COPCO LEADING IN GAME WHEN RAIN INTERVENED

At the Holly street diamond last Sunday morning, the Copco team defeated the Mail Tribune team in baseball, 12 to 6, in a six-inning game, which was called in the first half of the seventh on account of rain. It was a loosely played game with numerous errors chalked up to both sides. Oliver pitched a stellar game for Copco, having the Tribune boys under control at all times. The runs by Hal Miller and Oliver, as well as a long two-base drive over the left field fence by King, which would have been a home run, except for ground rules, featured the game. Murray, for the Tribune did good work behind the bat, nailing several of their efforts to steal.

Next Sunday the Copco team journeys to Prospect to play a return game with Jim Grier's vets and a stiff game is expected. Copco won the first game a few weeks ago on the Holly street grounds. A large number of members of the Copco organization are planning on accompanying the team, which will leave here at 8:00 Sunday, and so up to the snow line, returning to Prospect in time for dinner at the Prospect hotel. The game is scheduled to start at 2:30 p. m.

JOHNSON PITCHES SHUTOUT NO. 108

NEW YORK, May 12.—(A. P.)—Walter Johnson, 23 year old hero in the line of the Washington Americans to the world's championship, shows no signs of slipping in the 19th year as a major league pitcher. Johnson yesterday pitched his 108th shutout, the White Sox falling victims to pitching skill which limited them to five scattered hits. Only two Chicago players were able to reach second base as the club went down to a 3 to 0 defeat.

AUTO CAMP TOPIC AT LUNCHEON OF LOCAL KIWANIS

At the Kiwanis club Monday, Mr. Foster of the land department of the Portland chamber of commerce, made a talk on auto camps and said the camps are either one of the largest assets or one of the greatest liabilities of communities, depending on the conditions around the camp and the attention given the tourists by the people of the communities.

"Three of the best camps in Oregon are at Medford, Ashland, and Grants Pass and they are all big assets," said Mr. Foster. "Every day now there are from 100 to 150 visitors in the Medford camp. This will increase daily and last year the attendance reached more than 50,000. Everyone should make it their business to extend a welcome to all tourists and offer any information they can, he said.

Paul McDonald told of the notable success of the annual Kiwanis party at Jackson Hot Springs, Col. C. G. Thomson told of his trip to California and the Craters quartette rendered several numbers.

C. C. Cate received the attendance prize, "a greenback," given by G. W. Conner.

Emil Mohr, asked to make a talk in "the flood," responded in his usual witty way, and incidentally got in a few licks for the Holly street site.

Raymond Reter of California was a guest of the club.

At the invitation of Harry Tomlinson, manager of the Medford Ice & Storage company, the Kiwanians drove to the plant, were shown thru and many expressed surprise at the magnitude of the same.

The company has recently completed its new storage house.

Hotel Medford Monday evening, and the principal talk was made by Walter Merrick of Merrick's Motor Inn, on what the tourist traffic has been to Medford and what the prospects are this year. He told of the printing of 40,000 eight-page papers issued by their company, assisted by the Chamber of Commerce and some business men, and of the thorough way those papers will be distributed to practically every tourist entering Medford from north and south.

He said most of the tourists traveling now are from long distances and they have already had as high as 80 cars in one night, a big increase over the time last year. The tourists visit-

in Medford last year numbered about 25 to 40 per cent, Mr. Merrick said.

The merchants decided to close all day Saturday, May 30, Decoration day, and all day Saturday, July 4th. Although it seems a disappointment to some to close stores on Saturday, the merchants looked at it from a patriotic standpoint.

The Old High School Building
CANNOT BE USED
As a
JUNIOR HIGH
BECAUSE

1. There would be more pupils in it than there are in it now.
2. Younger children would have to pass through the business section.
3. It would require an additional teaching staff.
4. Additional laboratories and equipment would be necessary.
5. It is not fair to the boys and girls now in the eighth grade to hold them out of high school activities next year.
6. The wonderful "Medford High School Spirit" would be crushed.
7. The Junior High school should be adjacent to the senior high to operate properly.
