Spent Fortune in Search

"I spent \$1,800 in 7 years treating with physicians, some specialists costing me \$10 a visit, only to at last say that nothing could be done for me, that I had cancer or ulcers of the stomach. I suffered awful pains in my stomach, but after taking a few doses of May's Wonderful Remedy these all disappeared and for three years am feeling fine." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.

A Firm Belief

in the public whom the funeral director serves is one of the most essential points in the development of a service that will lighten the final responsibility. There must be an inherent sincerity in all of his actions; he must be a real friend in need.

This organization came into being because we believed in the people of this community, and we were correct in our belief.
