

BOARD GIVES OUT LIST OF SCHOOL TEACHERS RETAINED

The list of public school teachers for next year, who have sent in their signed contracts to the school board, was reviewed by the board at its meeting last night, and released for publication, all except the new teachers hired, because the signed contracts of a number of them have not yet been received. The list of new teachers will be given out later; also the list of special instructors.

The high school will see only two changes, caused by the fact that Miss Sue Stewart has procured a position elsewhere, and Miss Thora Smith will become principal of Jackson school. It will be a cause for satisfaction generally among the public school patrons that Principal O. R. Campbell, who had been on the fence for some time as to whether he wanted to remain in his present position, has returned his signed contract.

Washington school loses only one of its present teachers, Miss Mildred Bales. Lincoln school also loses only one teacher, Miss Cecil Crede. Roosevelt school loses three teachers, Miss Bernice Pickett, Miss Marie Andrews and Miss Hope Fraser, and four of the old teachers of Jackson school will not be back next year, Misses Ora Collins, Lina Landsborough, Blanche Franklin and Norma Moodie.

The various principalships will remain the same, except that Miss Elizabeth Ferguson will not be back at Jackson school in that capacity, and will be succeeded by Miss Thora Smith, who has been a member of the high school teaching faculty for years. A. H. Hanby remains as principal of Washington school, Miss Ora Cox as principal of Lincoln school, Miss Sara Van Meter as principal of Roosevelt school.

As has long been known E. H. Hedrick of the Heppner schools will succeed Aubrey G. Smith as superintendent. The list of teachers follows:

O. R. Campbell, principal; C. T. Stewart, Alice Chubbuck, E. Ella Dickerson, Ruth Sether, Beatrice Merrick, Beatrice Dunnette, H. F. Cope, E. M. Hunsong, Victor Seither, Leland J. Knox, Elizabeth Jerome, Mr. Burton Strook, Gladys Peterson, Maurine Carroll, Virginia Smith, Leland Metzger, C. D. Thompson, Mary E. Moore, Prince Callison, Elizabeth Fore.

Washington
A. J. Hanby, principal; Mrs. Blanche Canode, Miss Katherine Nealon, Miss Marguerita Andrews, Miss Kathryn Dunham, Miss Della Whisenant, Miss Precia Olson, Miss Alice Cromar, Miss Dora Gebers, Miss Theone Carlin, Mrs. Alice Willis, Miss Amy Harding.

Lincoln
Miss Ora Cox, principal; Miss Hazel Phillips, Miss Avis Anschultz, Miss Unetta Morgan, Mrs. Marie Newbury, Mrs. Pearl Turner, Mrs. Laura M. West, Miss Edith Eggan, Miss Annette Gray.

Roosevelt
Miss Sara Van Meter, principal; Miss Gertrude Parker, Miss Eunice Davis, Miss Merle Clasey, Mr. Ray Henderson, Miss Blanche Herman.

Jackson
Mrs. Mildred Henderson, Miss Margaret Hammond, Miss Esther Van Camp, Miss Carol Ramsey.

Defies Age by Using Ordinary Buttermilk to Beautify Complexion

Miss Pretty Girl Tells Druggists Not to Take Anyone's Money Unless This Delightful New Vanishing Cream Shows a Decided Improvement.

Buttermilk Cream creates beauty almost like magic. The most wonderful thing about it is the fact that whilst it turns the dull, most lifeless complexion to radiant beauty and makes red or rough hands or arms snowy white, yet there is not the slightest sign of its use after application. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or coarseness of the skin. No matter whether you are troubled with a poor complexion, wrinkles, puffiness around the eyes, freckles, crows feet or lines around the mouth, gray finger nails, or just a simple roughness of the face, hands or arms caused by wind or sun, you will find that any of all of these troubles will quickly disappear with the use of Howard's Buttermilk Cream. At all druggists.

A Cozy, Simple and Attractive Home

House No. 610

Designed for American Face Brick Association

THE popularity of the one-story house continues unabated in all parts of the country. The artistic possibilities in houses of this character have not always been realized, but in the last few years more and more charming bungalows are being built.

Take the house illustrated. The architect has produced a beautiful and interesting exterior without piling on a lot of meaningless ornament. Its architectural merit lies in its mass and proportion, the pleasing lines and surfaces of the hipped and tiled roof, and the attention that has been given to the details. Note especially the beautiful entrance shown in the detail drawing.

