club house today, honoring Mrs. P. S. Provost, chairman of the social committee of the Civic club. Covers were laid for fourteen, at the artistically arranged table with its colorful fruits and richly tinted fall flowers. The place cards with the clever confession involved, in carrying out instructions, the oratorical ability demonstrated by the pseudo-complimented ones—all made for merriment and good cheer. Guests lingered long over the luncheon, loath to end such pleasant hours. Those present were the members of the executive board of the Civic Improvement club and the chairman of standing committees.

### WEYERHAUSER CO. TO REFOREST LANDS

TACOMA, Nov. 12.—The first attempt on a large scale to solve the reforestation problem of the Pacific northwest, perhaps the most vital question with regard to the future prosperity of the state of Washington, is to be made by the Weyerhaeuser interests, according to an announcement made today by George S. Long, general manager of the Weyerhaeuser Timber company. The plan includes the organization of a \$1,000,000 corporation to be known as the Weyerhaeuser Logged Off Land company, which will take over all the cut-over timber lands held by the Weyerhaeuser interests in the state of Washington. A scientific survey of these lands, which include more than 150,000 acres, is to be made. The lands are to be classified according to their value for agricultural or grazing purposes and for the growing of a second crop of timber.

### END OF RUM ROW IS TREASURY PREDICTION

WASHINGTON, Nov. 12.—"The end of rum row," is predicted in a treasury statement published today, embodying a review of coast guard operations in October.

A large increase in the number of seizures, including seven foreign vessels acting as supply ships, is reported.

Progress in combatting liquor smuggling is attributed in part to the increase in the coast guard's facilities provided for by the last congress and the ratification of treaties removing certain restrictions on the seizure of rum runners.
