

### JACKSONVILLE IS PAID HONOR BY MEDFORD CRATERS

The Crater club last night paid a much appreciated and spontaneous compliment to Jacksonville, when at the conclusion of their regular meeting at the Hotel Medford this body of representative Medford boosters comprising business and professional men eagerly adopted a suggestion that the club go over to the banquet commencing the rehabilitation of the old U. S. hotel into a museum.

The Craters quickly piled into their cars with their orchestra and quartet, and a short time later were congregated outside the old hotel structure at the county seat with its crowded banquet room, waiting for a chance to squeeze its orchestra and quartet into that room, as soon as Irving Vining was then speaking.

When this opportunity arrived the musicians and singers were shoved into the banquet hall entrance, and the remainder of the Craters were crowded into the front hotel lobby adjoining, where they stood patiently waiting while the orchestra rendered a number of selections, as did also the quartet.

Then the uninvited but very welcome Medford booster guests gave three cheers for Jacksonville and came back to this city.

### CRATERS ENDORSE EXPERT'S PROGRAM FOR HIGH SCHOOL

Again the Crater club at their meeting last night in the Dinty Mohr hall in the Hotel Medford basement demonstrated that when they are full of fried chicken and the like there is no limit to their daring and bravery, when thru some of their talented singers and comedians they rendered a so-called light opera in which the Copco in general and some of its officials and employees were burlesqued in dialogue and song, bringing forth hearty bursts of laughter by the wit and satire shown.

While the laughter was unanimous, even by the victims, a number of frightened guests present, who wondered at the audacity and temerity shown, deep down in their hearts deplored the making fun of a well meaning struggling corporation trying to get a pedal-clip not only here but in all southern Oregon. It seemed to the guests that the light hearted Craters were trifling with dynamite, which would explode about the time they received their 'this month's lighting bill.

The Crater actors among other things impersonated a business conference of a number of Copco officials, with candles spread on the tables before them, seeking to convey the impression that the electric lights were too dim.

Along with a lot of fun considerable business was transacted, including the unanimous adoption of a resolution, which was signed personally by all the Craters and their guests, endorsing the program of the school board, as recommended by the U. of O. experts in relation to voting \$185,000 in bonds for the new high school.

The Craters also accepted the invitation to conduct the first big chamber of commerce forum on May 5.

The Crater club accepted two separate invitations to hold club meetings next month at the Prospect hotel resort and at the Rogue Elk resort. The Prospect invitation came from Mr. and Mrs. James E. Grieve for Saturday evening, May 9th.

The other invitation was extended by Will McDonald, who asked the Craters and their wives to spend a

and it was planned to have him review a military parade immediately after the ceremony in the reichstag. When heretofore a president has reviewed the troops he has done so in civilian attire, but Hindenburg besides being a civilian president is a retired field marshal-general and entitled to wear a uniform.

According to the military etiquette under which the president-elect grew up, it is regarded as an insult if a military man visited the troops in civilian dress. On the other hand, if he appears in uniform before the reichstag, it is considered certain he will give offense to that body. The president-elect thus seems to be facing a real dilemma.

**MOSCOW, April 28.**—News of the election of Field Marshal Von Hindenburg as president of Germany was received with astonishment in soviet Russia, where people had been led to believe that the aged military leader had little chance of success. His triumph is especially unwelcome to the Russian communists, who know his avowed hostility to bolshevism.

Some soviet leaders believe that after a few months in office Von Hindenburg may attempt to have the former crown prince appointed regent with the ultimate object of completely restoring the German crown.

**BERLIN, April 28.**—(By the Associated Press.)—The communist organ Rote Fahne (red flag), today publishes an open letter to the trade union and socialist executives, urging a 24 hour strike on the day of Field Marshal Von Hindenburg's entry into office.

**Notice to Master Masons.**  
A memorial service for Brother E. E. Gilbert will be held at the First M. E. church in charge of the Ministerial Association at 2:30 p. m. Wednesday, April 29th. All Master Masons are requested to attend.

### Forest Fire Warning Issued in Portland

A warning to exercise precaution regarding forest fires today and tomorrow was issued this morning by the weather bureau in Portland, according to a telegram received in the local forest service office. Low humidity with easterly winds is the prediction for today.

All burning of brush and trash should be postponed for a few days or, if necessary to make disposal at once, great care should be used to prevent the fire from spreading. Although the ground is still damp, there is danger from any burning from now on whenever the humidity becomes low.
