

MADISON SQUARE GARDEN TO CLOSE FOREVER TOMORROW

NEW YORK, May 5. — Madison square garden, scene of notable sporting events for more than three decades, will house its last throng tonight.

Immediately after a 12-round bout between Johnny Dundee, veteran of more than 3000 rounds of fighting and Sid Terris, youthful lightweight aspirant of New York's east side, the giant claws of a wrecker will begin to rip down the old amphitheatre. Among the relics that will pass with the raising of the garden on Wednesday, will be John Sullivan, a night caretaker, who for 12 years has seen the champions come and go. Sullivan, who said he had not missed a single night's work since he entered upon his long assignment, asserted that of all the thrilling struggles he had ever seen, that between Peter Maher and Gus Ruhlin topped the list.

"It was the bloodiest battle ever staged in New York," declared the ancient caretaker. "The eyes of both men were closed in the middle of the fray and how they ever lasted it out, I could never understand."

The Stage

Frank & King Comedians. "Are Girls Ever Safe?" is the comedy drama at the tent on North Fir street for three days, beginning tonight, by Frank & King comedians. There will be special music all week in honor of "National Music Week," also good specialties. This is also Medford Merchants' Week. Be sure you get tickets when making purchases which admit you to a reserved seat at half price.

The Screen

Albertus at the Ulatto. By special arrangements the engagement of Albertus, at the Ulatto theater, has been extended, to include performances this week, the length of the stay being indefinite. Albertus has by his puzzling answers and demonstrations, entertained the people. In addition to the occult numbers there are vaudeville and psychic demonstrations.

"The Warrens of Virginia," tonight's film offering is a story of the days of erinoline, full of thrilling situations. During the engagement of Albertus, a daily change of pictures will be run. Tomorrow's feature film is Pola Negri in "Montmartre."

"Silent Watchers" at the Craterian. "The Silent Watchers" featuring Glenn Hunter and Bessie Love will be the attraction at the Hunt's Craterian for two days, beginning tomorrow matinee.

Glenn Hunter, famed for his stage creation of Merton in "Merton of the Movies," and picture successes of the past two years, plays the part of Joe Roberts, the secretary. Bessie Love, whose work in "Those Who Dance," and "Sundown," has been carst as Mary Roberts, Joe's sweetheart. Herbert Bosworth plays Senator. John and Alma Bennett portray Lily Elliott, the show girl.

Girls—You can't expect a feller to love a girl with a red nose, colorless lips, dull eyes. Don't wait—your "chance" might come tomorrow. Get take Hollister's Rocky Mountain tea at once and be on the safe side. Health Drug Store and Haskins Drug Store.—Adv.

CHAS. J. DEAN, M.D. INC. PILES

HAVE A CARPENTER DO YOUR PLUMBING
RIDICULOUS! you say. Yet that is what hundreds of people do every day when they engage the services of other than a trained RECTAL SPECIALIST to cure their PILES. No wonder they receive no benefit and continue to suffer, and condemn the doctor for their time and money wasted.

As the camping season is here, our experiences will be more interesting after reading some of how the real pioneers and camera have made their homes in the open and become acquainted with the birds, trees and flowers.

Your public library has a number of very fine books to suggest, that will help to make your outdoor life well worth while, such as: The Book of Camping and Woodcraft, by Horace Kephart; Let's Go Afield, by Emerson Hough; Field and Forest Handy Handy Book, by Beard; Boy Scouts' Hike Book, by Cove; Harper's Camping and Scouting, by Grinnell; American Boy's Handy Book of Campfire and Woodcraft, by Beard.

Some of the interesting life one finds in the big outdoors have been written in: The Handbook of Birds, by Bailey; Western Birds, by Bailey; American Birds, by Myers; Animal Life in Field and Stream, by Fabre; Familiar Trees and Their Leaves, by Matthews; Our Native Trees, by Keller; Trees Every Child Should Know, by Rogers; Wild Flowers, by Blanchard; The Book of the Stars for Young People, by Olcott.

The next regular meeting of the Scout Leaders' association will be on May 14, in the club room of the Presbyterian church. All men interested in Boy Scouts are welcome, a fine program is being arranged.

Troop Good Turns as taken care of by Medford Scouts are becoming very popular, here is another opportunity for every troop to cover the same territory as assigned on the Clean Up campaign. Instructions will be furnished at headquarters Wednesday. We will finish by Saturday. This project is for the benefit of the children's Farm Home at Corvallis, which is caring for orphan children and is sponsored by organizations all over the state. The job is not hard, let's finish it on time.

Scout Executive Cecil Cook is in Klamath Falls this week putting several new scout troops upon an organized basis and the council organization at that part of the working area in good working shape. Each of the

Joe Christy and Ruth McDonald in "Song and Piano Eccentricities" are a sure fire hit. Mr. Christy has remarkable musical ability while Miss McDonald adds a touch seldom found outside of a big musical comedy production.

Cliff Dean, the laughable office grouch who appears in "The Snail," is surrounded by an able supporting cast. The skit derives its name from the fact that the son is as slow and worthless as a mollusk.

Hays & Lillian present a very clever comedy singing and talking skit, "Follygogy." Hays is unusually witty and the girl deserves credit for her ability. Their songs accompanied by Hays'

Klamath Falls churches are to sponsor troops and they will receive detailed attention from Mr. Cook this week.

Scout masters and troop leaders will report to headquarters on Wednesday for their quota of literature relative to the Children's Farm Home which they will distribute. The County Health Unit under the direction of Dr. Garry has made arrangements at scout headquarters for the distribution of some health literature at the same time. The Medford Scout organization is more than popular when there is something to be done in the community. Scouts do things.

Scouts who are eligible to take the special week end outing with Mr. Brown of the forestry service, will report to Scoutmaster Cornwall at once for particulars.

All the troops are very mysteriously engaged in the construction of display knot boards. Some of them are going to be very fine and will make a real display for the public. Which troop will win the high honors no one knows. The competition is sharp.

Splendid Vaudeville Program for Tonight

The Three Weber Girls who top the new vaudeville bill at the Hunt's Craterian theater tonight are as accomplished in the arts of song and dance as they are in their most strenuous stage pastimes of gymnastic and acrobatic feats.

banjo are pleasing.

The Friedlander brothers present a series of musical instruments which are not only ludicrous and novel, that give forth real melody. A variety of instruments are used, including the smallest banjo and a harmonica, only one and one-quarter inches long.

A two reel comedy, "Topics of the Day," and the Hunt's Craterian orchestra are other features on the bill.

Ride on GENUINE Low Air Pressure

If YOU can cut down the air pressure in your balloon tires it will add just that much more to their cushioning effect.

Maybe you can't do this safely with your present make of balloon tires.

But you can with the new U.S. "Royal low-pressure Balloons—

Because—

These tires have the new U.S. "Low-Pressure Tread." This tread gives a much greater area of road contact than a round tread.

It distributes the load evenly over the tread surface and reduces the weight on the individual tread blocks. This does away with early, uneven and disfiguring tread wear.

U.S. Royal Balloon gives long service even at lower air pressures than have been recommended in the past.

For in addition to this new Low-Pressure tread they are built of Latex-Treated Web Cord. The only cord construction in which the cords are webbed together with pure rubber latex. This gives maximum strength and maximum flexibility.

Don't compromise on balloon tire pressures any longer.

Ride on genuine low pressure.

It will surprise you to know what a difference it makes.
