There was a splendid congregation and the was a spiendid congregation and the address of Dr. Gilbert sounded a major note of encouragement and in-spiration. For some years it has been the cus-tom for local churches to hold this tom for local churches to hold this annual service in the evening. There was some feeling this year that a return to the traditional morning hour should be made, and the large attendance seemed to approve of the time and justify its continuance.

It is remarkable how many cases have been reported similar to this one. Many mothers are left in a weakened and run-down condition afterchild-birth, and for such mothers the care of the baby is well-nigh impossible. Not only is it hard for the mother, but the child itself will indirectly suffer. Lydia E. Pinkham's Vegetable Com-

pound is an excellent tonic for the mother both before and after child-birth. It is prepared from medicinal roots and herbs, and does not contain any harm-ful drugs. It can be taken in safety by
