

Local and Personal

This is ground hog day, when, according to ancient and modern folk lore, if the sun shines and the ground hog comes out of his hole and sees his shadow, there will be six weeks more of winter. The sun came out strong for a time along towards noon and therefore, according to the old saying, which many persons profess to believe, winter will last six weeks longer. The majority of people, however, do not take any stock in the old adage, whether winter is over or will continue.

New metal brocade - Overlook, Inc. 272*

Either write or leave word at the office, 294 South First street. Requests made previous to January 15th, 1925, should be made again, now. Rogue River Valley Canal Company.

Three men, evidently wealthy, were arrested here Friday by Sheriff W. M. Hayes and Traffic Officer Charley Talent, following advices that liquor would be found in the big Jordan car the men were driving. The officers stopped them and found two quarts of bonded whiskey which was confiscated. The men, B. C. McLachlan, Robert P. Porter and Robert T. Porter, were sighted at the top of Merlin hill but were traveling at such a high rate of speed that the officers did not overtake them until they reached the city limits. When arrested they were fined \$200 each for the possession of liquor and given a \$15 fine for speeding, before Justice E. W. Smith. They wear on their way from Portland to San Francisco.—Grants Pass Courier.

BEWARE THE COUGH OR COLD THAT HANGS ON

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action: it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga. (Adv.)