The scheme of brick work could best be carried out with a rough-textured face brick, laid in a wide mortar joint. This would bring out the artistic pattern work in the walls, steps and piers.

While this house would suit almost any lot, the builder should well consider its immediate surroundings. Its neighboring houses should be built along low lines and not too close. Shrubs and flowers and vines

around its base would set it off to best advantage. A single tree at the front of the lawn to cast its shadows across the red-tiled roof would add a touch of protecting camaraderie, quite indefinable.

The interior of the house is much more spacious than one would think possible. The six rooms are all adequate in size and their arrangement is exceptionally convenient and economical. There is not an inch of waste space.

The three bedrooms at the back of the house, each with a large closet, communicate with the bath by a common hall in which are found convenient closets for linen and wraps.

The kitchen, just back of the dining room and convenient to the front door, is compact and well appointed. It has an enclosed porch from which the stairs to the basement descend. A fine sleeping porch could easily be added at the side of one of the corner bedrooms.

The basement has a laundry, heater, coal bins and a vegetable cellar, besides general storage spaces.

crayon pictures, and their program consists of native Hawaiian and sacred melodies of many types. Until recently these entertainers were members of one of the large chautauqua circuits, but diverting their talents to sacred purposes they have become very popular among churches and other organizations. Not only do they entertain, but they weave a real message into their programs.

"Why! He's Nothing But Skin and Bones"

"Marry Him? Never"

"Quit kidding me, Agnes; when I get ready to land a man he's got to be a real man with plenty of good healthy flesh on his bones."

"Of course, I dance with Ed. He's a good enough fellow and I just feel sorry for him, but no skinny, hollow cheeked spindle shanked lath is going to sail the voyage of life with me."

Cheer up, Ed—things aren't as bad as they look to you right now. Many hundreds of skinny, gaunt, emaciated men looked even worse than you do till someone told them about McCoy's Cod Liver Oil Compound Tablets (the new way to take Cod Liver Oil) and how it would put pounds of good firm, healthy flesh on their bones in just a few weeks.

Nothing like these health creating, weight producing tablets for skinny, overweight men, as thousands can testify. Start to take them today—60 tablets—60 cents at Heath's Drug Store, West Side Pharmacy, Medford Pharmacy or any real druggist anywhere in North or South America. And listen: if you don't put 5 pounds of good flesh on you in 30 days, get your money back—that's fair enough, but be sure—very sure that you get McCoy's Cod Liver Oil Compound Tablets—the original and genuine. TAXPAYERS!

One of the strongest arguments for the P. & E. site is that it is near enough to the old high school to allow the use of both the old and the new buildings, there being but ten rooms planned in new, and that to cost \$185,000. Later we should have the privilege of completing the new school at an added cost of probably a hundred thousand dollars.

But why spend \$185,000 for a ten-room unit when men, expert in the solution of school problems, maintain that an entire high school can be built and equipped for that sum? With a complete high school, the present high school building could be released to relieve the over-crowded grade conditions.

Granting that the members of the honorable school board are giants in their own lines of endeavor, would it not be better business on our part and theirs to recognize the superior ability of a board of experts who have for years specialized in school administration and its attendant problems?

Let the shoemaker have his awl, the dentist his drill, the carpenter his saw. This is an age of specialism. Why not entrust our school problems to those trained for that work?

REMEMBER, TAXPAYERS, a vote for P. & E. site means \$185,000 for a half-portion high school, not a complete building, properly equipped, which is what we need and which it is possible to build for that sum.

Paid Adv. BUSINESS SENSE

On a salad of lettuce, fruit or cold vegetables—FRENCH DRESSING is the simplest—and at the same time the most sophisticated.

One spoonful of Vinegar or Lemon Juice

a pinch of Salt and Pepper

three spoonfuls of WESSON OIL

Mix Well!

Add a little chopped onion or crumbled cheese or the yolk of a hard boiled egg, or chives, or mustard, or Worcestershire Sauce, or any seasoning that you like, to give this dressing a new relish whenever you want a change.

Wesson Oil makes such good French Dressing because it is so good a salad oil. And that is exactly why we recommend it to you as a shortening and a frying fat. Surely the shortening that goes into biscuits, cakes and pies, and the fat in which doughnuts, young chicken and croquettes are fried, should be just as delicate in taste and choice in quality as that which you use to make a salad dressing.
