

# Comparative Cost of School Sites

HOLLY STREET SITE  
COST AS SHOWN BY CITY PLANNING COMMISSION

|                                                                         |             |
|-------------------------------------------------------------------------|-------------|
| 8.95 acres land (all that was advised by school experts).....           | \$10,600.00 |
| Other land and houses, including 10.50 acres (that are not needed)..... | 17,650.00   |
| Total.....                                                              | \$28,250.00 |

NOTE: The houses on the property are the largest item of cost, and would show an asset of several thousand dollars, as these houses can easily be moved to nearby vacant lots.

There is also more land available at a reasonable price if it is really needed.

Ten-inch sewer, six-inch water main on property line.  
Leveling would cost less than \$500.00.  
No waste land.

## P. & E. SITE COSTS

|                                                              |             |
|--------------------------------------------------------------|-------------|
| 16 acres land.....                                           | \$26,500.00 |
| Leveling land (no contractor would do it for \$4000.00)..... | 2,000.00    |
| Grading and paving street from Jackson to Main street.....   | 5,000.00    |
| Sidewalk from Jackson to Main street.....                    | 1,000.00    |
| Clearing and cleaning along Bear creek.....                  | 500.00      |
| 1000-foot sewer from buildings to main sewer at Jackson st.  | 500.00      |
| Total.....                                                   | \$35,500.00 |

We have made these figures very conservative.  
In addition to this there should be added an annual interest charge of 5 per cent on at least \$50,000.00 invested in unfinished part of building, \$3000.00. Annual cost of keeping willows cut and cleared along creek, \$200.00.

Should it be found necessary to construct septic sewer tanks, as was done at the old Page theater, that would be another big expense.

And last, but not least, a foundation for all contemplated buildings to bedrock or solid formation (nothing else should be countenanced) might easily cost much more than all the land.

Why does our school board and their discredited ally, Mr. Steward, insist that we must pay enormous prices for our school buildings? He that is unfaithful in that which is least is also unfaithful in much.

## "Just As Good as 'CARO' Fibre Wrappers"

Says the PAPER Salesman  
BUT do you pay him the same PRICE as you would for the known BEST?

## "Just As Good"

Says the FRUIT Salesman  
BUT does the Fruit Buyer pay him the PRICE unless he SEES the Violet Lines? WOULD YOU (knowing that some oiled papers are NOT effective)?

Violet Lines are his VISIBLE and only assurance that the fruit is protected from SCALD, by the RIGHT kind and RIGHT amount of oil as specified by U. S. Government and also chemically treated for Rot and Decay.

IF IT'S THE PRICE PER BOX READ

SEASON 1924  
Throughout the season, on the New York auction, "CARO" wrapped pears averaged 27 1/2 cents more per box than paper wrapped fruit.  
The spread in price for "CARO" wrapped apples is being widened fast.

## HE'S HAPPY NOW! SHAKES HAND OF KING, ALSO JACK

LONDON, May 14.—At least one American of this year's vintage of tourists got a personal audience with King George today and he didn't have to go to the king's levee or be presented at court to do it, the Evening News related.

The king, the newspaper says, was making the round of exhibits at the Wembley exposition when a sturdy American, holding a boy by the hand pushed his way through the crowd, and without any preliminaries said: "Shake hands with America king!" King George, with a smile, shook hands cordially and smiled again when the American in a jovial manner, introduced "the boy."

Then the latest self-presenter lifted his hat and walked away. A moment later he stopped and with meditative complacency observed: "Now I'm happy. I have shaken hands with the King of England and Jack Dempsey."

## FORD OFFERS TO BUY 400 GOVERNMENT SHIPS AND THEN SCRAP THEM

CHICAGO, May 14.—The announced offer of Henry Ford to buy 400 ships from the shipping board, put forth after a conference with T. V. O'Connor, its chairman, is welcome news to members of the board here, although they declare they are not fully informed as to details and that a question of policy involved must first be decided.

