BIG LEAGUES IN SUNDAY HIT-FEST

NEW YORK, May 11.—Twenty-eight pitchers started today under the burning base hit fire which was spread over five major league parks in the opening games of the fifth week of the 1925 season. The New York Yankees, rolled up the maximum of 19 in the hit column, collected off five St. Louis pitchers in a one-sided victory over the Browns, 12 to 1.

Herb Pennock, Yankee southpaw, one of the few moundmen to start and finish a game, allowed seven scattered hits.

No Delay if Holly Street Site Is Selected

The "Better Site Committee" in the Medford Mail Tribune Saturday, May 8, made the positive statement:

"A vote for the Holly street site will delay new high school at least one year—condemnation proceedings necessary!"

They tried to substantiate this statement with a letter of insinuation from Gus Newbury, who is the paid attorney of the school board.

CITIZENS OF MEDFORD

This statement was made with the deliberate purpose and intent of deceiving you.

The land whereon the new high school would be built on the Holly street site is now owned by the Medford school district. Options are also held on all necessary adjoining property. Mr. Newbury undoubtedly knows this.

The "Better Site Committee," who have not yet revealed their identity to the public, also know, or could have obtained this knowledge if they so desired.

This item occurs in Medford School District Disbursement Record, Page 7, as of June 24, 1924:

Gus Newbury (attorney for Jackson school), injunction case, ex. No. M-3484, \$200.

Mr. Newbury, how much is our neutral school board going to pay you for your assistance in getting up the booklet they have ready for distribution (probably tomorrow) boosting the P. & E. school site? How much for school bonds?

How much for newspaper publicity?

Facts About Taxes on Cigarettes

TO the general public, we believe it will be surprising to learn that nearly half of what they pay for cigarettes goes to the government for taxes.

The internal revenue stamp on a package of twenty Lucky Strike cigarettes costs you six cents. On a 75c tin of one hundred the revenue stamp costs you thirty cents.

So nearly one-half of what you pay for cigarettes is spent by you for taxes.

This is certainly the heaviest tax on an article of daily and universal consumption.

The Tobacco Industry and Taxes

The aggregate tax paid by the tobacco business is with one exception, income taxes, the largest item of internal revenue the federal government receives. Last (fiscal) year it amounted to \$309,014,050.84.

Of this enormous amount of money the cigarette industry paid \$182,715,735.93, or nearly two-thirds of the total tax paid by the entire tobacco business.

We believe you will appreciate that when nearly fifty cents of every dollar paid by you for cigarettes goes to the government, you must receive in cigarettes a value in return for your money that is rarely given in any commodity.

That the public appreciates this great value is shown by the enormous increase in the consumption of cigarettes.

Our reasons for this tax free offer

We know this offer induces men to try Lucky Strikes—it "Wins More Friends."

We know that a large percentage of those who get acquainted with Lucky Strikes adopt them.

This isn't philanthropy nor propaganda—just good business, as you'll agree.

The offer is limited. We cannot afford to keep it up.

We make it generous, to attract attention.

Super-quality

Only by immense volume can we produce such an aristocratic cigarette as Lucky Strike at such a democratic price.

Its quality is supreme because it has that costly extra process, *toasting*, which improves the flavor and adds to the taste of even the finest tobaccos that are used in Lucky Strikes.

Cleanliness and Care in Manufacture

Every Lucky Strike factory is a model of sanitation. Read how Alfred W. McCann, the noted food expert, describes one of our factories: "White walls and ceilings, floors as clean as freshly chiseled marble, cutting machines and wrapping machines that take away from the human hand all detail and leave nothing to the human supervision but the watchfulness of trained eyes."

We know a trial will make you a permanent customer of ours.
