

LOCAL BUSINESS

MEN WILL VISIT COPCO TOMORROW

A large party of Medford business men will be the guests of the California Oregon Power company tomorrow, Sunday, April 5, on a trip to the row on a trip to the new power plant construction activities on the Klamath river.

There are now about 1000 men employed building what is known as Copco No. 2 development. This is about 15 miles east of Thral on the Klamath river and about one mile downstream from the original Copco No. 1 plant.

The party tomorrow will go by automobile to Thral, which is just by automobile to Thral, which is just by the Southern Pacific. It is expected that there will be 10 or 15 cars in the caravan. From Thral the party will be taken over the power company railway to the construction activities—Copco No. 2. Three or four hours will be spent visiting points of interest in connection with the original plant and the new plant, and lunch will be served in one of the modern camp dining rooms, which the company has been maintaining for the men engaged on the work. After lunch the return to Thral will be made on the Copco railway, where the party will again pick up the automobile. The caravan returning to Medford some time in the early evening.

This trip is one of several that have already been conducted over the extensive Klamath river development, and it is quite possible that several more parties will visit the operations throughout the coming summer. The work will be completed in the near future, but on account of its magnitude and importance to the growing territory in northern California and southern Oregon great interest has been manifested by business men throughout the territory.

COUNTY OFFICIALS

INSPECT JOSEPHINE CO. COURT HOUSE

The Jackson county court met Thursday with the Josephine county court for the discussion of matters of interest to both communities. The Jackson officials explained to some extent their plans for the holding of a district fair, composed of Josephine, Jackson and Klamath counties in Oregon and Siskiyou county in California. They did not go into details on the matter at this time but let it be known that such a move is contemplated.

They spent a part of their time going over the Josephine county courthouse and seeking data and plans. The Jackson officials feel the need for increased quarters and are taking steps to get some plan formulated before again putting the matter before the people. The county officials are now cramped for space, the old courthouse in Jacksonville still being used.

RAILROAD BANDIT CONVICTED

"Oh, that's all right." Chapman's frail body was erect, his striking head held high, the eyes looking straight ahead and the lips compressed as his guards marched him. He took a chair in his basement cell, asked a cigarette of one of his guards, lighted it and went into a whispered consultation with Groehl. Chapman was convicted of the murder of Patrolman James Skeey of New Britain on October 12, 1924, in shooting his way to freedom after three policemen had trapped him in the rear of the department store of Davison and Leventhal, where he had just "blown" two safes.

A Man of Mystery.

Gerald Chapman remains a man of mystery, his real name, his antecedents, his birthplace and his family history unknown. He has revealed with frankness some details of his career of crime. But much of his life story remains hidden. He has used many names during his criminal career of 18 years—of which only five have been spent outside prison walls. But Gerald Chapman is not his name nor is his name apparently any of the others he has adopted as aliases.

He is said to have been born in New York, about 37 years ago of a respected family, of which he is said to have been the only member who has swerved from proper paths.

It has been said that he has a brother who is a business man of high position and repute. Chapman has verified none of these things. He has protected his family. Chapman—as it is indicated he will continue to be called—has given evidence of considerable culture although his education is supposed to have been confined to high school. Much of this is attributed to his reading and study while in prison and also to the influence of George Hutch Anderson, college graduate and summer convict, who was his fellow prisoner and pal and later his associate in the great \$2,000,000 mail truck robbery in New York City, one of the biggest "jobs" modern crookdom has known.

S. P. Engineers Get Raise. NEW ORLEANS, April 4.—Engineers of the Southern Pacific lines operating between New Orleans and El Paso have been granted a wage increase of five per cent retroactive to September 21, 1924.

Sports

LOCAL SPORTSMEN FOR REFERENDUM ON HOUSE BILL

The Jackson County Game Protective association met last night at the Hotel Medford and after a very short discussion the sportsmen unanimously endorsed the action of the Portland News in invoking the referendum on H. B. 502 of the 33rd legislature.

H. B. 502 is the bill passed taking 10 per cent of the game fund for state expenditures.

The president was authorized to appoint a committee of three to advise with the state game commission as to where and what kinds of fish to plant in Jackson county.

It was the opinion of all present that Jackson county is about depleted of China pheasants. Concerted action will be taken to stop the illegal killing of birds out of season.

Captain Burdick has advised by letter that at least four members of the state game commission will attend the annual banquet to be held at the Hotel Medford April 16. Otto Jones, educational director of the commission will show his moving pictures of wild life in Oregon.

Tickets for the banquet are now on sale.

DODGERS OUTHIT YANKS, BUT LOSE GAME 5 TO 7

NEW YORK, April 4.—Fourteen hits failed to win the nineteenth game of the series with the Yankees for the Brooklyn Dodgers yesterday at Atlanta, Ga. The Huggins clan collected only seven, but got them within the two closing innings, thus winning 7 to 5.

