FOOD COUNCIL IS BRITISH CURE FOR PRICE BOOSTING

LONDON, May 8.—(By the Associated Press.)—The food commission which has for many months been hearing evidence regarding food prices today, issues its report—some majority and two minority. The majority report, signed with various reservations by Chairman Auckland Geddes and other members of the commission, recommends the establishment of a food council to maintain supervision over the staple food trades. This principal recommendation dominates most of the suggestions made.

The commissioners recommend that the food council closely watch future developments in connection with the importation of meat from Argentina. They think it may be come necessary for the government to intervene by acquiring a controlling interest in the British companies operating in Argentina or in some other way, if at any time the supply of chilled and frozen meat from this source should be dominated by an adverse trading combination.

In connection with the baking and distribution of bread, the commission recommends that the council investigate the present overlapping supervision; watch the operations of the milling and price fixing associations and intervene if necessary in the interests of the consumers.

HELD FOR FORGERY HIGHWAY CHECK

Bob Harnish of Eagle Point is under arrest on the charge of forging a check on the state highway department, and following his arrest on that charge on an affidavit sworn out by Roy A. Kline, state highway engineer, was being held on \$1000 bond for his preliminary hearing, which was scheduled to be held in Judge Taylor's court here this afternoon.

Few details as yet can be obtained as to the exact status of the case, beyond the fact that the accused man is charged with forging a check of \$19 on the state highway department, of which he is said to be or have been an employe, and that J. M. Devors of Salem, assistant attorney of the state highway department, is here assisting District Attorney Chaney in looking after the prosecution.

COPCO EMPLOYEES TO STAGE FROLIC

A novel dance and entertainment will be given by the Copco forum at the St. Mark's Guild hall on Friday evening, May 15. The entire program will be put on by the personnel of the warehouse, shop and purchasing departments. Dancing will be the chief pastime, but will be interspersed by a number of vaudeville stunts and specialties.

All committees are hard at work perfecting the details of the affair and it is expected that the dramatic efforts of the various performers will startle even the most sophisticated audience. Spectators will be requested to leave all garden products at home, as they will be subject to search before being admitted to the hall.

RECOVER BONDS CHAPMAN STOLE

NEW YORK, May 8.—Bonds that formed part of the loot of Gerald Chapman, convicted murderer and mail bandit, were recovered today with the arrest of John J. Phalan, charged with grand larceny in connection with a loan of \$8500 obtained from the First National bank of Lynbrook, Long Island, on some of the stolen collateral.

Nassau county authorities said the numbers on some of the bonds deposited by Phalan corresponded with those on bonds stolen in the sensational lower Broadway mail truck robbery in which Chapman and two pals were charged with having encased with \$2,400,000 worth of loot. Other bonds were believed to have been taken in a raid on the Wilton Trust company at Wilton, Me., in 1923. This robbery also was laid at the door of Chapman and his associates.

Phalan, who is 37 years old, was arrested in a cafe at Seventieth avenue and One Hundred and Twenty-fifth street, Harlem, today.

URGES AIR PROBE BY SECY. HOOVER

PHILADELPHIA, May 8.—(By Associated Press.) An investigation of the aircraft situation under the direction of Secretary Hoover of the department of commerce is urged by a committee on aeronautics of the American Engineering Council, headed by Professor Roe, of New York university.

PREJUDICE CHARGED IN BRAMWELL SUIT

SALEM, Ore., May 8.—Frank C. Bramwell, state superintendent of banks, has filed an affidavit of prejudice against Judge L. H. McMahan of the circuit court here, in the action brought against Bramwell by George Putnam, publisher of the Capital Journal, to compel Bramwell to return the offices of the banking department from Portland to Salem.

Bramwell claims that McMahan is prejudiced against him. Under the law the affidavit cannot be contested and it will be necessary for Judge Percy R. Kelly, presiding judge of the court here, either to hear the case himself or appoint a judge from another district to hear it.

I. H. Van Winkle, attorney-general, and Sidney J. Graham of Portland, attorneys for Bramwell, today filed a demurrer to the complaint, declaring facts sufficient to constitute action are lacking.

Bramwell was to appear today and show cause why he should not return the office to Salem. The filing of the demurrer will obviate that procedure.

OREGON MUSICIANS RAISE STANDARDS

PORTLAND, Ore., May 8.—The Oregon Music Teacher's association established a new and definite standard of merit for its membership today at the first business session of its tenth annual convention. An amendment to Article III of the association's constitution, which provides that teachers to become members must be accredited by the Oregon State Education department, or must be "graduates of a recognized and reputable school, college or conservatory of music," or must be able to prove to the membership committee their fitness to teach music, was passed unanimously. The remainder of the session was devoted to a discussion on piano teaching. The afternoon was devoted to a discussion of the "master class" followed by an organ concert under the auspices of the Oregon chapter, American Guild of Organists. Tonight a concert will be given by Miss Lusign Barakian, soprano, and Miss Mary Cameron, pianist, of Washington State college.