While Mr. Ford said he intends to scrap the ships, if a fair price is agreed upon, dispatches from Buffalo credited Mr. O'Connor with the impression that most of them would be used in commerce. However, he did not deny that retention only of from ten to thirty boats for shipping purposes was discussed with Mr. Ford.

## POLICE CALLED TO PROTECT PRINCE OF WALES FROM CROWDS

PORT ELIZABETH, Union of South Africa, May 14.—The prince of Wales today visited the sports ground here and spent an hour inspecting volunteers from the various services while 3000 children, many of them descended from the first British settlers who landed in 1820, cheered incessantly.

Airplanes circled less than 100 feet overhead as the prince, in the uniform of a colonel of the Welch volunteers, moved slowly from group to group, shaking hands and chatting. So eager were the hordes of native spectators to get a view of the prince that they closed in around him, fighting, struggling and attempting to crowd nearer. Two policemen instantly leaped to the side of the prince and saved him from annoyance.

Newspaper correspondents were less fortunate and were wedged in the jam for several minutes before they could force their way out.

## SLAYER OF FATHER ADJUDGED INSANE

CHICAGO, May 14.—(By the Associated Press.)—George D. Shaw, who stabbed his father, Elmer Shaw, inventor, with a German sabre, was found to have been insane at the time of the only briefly today.

Sentence was postponed until tomorrow but the shell shocked young World war veteran will be sent to an asylum for the insane, Judge Wells indicated.

## PHYSICIAN'S DISCOVERY SOOTHES AND RELIEVES "NERVES"—NEURITIS

For years vast research and experimenting has been endlessly conducted to find a sure, safe relief from neuritis, neuralgia, "nerves" and other nervous disorders.

The end of this search has been reached by an eminent San Francisco physician by his discovery of a remarkable new form of treatment which has been proved and tested in thousands of cases and in clinical practice.

This new discovery is now available to those who suffer with nerve pains, neuritis, neuralgia and other nervous conditions. It has been compounded into a prescription which is now put up in handy, convenient tablets called Eopa Neuritis Tablets.

These tablets are guaranteed harmless and free from narcotics, bromides and coal tar products. They act to relieve nerve pains and nervous disorders and to give tone to the exhausted nerve cells, thus revitalizing the entire nervous system. Your druggist will recommend them.

Health's Drug Store and Haskin's Drug Store will supply you. Mail orders filled.

## "Charley's Aunt," Big Success

"CHARLEY'S AUNT" with SYD CHAPLIN  
Released by PRODUCERS DISTRIBUTING CORP.

"Charley's Aunt at Hunt's Craterian will make you forget.  
"Charley's Aunt" is an old favorite and has made laughs echo around the world. The screen version may put some funnybones temporarily out of commission. But it will make you forget everything in the world but the picture while you are seeing it, and while you are seeing it you will laugh until you hurt. The support is in keeping with the work of Syd Chaplin.

Betty Brown contributes much to the program, with a theme for each of the principals in "Charley's Aunt." A number of short films give additional interest to the program.

## RECORDS PROVE 44 BABIES DIED AT NURSE'S HOME

NEW YORK, May 13.—(By Associated Press.) Records of the bureau of vital statistics were made public today showing that 44 babies died in two "baby farms" conducted by Mrs. Helene Auguste Geisen-Volk in this city since 1918. Mrs. Geisen-Volk is being held in \$36,000 bail on charges resulting from investigation of the institutions.

The records of the deaths were turned over to Assistant District Attorney Ryan who is in charge of the investigation of charges against Mrs. Geisen-Volk. These charges are that she substituted babies placed in her care and that she exceeded the limit of her health department license in the number of infants accepted for her institutions.

The bodies of two babies are being exhumed today to determine the causes of their death after they had been in the woman's "baby farm" in East 86th street.

The bureau of vital statistics figures show that one baby died each year from 1918 to 1920 in a so-called infanticide which she conducted in upper Park avenue. Six babies died in this institution in 1921 and five in 1922. The records for the east 86th street institution show that nine infants died there in 1923 and seventeen died in 1924, while four have died since last January 1.

