

SUPPORT ASKED FOR REFRENDUM ON GAME MONYEYS

To the Editor:

The 1921 legislature passed a measure divorcing the game interests from the commercial fishing interests. Before this time the fish and game matters of the state had been administered by a joint commission which was at all times dominated by the commercial interests. This commission had always appeared at sessions of the legislature asking for the appropriation of money, and for other special privileges. After the separation of the two commissions in 1921, the game commission organized as an independent body, with no interests to serve but the interests of the sportsmen of the state of Oregon. This independent commission when it organized in February, 1921, laid down as a fixed policy the proposition that it would not ask the legislature or the general tax paying public for any funds to carry on its activities; that it would live and operate within the revenues secured by the voluntary license buying by the sportsmen of the state of Oregon. This new game commission composed of I. N. Fleischner, George Kelly, Blaine Hallock, Mike Lynch and Bert Anderson agreed and resolved that this fund should be looked upon as a trust fund, to be administered and expended by the commission for the protection and propagation of the wild life and the game and game fish of this state, and that this money would be expended by the commission for the sole benefit of the sportsmen and the lovers of wild life in the state of Oregon, going on the sound theory that this was a special fund raised by a special class for a specific purpose.

The last session of the legislature saw fit to pass a measure diverting ten per cent of the game revenues for general state purposes. They might just as well and consistently have named a measure diverting ten per cent of the revenues of our Chamber of Commerce, or the revenues of the First Methodist church, or the Masonic lodge, to be extended for general state purposes.

Referendum petitions are being circulated all over the state to prevent the looting of this game fund. If it is not stopped it means that \$70,000 to \$75,000 of the game fund will be taken during the next two years, which will seriously cripple the game organization of the state. If this looting of the game fund is allowed to go uncheckd the next legislature may try to take twenty-five to fifty per cent. Now is the time for the sportsmen of the state to act. These referendum petitions are being circulated in every town and county in the state of Oregon. We call upon the sportsmen in Jackson county and every one who is interested in preserving the wild life of the state, to hunt up one of these referendum petitions and sign it. They will be found at all the hardware and sporting goods houses in town, cigar stores and other places and a couple of these petitions will also be circulated on the streets.

EXECUTIVE COMMITTEE OF THE JACKSON COUNTY GAME PROTECTIVE ASSOCIATION:

BERT ANDERSON,
CHRIS GOTTLIEB,
HARRY HOSLER.

Mt. Pitt Flour
Is made at Central Point, from Haart wheat grown in Jackson County.
Haart is a variety of milling wheat which always brings the highest price on the Portland market.
Most mills blend Haart with a cheaper grade of wheat, but we grind it straight, and Mt. Pitt flour accordingly makes very light and tasty bread, which keeps fresh much longer than ordinary bread.

Schilling is the only coffee roaster who produces only one quality and sells it in vacuum tins only. Anyone can produce cheap coffees, but Schilling produces the best coffee exclusively—because it's best for the home. *Your grocer*

A Vote for the Holly Street Site Will Delay New High School for at Least ONE YEAR
CONDEMNATION PROCEEDINGS NECESSARY!

Better Site Committee:
Gentlemen:
Your inquiry submitted to me in regard to the necessity for condemnation proceedings in order to acquire property on North Holly, for the school site, is received, and allow me to say in answer that there are a number of pieces of property that are privately owned, and that will be essential to the school site, and unless the Board of Directors can purchase the said property from the private individuals, it will be necessary to condemn the property by proceedings through the court.
Our next jury term of court begins on the 4th Monday of this month and will probably last for a week or two, and we shall then have no further jury term of court until in October, beginning on the 4th Monday, and if it should be necessary to institute condemnation proceedings, I am quite of the opinion that these cases could not come on for trial before that time, and that might delay the construction of a high school for a year, as the parties who privately own the lands might appeal to the Supreme Court and delay matters to a considerable degree.
Very truly yours,
NEWBURY & NEWBURY.
By GUS NEWBURY.

Let's vote for the P. and E. Site and build the High School ... NOW
