

ITEMS OF INTEREST FROM THE ROGUE RIVER VALLEY

MAN FALLS DEAD WHILE AT WORK, ANTIOCH DISTRICT

ANTIOCH, April 30.—Mr. A. Cummings while working for Jesse Glass Saturday fell off the wagon dead. Doctors gave the cause of death as heart failure.

Mr. and Mrs. R. E. Moore were out from Klamath Falls to visit home folks at Beagle a few days this week. Mr. and Mrs. George Stacey and son

are up from California and will stay for awhile and help Henry Morgan start his saw mill, till work starts up again where they are working in California.

Mrs. Theo Glass was up from Scotts Valley to visit in Antioch several days this week.

Ed Moore is taking care of Mr. Lewis' sheep on the Table Rock range during lambing.

A truck load of hogs were down from the Drake place in the Meadows Monday.

A surprise party was given Mr. Beck Saturday night, it being his birthday. About thirty of the neighborhood people were there and enjoyed a good time.

A truck load of feed was out from the Vilm mill Monday and delivered at Mr. Lucas' and Mr. Bob Tollard's.

Mr. Nichols and Fred Luy were out around Beagle and Antioch to buy cattle Monday.

COYOTE KILLING & BALL PLAYING ON SAMS V. CALENDAR

SAMS VALLEY, April 30.—The excitement which was present throughout the precinct over the baseball games between our team and Rogue River high school girls seems to have quieted down considerably since our girls' second defeat.

Thursday's game resulted in our girls' defeat by one point and the umpire was declared to have judged

unfairly by many of the onlookers, and especially the patrons of our district. Jacobson, Rogue River teacher, the umpire, was accused openly for his unfairness and finally appeased an angered crowd by allowing another game for Friday. This game, which brought out almost the entire population of Sams Valley, also resulted in our girls' defeat by a score of one.

We dare to say no game for some time has excited the interest that the games of Thursday and Friday did.

Two more coyotes have been added to the list of victims of this year. One was killed in Mr. Dinkens' hog pen where the hounds had him cornered. Mr. Dinkens was ready to kill some dogs, but after rocking them away from what he believed was a pig, discovered a large coyote, which he readily killed and as he says, did some "tail" dog petting to

recompense for the rocking he had given them.

The second coyote was killed by Alie Johnson, who found it treed by the dogs in his west field.

Mr. and Mrs. E. B. Day have as house guests Mr. Day's parents of Salem.

E. M. Plyter of Portland was a pleasant visitor with relatives at the Edington home last week, while on his return from a business trip through California.

Mrs. John Holst, who is in the Granite City hospital, in Ashland, where she is recovering from a major operation, received a visit from her children Sunday for the first time since leaving home.

Friends are glad to know Mrs. Holst will soon be able to return home.

Mrs. Chappell, who has been visiting for some time with her sister, Mrs. Orm Atkinson, left Tuesday

for her home in Nova Scotia. She was joined in California by her friend, who had also visited in the west.

Mrs. Pete Georgeson of Klamath Falls visited one day last week with her sister, Mrs. J. A. Cook.

Mrs. Chas. Hutchison and young son, Roy Chas. Hutchison, arrived last week from Grey Bull, Wyoming, and were met at the train by the young Mr. Hutchison's father, who was happily, though unexpectedly surprised, as he had just received a fake telegram telling of the likely arrival of a brother from Nebraska, instead of his wife and baby.

An honored guest at the Day home the past week was W. W. Hughes, an old university school mate of Mr. Day's from Lincoln, Neb.

This is the first meeting of these friends for over twenty years and they are fully enjoying the occasion. Mr. Hughes is a member of the

Cademan Lyceum bureau and is out in the west in the interest of chautauqua work.

From all reports from the school children who had the pleasure of being entertained one afternoon by Mr. Hughes he must be a comedian of well known ability.

The first meeting of the grange, held April 21, was well attended by a good percentage of its membership and several new members were added to the roll.

After the business of installing the different officers, a delicious lunch was enjoyed by everyone. Mr. Blackwell was with us again and will be present during our next meeting Wednesday, May 6.

Thomas Pankey was elected and installed as chaplain of the grange.

Unity literature teaches people how to be healthy, efficient, prosperous, harmonious and happy. Free distribution, 718 West Main street.