A welcome rain gave the Giants a rest in the series with the Memphis team of the Southern association.

DELANEY IS GIVEN A DRAW WITH PERKINS

PORTLAND, Ore., April 4.—Jimmy Delaney, light-heavyweight of St. Paul, administered a sound whipping to Harvey Perkins, Omaha in the ten round main event here last night, but the judges declared the match a draw. The decision was very unpopular with the fans, who appeared to figure Delaney had won by a wide margin. Perkins proved that he is an exceedingly tough man to beat.

Senators Beat Pelicans.

WASHINGTON, April 4.—The Senators moved on to Mobile for a game with that club there today after putting the second battle with the Pelicans at New Orleans in their pockets by a score of 6 to 0. Johnson and Gregg, hurling five and four innings, respectively, each held the New Orleans team to two hits.

DEMPSEY TO FIGHT WILLS IN EAST IS 'WORLD'S' REPORT

NEW YORK, April 4.—The Evening World says today that negotiations for a heavyweight title bout between Jack Dempsey and Harry Wills "have been quietly maturing the past two weeks, which virtually insures the staging of this much discussed contest shortly after the middle of September."

The newspaper has learned, it adds, that a site for the bout has "been contracted for very close to New York City that will insure the handling of the biggest crowd that ever assembled at a boxing contest."

"Arrangements are assured," says the writer, "for the handling of 150,000 and Jack Dempsey's end of the purse is to be not less than 750,000."

"Some of the most important figures in the world of sports, in no way connected with boxing and of financial prominence, are behind the project. They will be represented by Jack Curly in the role of match maker for the contest."

"The promotion is not likely to go to Tex Rickard or any of the other promoters who have been mentioned as promoters of the proposed bout."

Dern Defeats Norgaard.

PENDLETON, Ore., April 4.—Ira Dern, Salt Lake City light-heavyweight wrestler, defeated Jim Norgaard, Wallawa grappler last night in one of the most desperately contested and speediest mat events ever staged in this city.

MORE ATHLETICS IN COLLEGES IS COACH YOST'S PLEA

MILWAUKEE, Wis., April 4.—There is need for more games and physical exercise in the universities of America so that students will be products of all around development, instead of a one-sided one. Fielding H. Yost, director of athletics at the University of Michigan, said today in an address before the Milwaukee University club.

"If one is to render useful service, it is necessary that he have a keen intellect, a sound and enduring body, be fundamentally sound in character—dependable, reliable, trustworthy and honest—with the right attitude toward life and place in society," Yost said. "Certainly the development of the intellect alone would not be of much benefit to the individual or society if character, health and endurance were neglected."

"Is it not true that if we are to have the right type of development in our universities a program for the development of all three of these parts of the individual must be provided to develop a man mentally and get look after his physical well being would only make him a charge on society and certainly if a man is developed intellectually and physically and his moral qualities are all wrong, he is only a menace to society. His development would then serve only to fire him to do greater damage."

"We do not need fewer games and less physical exercise in our schools and universities, but for the majority we need more. We need a sense of proportion in the development of boys and girls in our educational institutions so that the individuals that leave our schools and universities will be products of an all around development and not a one-sided one."

Tigers Beat Cincinnati. BETHOIT, April 4.—With a 9 to 1 victory over the Cincinnati Reds, at Augusta, Ga., yesterday, the Detroit Tigers were scheduled to face Jack Hendricks' team there again today.

CINCINNATI, April 4.—Yesterday's victory of the Detroit Tigers over Cincinnati gave the American league teams an edge of one game over the Reds this spring, the count being four games to three. The Reds have beaten Washington, New York and St. Louis and lost to Washington, Cleveland twice, and Detroit.

Red Sox Defeat Nashville. BOSTON, April 4.—Excellent pitching by Ruffing was a feature of the Red Sox, 8 to 3 victory over the Nashville, Tenn., club yesterday. Ruffing pitched the last three innings, striking out five men, four of them in a row.

Robin Reed Beats Marus. ALBANY, Ore., April 4.—Robin Reed, Olympic star, now Oregon Agricultural college wrestling instructor, won two out of three falls from Johnny Marus, of Oakland, Cal., claimant of the Pacific coast lightweight wrestling championship here last night. Reed took the first fall in 34 minutes; Marus the next in the same length of time, and Reed took the final fall in 31 minutes.

Nurmi to Race in S. F. April 30. SEATTLE, April 4.—A race in San Francisco April 30, will be the last in America, a telegram received here today indicated, for Paavo Nurmi, of Finland, world's premier distance runner.
