

### WASTE PAPER CANS URGED FOR MAIN ST. BY COMMITTEE

In their annual report of the street committee of the old city council to the new city council, that committee, which consisted of H. W. Paul, J. W. Jacobs and R. B. Hammond, urged that the present traffic ordinance be continued and reasonably enforced, also reviewed the sidewalk building policy and other improvement matters of the past two years, and made the following improvement recommendations:

#### Want More Cement Walks

In addition to these major projects, many smaller problems have had our attention, such as the opening of certain streets, sewer connections, grading and graveling, etc.

"We recommend that the future street committee be authorized by the council to carry on the present sidewalk policy. Namely, that of requiring cement walks on at least one side of the street used for foot traffic. Also that to require the completion of such sections of walk where a portion is already laid but is not continuous. All with the view of encouraging the use of sidewalks for foot traffic and of discontinuing the use of the pavement for same. Increasing car traffic would seem to warrant some educational work being carried on continually so as to encourage "Safety First" standards.

#### Urge Opening of 6th Street

"We recommend the opening of Sixth street from Fir to Front street. This will provide a loop route for increasing tourist traffic, parades, etc. If desired, as well as convenient lanes for regular traffic. Registration figures for 1924 indicate over 50,000 thousand tourists having passed up Main street. Looking ahead for several years it would appear that the opening of Sixth street from Riverside to West Main street is a desirable thing.

#### Waste Paper Baskets

"Two places on North Central should receive early consideration. One is the open ditch on Maple street north of Central and the other is the open ditch near the Medford Iron Works. Both of these are subject to overflow and in our opinion are hazards that should be remedied as soon as the weather will permit.

#### The Screen

At the Rialto Nothing we know of in Portland will serve to convert the damp spirit of a rainy day or the troubles of a campaign year into blissful joy as rapidly as Reginald Denny's antics in his new play, "The Past Worker."

#### Composer's Widow Ill

BAYREUTH, Bavaria, Jan. 8.—(By the Associated Press.)—The condition of Frau Wagner, widow of Richard Wagner, the great composer, is giving rise to grave apprehensions among relatives and friends of the family.

#### EX-SHERIFF CHARGED WITH FINE LAXITY

PENDLETON, Ore., Jan. 8.—Zoeth Houser, retiring sheriff of Umatilla county, whose office was taken over by Rev. R. T. Cookingham on January 5, is accused of irregularities in regard to prisoners and fine money during the year 1923 in the audit report of the Income Tax and Audit company of Pendleton, available late yesterday. The report indicates that several prisoners were released by Houser before their prescribed terms were up and in all such instances \$2 per day had been charged against the sheriff.

### ITALIAN CHAMBER READY TO MEET AFTER HOT ROW

ROME, Jan. 8.—(By the Associated Press.)—Arrangements are underway for the reopening of the chamber of deputies which adjourned last Saturday until its committees should be ready to report on the electoral bill introduced by Premier Mussolini.

#### Valentino Pleases Craterian Audiences

Valentino, "the sheik," has fairly outdone himself in "A Sainted Devil," his latest production, which opened at the Hunt's Craterian yesterday. It has to do with South American and South Americans—picturesquely beautiful story of old Spanish customs against modern city life. It shows the virility of the Pampas against the sophisticated culture of Buenos Aires, the Paris of the Americas.