## ENGLAND PLEASED BY HINDENBURG'S START

LONDON, May 14.—(By Associated Press.) The statements made by President Von Hindenburg of Germany upon assuming office created a good impression in official circles here where his utterances are regarded as indications that he is unlikely to serve any party ends.

A diplomatic writer of the Daily Telegraph understands the British government will send a courteous acknowledgment of the notification of the installation, accompanied by the formal felicitations customary on such occasions.

## The Screen

"The Arab" at Rialto.

"The Arab," closing at the Rialto theater, is one of the most entertaining pictures of the year.

Ramon Novarro has the greatest opportunity of his career and he seizes it with a zest that sweeps all before him.

Alice Terry looks better than ever as the heroine. The blond wig that she wore in all of her previous pictures has been discarded and she appears for the first time on the screen in her natural dark tinted bobbed hair. She rises to moments of enormous emotional appeal in the scene of the massacre, and she was never more alluring than in her love scenes with Mr. Novarro.

Rex Beach's "The Iron Trail," is booked for tomorrow and Saturday.

Notice to Advertisers.

Advertisers still continue to bring in display advertising copy as late as 10 a. m. the day they want their ad to run, and of course we cannot accept the same because it is impossible to get the copy set.

All advertising copy should be in this office on the afternoon of the day before the ad is to run.

## MA FERGUSON AND W. G. M'ADOO WILL SEE KENTUCKY RACE

LOUISVILLE, Ky., May 14.—(By Associated Press.) King horses herding the Kentucky derby, already has advanced upon Louisville with its forefoot stamping the city as the temporary playgrounds of the nation.

Although forty-eight hours before the running of the famous old classic, rail terminals today are more than usually crowded, hotels practically filled to capacity, automobile after automobile is entering the city gate and the streets are filled with jostling throngs of pleasure seekers.

The accepted and approved greeting of friend to friend, and there will be 100,000 demanding admission for the event, is "who will win?" Churchill Downs resplendent in new paint, spring flowers, many additions to the seating boxes and local color is ready to absorb the largest crowd it ever has been called upon to house in its existence.

Governor "Ma" Ferguson and Mr. Ferguson, former governor of Texas, are expected to arrive today.

William G. McAdoo and Mrs. McAdoo already are here.

MRS. CELLA CHEESEMAN

"In my personal experience of thirty-two years with Dr. Pierce's Favorite Prescription," said Mrs. Cella Cheeseman, Box 160, Route 2, San Leandro, Calif., "I must say it is the finest tonic and nerve line for women that I have ever known. It relieved me of pain from which I had suffered at times since my development into womanhood. I think I owe my present good health to Dr. Pierce's Favorite Prescription, and it has my highest endorsement as a woman's special tonic and nerve line."

# Oregon's Splendid Highway System Must Be Preserved

In their desperate appeal to get the people to sign the referendum petitions on the Truck and Bus Bill some of the circulators in the City of Portland and throughout the state are telling the public that the bill increasing license fees charged For-Hire Trucks and Busses is intended to drive trucks and busses off the paved highways. Other petition circulators are telling the people that the bill is only aimed at busses and not at trucks. Neither of these statements is true. There was no intention on the part of the legislature to drive trucks and busses off the roads, but the legislature did intend in passing the law to require these enormously heavy For-Hire Trucks and Busses to contribute more money in license fees to be used in repairing the terrible damage that they are doing to our fine roads all over the state every day.

Don't be misled into signing these petitions by fairy stories told you by circulators of these petitions. There is no desire on the part of anybody to drive trucks and busses off the roads, but everybody feels that these ten-ton to twenty-ton trucks and busses that are running on the roads for hire ought to contribute in license taxes more than they do toward repairing the damage they are doing to our paved roads. The total amount of license paid per year by all the trucks and busses operating in Oregon will not repair ten per cent of the damage they are doing to the roads.

Don't sign these referendum petitions and tell your neighbors not to do so.
